Col. J. Desaraj Urs, M.V.O., C.I.E.

No. 7-8—C. B. 87-18-9, DATED 1ST JULY 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Order No. 7-8—C. B. 87-18-9, dated 1st July 1919.

In permitting Col. J. Desaraj Urs to retire from the service from the 1st July 1919, His Highness the Maharaja is pleased to place on record his appreciation of the valuable services rendered by him in the Military Department during a long period of over 34 years.

Col. Desaraj Urs joined the service as an attaché in the Military Department on the 20th August 1884.

After a short period he resigned the State Service in June 1885 and joined the Madras Military Department. On 14th December 1887 his services were lent to the State by the Madras Government, when he was appointed Assistant to the Military Secretary and Aid-de-Camp to His Highness the Maharaja. In December 1890 he resigned the Madras Service. He was appointed Commandant, Imperial Service Regiment, on the 1st March 1894, and in October of that year was given the rank of Lt.-Colonel in the Mysore Army. He rose to the responsible position of Chief Commandant, Mysore State Troops, on 26th August 1897, which he has held continuously for a period of slightly under 22 years.

On two occasions he was on active Military Service in the field, *viz.*, from September 1886 to October 1887 in Burma during the Burmese War and from October 1914 to January 1916 in Egypt during the Great European War. His name has been mentioned in the despatches of General J. G. Maxwell, Commander-in-Chief of the forces in Egypt.

In 1906, His Majesty the King-Emperor appointed him as a Member of the Royal Victorian Order. He was made a C. I. E. in 1911 and in the same year, His Highness the Maharaja bestowed on him the title of Colonel on the Staff with suitable Khillats. In August 1917, in appreciation of services rendered by him during the War, His Majesty the King-Emperor was graciously pleased to grant him the honorary rank of Lt.-Colonel in the British Army, and in June 1918, His Highness the Maharaja was pleased to decorate him with a first class medal of the Gandabherunda Order.

In permitting Col. Desaraj Urs to retire, His Highness is conscious that he is losing the services of a Soldier who is held in high esteem both in and outside Mysore.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. G. 419-69—P. P. 11-19-1, dated 7th July 1919.

With a view to make satisfactory arrangements for the purchase of machinery, stores and other articles manufactured in Europe and America which are required for the use of the several departments of the State, Government have appointed Messrs. Jeremiah Lyon & Co., as their Agents in London. Government desire that all purchases in England and America should in future be made through these Agents unless where otherwise specifically permitted. Arrangements will eventually be made by which Heads of Departments making large purchases can place their orders direct with the Agents on receipt of the usual Government sanction. Pending such arrangements, however, Government direct that all orders for articles to be purchased abroad (except in Japan) should be sent to the Chief Secretary to Government on receipt of the usual departmental sanction. It is intended that the Agents will call for tenders and get the best possible value for the money spent.

2. To facilitate the furnishing of complete information in this respect, all orders should be sent in the accompanying forms.

GENERAL AND REVENUE DEPARTMENTS

Order No. G. 809-59—P. P. 13-19-2, dated 12th July 1919.

The Government of His Highness the Maharaja having received with great satisfaction, the intimation of the signing of the Peace Treaty in connection with the recent European War, desire that the actual signing of the Treaty should be suitably celebrated in the first instance throughout the State.

2. They are accordingly pleased to direct that the 19th day of July 1919, the date fixed for the celebration of Peace in England be observed as a Public Holiday throughout the State. On that date flags should be flown and special thanks-giving services and poojas should be arranged to be held in all temples and mosques. For this purpose a sum of Rs. 100 each for the districts of Bangalore and Mysore, (including the two Cities) and Rs. 50 each for the other districts will be placed at the disposal of the Deputy Commissioners through the Muzrai Superintendent.

3. The following methods of public rejoicing are also suggested for adoption:—

Decorations of dwellings and shops with flags, etc., and by illuminations.

Bhajanas and other musical processions through the principal streets of the localities concerned.

4. At every District and Taluk Headquarter and at other places, if possible, a gathering of the people may be held at which wide publicity should be given to the nature of the complete victory gained by the Allies and the main terms of the Peace Treaty that has been concluded. A communique will be separately forwarded for this purpose.

5. Separate orders will issue regarding the general celebrations to be held during the next cold weather on a date to be decided later.

GENERAL AND REVENUE DEPARTMENTS

Order No. G. 1737-87 - P. P. 29-19-1, dated 24th July 1919.

The Government of His Highness the Maharaja desire that the auspicious event of the birth of a son to His Highness the Yuvaraja should be suitably celebrated and observed as a day of rejoicing throughout the State. A notification declaring Tuesday, the 29th July 1919, as a public holiday will issue separately.

2. On that day, flags should be flown and special thanks-giving services and poojas should be arranged to be held in the principal temples and mosques. For this purpose, a sum of Rs. 100 each for the Districts of Bangalore and Mysore (including the two cities) and Rs. 50 each for the other districts will be placed at the disposal of the Deputy Commissioners through the Muzrai Superintendent.

3. All prisoners under sentence of one month and less, will be released and all other prisoners will be given a month's remission for every year or fraction of a year of the sentence they have yet to undergo, provided their conduct in the jail has been satisfactory.

4. Prisoners sentenced to transportation for life, who have only one year or less out of their sentences to serve in the jail and whose conduct in jail has been uniformally good, and civil prisoners who have been confined in the jails and lock-ups for a debt not exceeding Rs. 100 and who are, through poverty, unable to pay the same, will also be released, the debts of the latter being defrayed by Government.

5. The Chief Commandant, Mysore State Troops, is requested to arrange for a salute of 21 guns being fired from the Palace Battery in Bangalore on the morning of the 29th instant.

Annexure.

Notes of the discussions held between the Food Controller and Director of Civil Supplies, Mysore, and the Director of Civil Supplies, Madras, at a meeting held at Bangalore on 11th July 1919.

Under the agreement arrived at the Conference held at Bangalore on 8th March 1919, the following arrangements were in force during the months of April, May and June:—

(1) The Collector of Malabar was allowed to draw 50 tons of ragi and 44 tons of horse gram per month from Mysore for the Malabar-Wynaad.

(2) The Collector of the Nilgiris was allowed to draw 50 tons of ragi and 16 tons of rice per week for Gudalur or 286 tons per calendar month.

(3) The Director of Civil Supplies, Madras, was allowed to draw 620 tons of horse gram per month from centres in Mysore intimated by the Food Controller and Director of Civil Supplies, Mysore.

(4) In exchange Mysore was allowed to draw 700 tons of rice from the Northern Deltas of the Madras Presidency under the control scheme of the Director of Civil Supplies, Madras, and 300 tons of rice from Nellore District.

No. G. 1394-404—P.P. 66-18-269, dated 18th July 1919.

The arrangements as now revised will be as follows:—

(1) The Collector of Malabar will be allowed to draw 30 tons of ragi and 6 tons of horse gram per month for the Malabar-Wynaad. The arrangement by which the Wynaad Planters' Association import the allotment will continue.

(2) The Collector of the Nilgiris will be allowed to draw 60 tons of ragi and 30 tons of rice per week for Gudalur (260 tons plus 130 tons per month respectively or 390 tons in all). The permit holders will be allowed to import any kind or quality of rice which may be available.

(3) The Director of Civil Supplies, Madras, will be allowed to draw 574 tons of horse gram from Mysore to be certificated from centres intimated by the Director of Civil Supplies, Mysore.

(4) In return the Director of Civil Supplies, Mysore, will be allowed to draw 1,000 tons of rice from the Madras Presidency, 700 tons being an allotment of controlled rice from the Kistna District certificated by the Deputy Director of Civil Supplies, Bezwada, and 300 tons being drawn from the Nellore District.

(5) In order to meet special cases such as that of the Hosur Co-operative Society the Director of Civil Supplies, Mysore, will arrange for indents for controlled foodstuffs to be exported from Mysore being complied with up to a maximum of 5 tons per month. Of this amount the Hosur Co-operative Society will be allowed to import up to 2 tons per month on application to the Deputy Commissioner, Bangalore. The Director of Civil Supplies, Madras, will reciprocally countersign certificates issued by the Director of Civil Supplies, Mysore, up to 5 tons per month.

(6) The new arrangement will be in force in the months of July and August. It was agreed that it was inadvisable now to make arrangements for September in view of the impossibility of forecasting what requirements would then be as the harvest in August and September may considerably alter the situation.

(7) It was agreed that any balances ascertained to be due to Mysore or to Madras Presidency under the previous agreements should be fully implemented on either side.

(8) It was agreed that all assistance necessary should be given mutually by the authorities concerned to ensure that the quantities of foodstuffs specified above were actually delivered and in this connection the Director of Civil Supplies, Mysore, agreed to have instructions sent to the Deputy Commissioner, Mysore, to ensure the prompt issue of permits for rice and ragi for Gudalur when the permit-issuing officer is on tour and that if the amount of grain for which permits are issued in any one week falls short of the stipulated quantity permits will be issued in the following week for the balance thus due in addition to the quantity due for that week. The Deputy Commissioner, Mysore, and the Amildar of Gundlupet will give intimation to the Collector of the Nilgiris of each permit as soon as it is issued.

Report on Recruitment Operations in the State from the 25th September 1917 to end of November 1918, submitted by the Director of Recruitment in Mysore, Bangalore.

Order No. G. 1432-82—Mily. 232-18-42, dated 21st July 1919.

Recorded.

2. The recruiting operations in Mysore commenced from about the 25th September 1917 and lasted till the end of November 1918.

3. A Central Recruitment Committee with Rajasevadhurina Sardar M. Kantha Raj Urs, B.A., C.S.I., as President and the marginally noted official and non-official members was formed. District and Taluk Committees with Deputy Commissioners and Amildars as Presidents respectively were also established. A regular net work of organisations was thus created for vigorously carrying on recruiting operations.

Official Members.

1. Col. J. Desaraj Urs, C. I. E., M. V. O., Chief Commandant.
2. Rajamantrapravina Dewan Bahadur Mr. J. S. Chakravarti, M.A., F.R.A.S., Financial Secretary.
3. Mr. K. R. Srinivasa Iyengar, M. A., Revenue Commissioner.
4. Mr. P. F. Bowring, Deputy Commissioner, Mysore.

Non-official Members.

1. Rajasabhabhushna Dewan Bahadur, Mr. K. P. Puttanna Chetty, C. I. E.
2. Mr. Ramachandra Rao Sindhe.
3. ,, Nawab Gulam Ahmed Kalami.
4. Rao Saheb Mr. Chennayya.

3. Much propogandistic work was done, profuse use being made of posters, leaflets and notices, etc. The Mysore Recruitment Bulletin and the Vrittantha Ratnakara did good service in informing the people regarding the conditions of service, pay and prospects in the Army and the concessions offered to the recruits.

4. As the total number of recruits (2,541) secured from commencement till June 1918 fell far short of the expected number (6,415), the Government decided on the recommendation of the Central Recruitment Committee to appoint a whole-time Director of Recruitment with control over all the establishments maintained in the several districts. The Recruitment staff consequently underwent considerable changes. Mr. P. F. Bowring, who was appointed Director of Recruitment took charge of the office on 9th June 1918.

5. The State was, at his suggestion divided into three recruiting areas, each being placed in charge of a Divisional Officer with Headquarters at Bangalore, Mysore and Shimoga. The Divisional officers moved freely securing the advice and help of the local officers and the co-operation of the people. The Director also toured fairly frequently and visited all the districts except Kadur.

The office of the Director of Recruitment lasted till the 21st of November 1918. During these four months the number of recruits secured was 1,862 as shown in the statement below as against 2,541 during the preceding 9½ months, Bangalore, Mysore and Kolar contributing the largest numbers. In September and November 1918, the outbreak of the Influenza Epidemic interfered with the operations, and the signature of the Armistice on 11th November 1918 rendered further recruiting unnecessary. In enlisting men, no distinction was made between Mysoreans by birth and immigrants, all being given the same rewards and admitted into the Mysore or British Army. Out of the total number of 4,403 men recruited, 1,389 *i.e.*, 31·5 per cent were rejected as unfit for Military service and of the rest 1,127 were enlisted in various units of the Mysore Army and 1887 in the British Indian Army.

7. A sum of Rs. 44,250 was placed at the disposal of the Deputy Commissioners for expenditure in connection with Recruitment in the districts during the year 1917-18, and a further sum of Rs. 45,000 was placed at the disposal of the Director during the current year. A sum of Rs. 79,855-4-0 was spent since the commencement of the operations, leaving a balance of Rs. 9,394-11-2 at the end of December 1918.

8. Government desire to place on record their appreciation of the work done by Mr. Bowring and their thanks are also due to the Chief Commandant, the Members of the Central Recruitment Committee, the Sub-Committee and the Deputy Commissioners who are reported to have rendered considerable help. They note with satisfaction that the three Divisional Recruitment officers also discharged their duties creditably and that the non-official agency was not lacking in its interest in, and enthusiasm for, recruiting.

Supply of Grass to the Horses of the Military Department.

No. G. 2425-7—Mily. 12-15-39, dated 30th July 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Read—

Letter No. 274, dated 8th July 1915, from the Chief Commandant, Mysore State Troops, proposing certain amendments for the supply of grass for the horses of the Military Department.

2. Correspondence ending with letter No. 3818-2, dated the 12th October 1917, from the Chief Commandant, *re* the proposals for the formulation of the Military Grass Farm Scheme and the supply of grass to the horses of the Military Department.

3. D. O. No. 19, dated 2nd September 1918, from Mr. C. Venkata Rao, Officiating Superintendent of the Amrut Mahal Department, stating that the scheme proposed by him for the supply of 1,300 tons of hay might be given a trial for one year before Government undertakes the responsibility of supplying the entire quantity of 2,447 tons of hay required for the regiment in a year; and that he would approach Government with one or two small schemes for the balance of 1,447 tons of hay required for the Imperial Service Lancers.

Note by Mr. C. Venkata Rao dated 9th March 1919.

"According to the information furnished by the late Col. A. A. Jones in the enclosure in his letter No. 1840, dated 20th—25th August 1915, there are 500 horses, 40 ponies and 258 mules or in round numbers 800 animals in the Imperial Service Regiment at Bangalore, and 397 horses or in round numbers 400 animals at Mysore in the Local Regiment, for which the proposed Military Grass Farm has to supply fodder during the whole year.

Taking 20 lbs. to be the average quantity of hay or dry grass consumed daily by each animal, the quantity of fodder grass (dry) required for the use of the Bangalore Regiments comes to $\frac{800\times20\times365}{28\times4\times20}$ tons=2,600 tons in round numbers; and that required for the Mysore Horse is one-half of this quantity, that is 1,300 tons. As the two regiments are located at a distance of 86 miles from each other, a separate grass farm has to be established for the use of each regiment in its headquarters; *viz.*, one in Bangalore and the other in Mysore.

Granting that to begin with an acre of land comprised in the kavals and plantations of the Forest Department yields only ¼ ton of hay or dry grass annually, an area of 2,600×4 or 10,400 acres for the Bangalore Farm and an extent of 1,300×4 or 5,200 acres for the Mysore Farm have to be found.

At present, the marginally noted five kavals with an aggregate area of 2,198 acres are attached to the Bangalore Imperial Service Regiment and the Conservator of Forests is agreeable to lease out the undermentioned five more plantations and a portion of the Ragihalli State Forest having an aggregated extent of 2,948 acres. Thus the total area of lands that could be made available immediately for the use of the Imperial Service Regiment is only 5,146 acres or nearly one-half of what is actually necessary for meeting our requirements in Bangalore in connection with the Imperial Service Regiment. No doubt the Conservator of Forests promises to place at his disposal of the Military Department another extent of 2,658 acres in the neighbourhood of the second set of plantations mentioned above. But until this promise is fulfilled, and provided also that the lands are good enough for our purposes, it does not seem desirable to frame estimates for working them. It is therefore safe to limit at present the proposed Grass Farm to the area immediately available, additions of course being made thereto as suitable kavals, and plantations, whether Government or private property, are gradually acquired by the Military Department.

1. Jarakkebando
2. Peenya
3. Bettahalli
4. Kodigahalli
5. Jakkasandra

For the working of these lands, the following establishment may be sanctioned as a tentative measure for one year:—

(*a*) *Superior Establishment.*

1.	Nagarbhavi	...	...	250 acres
2.	Bommanahalli	...	...	162 ,,
3.	Royasandra	..	...	218 ,,
4.	Kanmenahalli	..	..	120 ,,
5.	Sulekere	..	..	200 ,,
6.	Ragihalli State Forest	..	..	2,000 ,,

Note.—It should be noted that 2,000 acres out of the State Forest mentioned above is according to the Conservator's report hilly and the grass grown on the slopes is available for being cut.

(*a*) *Superior Establishment*— Rs.

1 Daroga ... ... 50 plus 15 H. A.
1 Accountant 20

(*b*) *Menial Establishment*—

(1) Five mestris on Rs. 12 each. (Two or 3 plantations may be placed in charge of a mestri.)
(2) Twelve watchmen on Rs. 7 each. (One for each plantation provided its area is below 500 acres.)
(3) Two peons on Rs. 7 each.

(*c*) As the yield of grass is estimated at 1,300 tons, provision for a sum of Rs. 5,000 should be made under "Cart hire and Railway Freight." Rs.

(*d*) For improvement of kavals 2,000
(*e*) Tools and plant 200
(*f*) Miscellaneous charges 500

Total ... 10,616

Add cutting charges at 5 pies per bundle of 25 pounds or 2½ per ton. At this rate for 1,300 tons, provision has to be made for Rs. 3,033.

As all the best plantations of the Forest Department have already been leased out to the British Military Department and as the remaining one involve heavy expenditure on account of collection and transport of grass owing to their situation in out of the way places unconnected by good roads, a rent of 4 annas per acre for the plantations and 2 annas per acre for the forest area is more than what could be expected by the Forest Department. Be it noted that Government have granted arable lands on what is known as the "hulbanni" tenure to raiyats in the Nagamangala Taluk and the Halgur hobli of Malvalli Taluk on an assessment of 4 annas per acre.

(*h*) Rent at 4 annas per acre on 948 acres of plantation promised by the Forest Department ... Rs. 237

Note.—The five plantations near Bangalore already in the possession of the Imperial Service Regiment are held rent free.

Rent at 2 annas per acre on the 2,000 acres of Raghibalii Forest .. ... Rs. 250

Grand Total ... 14,136

Deduct Rs. 2,000 provided under improvements as strictly speaking this expenditure ought to come under the head "Capital Accounts" as the amount spent on improvements will enhance the value of the land, and add in the revenue accounts under the head "Expenditure" only the interest on Rs. 2,000 may at 5 per cent which comes to Rs. 100.

Also deduct the rent payable to the Forest Department as the grant of the kavals to the Military Department should be rent free, a concession provided in Article 225, A. R. I.

The net expenditure per annum will then be (Rs. 14,136 minus Rs. 2,000 minus Rs. 487, plus Rs. 100) or Rs. 11,750 in round number.

The expected return being 1,300 tons of dry grass, the cost of 600 lbs. of grass to be supplied for each horse in a month will then be Rs. $\frac{11,750}{1,300} \times \frac{600}{2240}$ = Rs. 2-6-8. As improvements are effected, this rate will be reduced year after year.

The establishment of a separate Grass Farm at Mysore for the use of the Mysore Horse does not at present appear to be so easy. For the four forest plantations in the Mysore District available for the purpose are reported to be overgrown with lantana and other thorny plants, rendering grass cutting operations difficult. It may therefore be postponed until these plantations are inspected by the Superintendent of Military Grass Farms. As he is also the Amrut Mahal Superintendent, opportunity may be taken by him either to assign some of the superfluous Amrut Mahal Kavals in the Hunsur Taluk and in the neighbouring portion of the Hassan District or to supply grass from them to the Mysore Horse at Mysore at Rs. 9 per ton.

It must be borne in mind that ordinarily the area comprised in a Forest Guard's beat consists of 5 square miles or 3,200 acres, the Forest Department has already appointed watchmen for watching each of the plantations under reference. It is proposed to appoint an additional watchman for each of these plantations to be paid by the Military Department with a view to render the watch more efficient. As the Forest Department allows the Military Department to cut and remove grass only from July to March the Military Department may entertain their watchmen only for nine months in the year. With a view to the Forest Department, watchman being made to work in co-ordination with the Grass Farm Establishment, it seems necessary that the latter must have some control over the former during the working season; and this can be ensured if the forest authorities kindly arrange to have the pay of their watchmen disbursed through the Grass Farm Authorities during the above period; on the analogy obtaining in the Irrigation Department where the Nala Manegars and Sowdies are placed under the control of the Revenue Officers during the irrigation season, and their pay is disbursed through the latter authorities.

No. G. 2425-7—Mily. 12-15-39, dated 30th July 1919.

The Upper Subordinate in charge of the Farms may be designated as Daroga instead of Farm Assistant and his scale of pay may be the same as that prescribed in the case of Amrut Mahal Daroga so that in the interests of public service transfers between these two classes of officers can be easily made by the Amrut Mahal Superintendent, to whom it is proposed to assign the management of the Military Grass Farm."

Order No. G. 2425-7—Mily. 12-15-39, dated 30th July 1919.

Government of His Highness the Maharaja are pleased to direct that the scheme for the supply of grass to the horses of the Military Department proposed by Mr. C. Venkata Rao be given a trial for one year, *i.e.*, during 1919-20.

Government are further pleased to waive the rent and the cost of permanent improvement to the lands utilising for the scheme on the analogy of the concessions granted under para 225 of the British Indian Army Regulation, Volume III.

As all the expenditure incurred on account of the supply of grass will be recovered from sowars, there will be no extra expenditure to Government, except the money granted on account of the concessions noted above.

2. Letter No. 7442-534, dated the 23rd April 1919, from the Inspector-General of Police in Mysore, requesting that in the circumstances stated, the Government Order read above may be reconsidered.

Order No. G. 225-75—P. & S. 77-18-4, dated 4th July 1919.

On a careful reconsideration of the matter, Government think that it is inexpedient to direct the Superintendent of Stationery to inspect, periodically, the offices in the State. But as the test inspections already made by him have disclosed certain defects, Government desire to impress upon the Heads of Departments and offices and Deputy Commissioners of Districts the necessity of strictly enforcing the rules laid down for the inspection, preservation and use of stationery and forms by offices under their control.

2. Government will, however, depute the Superintendent of Stationery to make any special inspections whenever necessary.

Government Order No. G. 5567-8—G. P. 5-08-26, dated 23rd April 1910, sanctioning the re-organization of the Government Central Press, Bangalore.

2. Correspondence ending with communication dated 2nd June 1919, from the Superintendent, Government Printing, submitting revised proposals for effecting a revision of the establishment to cope with the heavy increase of work in the Government Central Press, Bangalore.

Order No. G. 2145-6—P. & S 56-18-7, dated 26th July 1919.

In view of the heavy increase of work in the Central Press, Bangalore, Government are pleased to sanction a revision of the establishment as shown in the statement appended hereto.

2. The revised scale involves an additional recurring expenditure of Rs. 633-4-0 per mensem, or Rs. 7,599 per annum, inclusive of the Monotype section (which is at present temporary) and will be given effect to from 1st July 1919.

3. The extra cost involved, after deducting the savings effected by the incorporation of the Monotype section and the amount available in the budget, will be met for the next three years from the "Piece work allotment of the Government Press."

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Superintendent, Government Printing.
The Comptroller, Mysore Government, (through Financial Secretariat).

Government Order No. 28700-1—Med. 65-18-8, dated 27th June 1919, approving with slight modifications a form of covenant to be executed by compounders, pupil nurses and midwives.

2. Letter No. G. C. 619-4, dated 28th June 1919, from the Senior Surgeon, stating that, while the form above approved is suitable in the case of compounders, pupil nurses and midwives from whom it is not proposed to require sureties, it would have to be added to to suit the case of pupil Sub-Assistant Surgeons or a separate form prescribed altogether.

Order No. G. 160-1—Med. 65-18-10, dated 3rd July 1919.

The form approved in the order read above is revised to suit cases in which sureties are required as well as those in which sureties are not required and appended to this order. The portions that should be omitted in the latter class of cases are indicated in the body of the form.

The stamp duty will be fixed in each case according to the total value of the scholarship, stipend or allowance.

Exd.—C. R.

This Agreement made the.....day of.....between .....hereinafter called the medical student *and.....sureties,* of the one part and the Government of His Highness the Maharaja of Mysore, hereinafter called the Government of the other part.

Whereas on the application made by the medical student abovenamed, the Government have consented to grant a medical $\frac{\text{stipend}}{\text{scholarship}}$, to the said medical student as per terms and conditions detailed hereunder, *subject to the condition that the medical student shall furnish two respectable sureties who are to be responsible for the due performance and fulfilment by the medical student, of the obligations and conditions imposed upon him hereunder.*

And whereas the sureties abovenamed, in consideration of the Government granting to the medical student the $\frac{\text{stipend}}{\text{scholarship}}$ of Rs. ..... per mensem referred to herein, have agreed to bind themselves to repay the amounts to be so paid as $\frac{\text{stipend}}{\text{scholarship}}$ together with such other expenses as may be incurred by the Government on account of the medical student, in the event of the medical student failing to fulfil the terms laid down in the said rules and as mentioned hereunder :—

NOW THIS AGREEMENT WITNESSETH as follows : —

(1) the parties hereto agree that the rules regarding the grant of $\frac{\text{stipend}}{\text{scholarship}}$ (*here enter the number and date of proceedings or order prescribing the rules*) which is granted to the medical student under this agreement shall be read and treated as forming part of this agreement.

(2) the said rules have been carefully read by the medical student who hereby agrees to be bound by all the terms mentioned and the conditions laid down therein,

*To be omitted where sureties are not required.

(3) the said medical student further agrees to abide by all the rules and regulations for the time being in force in respect of such stipend/scholarship,

(4) in consideration of the stipend/scholarship of Rs.....per mensem which the medical student is to get for the period and under the terms and conditions mentioned in the said rules, the medical student hereby undertakes to prosecute his studies with due diligence and to complete the full course of instruction prescribed in (*the name of the school or college may here be mentioned*), and to pass the requisite examination,

(5) for the consideration aforesaid, the medical student on completion of his medical course and after passing the requisite examination, *viz.*, (*here enter the name of the examination or degree*) hereby undertakes and agrees to serve the Government, if called upon to do so, for a period of.....years, on such terms as may be fixed by the Government,

(6) but in case the medical student fails to prosecute his studies with due diligence or is dismissed from the aforesaid medical institution for misconduct or other causes, or fails to attend and completely go through the full course prescribed without sufficient cause (the Government being the sole Judge of what is sufficient cause), or upon the completion of the course fails to enter the service of Government on such terms as may be fixed by Government, or having so entered fails to continue in the service during the period of .....years prescribed as above, the medical student shall refund to Government the whole of the amount so received by the medical student as stipend/scholarship from the Government, together with the amount of the cost incurred by Government, on account of the school, college or examination fees, books and instruments and travelling expenses, if any, of the medical student.

(7) If any of the contingencies referred to in clause (6) above, shall happen and the medical student shall, on that account become liable to refund the amounts received by him and the other expenses incurred by Government on his account, the sureties abovenamed bind themselves and each one of them jointly and severally, and each one of their heirs, executors, administrators and representatives, to pay to the Government such amounts due as aforesaid, not exceeding Rs.....in the aggregate.

(8) If the medical student **or the sureties or any of them** shall make default in the payment of the said sum as referred to above, such sums shall be recoverable from him/them *or each one* of them personally, and from his/their movable and immovable properties, or at the option of the Government, as a revenue demand in accordance with the law for the time being in force for the recovery of arrears of land revenue due to the Government.

IN WITNESS WHEREOF the medical student* *and the sureties abovenamed** doth/do hereby set his/their hands and seal the day and year first above written.

Witnesses 1. *Signature of Medical Pupil.*

2. *Signature of Sureties.*

Paragraph 8 of Government Order No. 5044-63—San. 68-16-6, dated 9th March 1918 authorising the District Boards to prescribe the minimum outturn of work to be required from each vaccinator above a limit of 200 cases for each month.

2. Rule 6 of Appendix II in Government Order No. 8821-30—San. 128-17-5, dated the 15th November 1918, authorising the Sanitary Commissioner to fix minimum cases for each taluk according to local circumstances and retrench travelling allowance if the work falls short of the minimum.

3. Letter No. C. 2122—L. B. 18-19, dated the 29th January 1919, from the President, District Board, Mysore, referring to the two orders read above, and requesting orders as to who should fix the minimum in each case and retrench the travelling allowance for unsatisfactory work.

4. Correspondence ending with letter No. G. C. 287-7, dated 6th May 1919, from the Officiating Sanitary Commissioner, stating that the President, District Board, is competent to countersign the travelling allowance bills of vaccinators in accordance with Government Order No. Fl. 2100-49—S. & A. 355-10-2, dated 24th October 1918, and that the countersigning officer may be empowered to reduce the fixed travelling allowance by one rupee for every ten cases or fraction thereof that the number vaccinated falls short of the minimum prescribed for the taluk.

Order No. G. 1793-812—San. 84-18-6, dated 24th July 1919.

The Officiating Sanitary Commissioner's proposal is approved. Rule 6 of Appendix II appended to the Government Order of the 15th November 1918, be amended by the addition of the words "Presidents of the District Boards to" between the words "and" and "retrench" occurring in the second sentence of the rule. The sentence as amended will read as follows—The Sanitary Commissioner will be authorised to fix minimum cases for each taluk according to local circumstances and the Presidents of the District Boards to retrench travelling allowance due, if the work falls short of the minimum.

The reports of the several District Magistrates on the working of the Mysore Factories Regulation, 1914, during the calendar year 1918, received with the communications noted below:—

(1) No. Per. 38 Judl. 18-19, dated 15th January 1919, from the District Magistrate, Shimoga District.

(2) No. Per. J. 39, dated 27th January 1919, from the District Magistrate, Tumkur District.

(3) No. Per. 8—18-19, dated 17th February 1919, from the District Magistrate, Kadur District.

(4) No. Per. 20—18-19, dated 24th February 1919, from the District Magistrate Kolar District.

(5) No. Per. 19—18-19, dated 5th March 1919, from the District Magistrate, Chitaldrug District.

(6) No. D. Dis. 104—J. 18-19, dated 4th April 1919, from the District Magistrate, Mysore District.

(7) No. Dis. Per. J. 21, dated 11th April 1919, from the District Magistrate Hassan District.

(8) No. J. 1128, dated 13th May 1919, from the District Magistrate, Bangalore District.

Order No. G. 2416-23—Legis. 31-18-10, dated 30th July 1919.

The total number of factories working during the year under review, which came within the scope of the Mysore Factories Regulation remained the same as in the previous year, *viz.*, 12. It is presumed that the opinion of the District Magistrate of Hassan as to certain rice hulling and coffee mills in his district not coming within the purview of the said Regulation has reference to the condition in clause (*b*) of Section 3 (1) with regard to the minimum number of operatives simultaneously employed.

2. The inspection work during the year was fairly satisfactory except in the Chitaldrug District, where no inspections were made either by the District Magistrate or the Sub-Division Magistrate. Government trust that due attention will be paid to this work during the current year.

3. Seven accidents were reported during the year and all of them occurred in the factories in the Bangalore City, but none of them was of a serious nature.

No. G.2416-23—Legis., dated 30th July 1919.

No. Per. 38—Judl. 18-19, dated Shimoga, the 15th January 1919, from M. A. Narayana Iyengar, Esq., B. A., B. L., District Magistrate, Shimoga, to C. S. Balasundaram Iyer, Esq., B. A., Chief Secretary to the Government of His Highness the Maharaja of Mysore, Bangalore.

I have the honour to report that there are no factories registered in this district under the Factories Regulation during the year 1918.

From A. Subramanya Iyer, Esq., B. A., District Magistrate, Tumkur District, to C. S. Balasundaram Iyer, Esq., B. A., Chief Secretary to the Government of His Highness the Maharaja of Mysore, Bangalore, dated the 27th January 1919.

I have the honour to report that there were no factories registered during the 1918, in this district for a report to be submitted under the Factories Regulation.

From C. Devaraja Urs, Esq., District Magistrate, Kadur District, to C. S. Balasundaram Iyer, Esq., B.A., Chief Secretary to the Government of Mysore, dated 17th February 1919.

I have the honour to state that there are no factories established in this district under the Factories Regulation during the calendar year 1918.

Per No. 20—18-19, dated the 24th February 1919, from B. Venkoba Rao, Esq., B. A., District Magistrate, Kolar District, to C. S. Balasundaram Iyer, Esq., B. A., Chief Secretary to the Government of Mysore, Bangalore.

I have the honour to report that during the calendar year 1918, there were no factories in this district which came within the purview of the Factories Regulation No. III of 1914.

From M. Zahiruddin Mecci, Esq., B. A., District Magistrate, Chitaldrug, to C. S. Balasundaram Iyer, Esq., B. A., Chief Secretary to the Government of His Highness the Maharaja of Mysore, Bangalore, dated the 5th March 1919.

I have the honour to submit the following report on the working of the Factories Regulation No. III of 1914 and the rules framed thereunder for the year 1918 in the Chitaldrug District.

2. There were six factories as in the year 1917, working at Davangere, registered under the Factories Regulation, 1892. Of these, two are cotton pressing factories, three cotton ginning factories and one both cotton ginning and pressing factory. Besides these there were six ginning factories at Davangere, two at Harihar and one at Jagalur. These nine factories were not under the operation of this Regulation. The revised rules framed under the Regulation though ordered to be brought into force with effect from 1st July 1917, their enforcement in all the registered factories could not be insisted upon till the end of February 1918, as the copies of these rules were not supplied till then.

3. *Inspections.*—Neither the Sub-Division Magistrate nor the Amildar Magistrate at Davangere conducted any inspection during the course of the year. They seemed to be labouring under the impression that they had to be formally appointed as additional Inspectors under sub-section 4 of Section 4 of the Regulation. It was, however, pointed out to them that all appointments made in Government Notification No. 8626—Legis. 69, dated 4th January 1901, were in effect and would continue to be so until they were revised and as such that they were quite competent to perform the functions of the Inspector.

The District Medical Officer who is the certifying Surgeon under Section 6 of the Regulation inspected all the factories at Davangere in the months of January and October 1918.

4. *Water-supply and Sanitation.*—The water used for the working of the engines in all the factories is reported to be pure and adequate. The sanitation and ventilation were generally satisfactory.

5. *Latrines.*—The seats provided for males and females are reported to be adequate as required in para 20 of the Rules.

6. *Holidays.*—Sundays were observed as holidays in all the factories.

7. No accident is reported to have taken place in any of the factories in the district during the year under report.

8. There were no prosecutions for breaches of the provision of the Regulation during the year.

9. A statement showing the details of the working of the factories is herein enclosed.

No. G. 2416-23—Legis., dated 30th July 1919.

No. Dis. 104—J. 18-19, dated Mysore, 4th April 1919, from T. Chokkanna, Esq, B.A., District Magistrate, Mysore District, to C. S. Balasundaram Iyer, Esq., B. A., Chief Secretary to the Government of His Highness the Maharaja of Mysore, Bangalore.

I have the honor to submit the following report on the working of the Factories Regulation and the Rules thereunder in this district during the calendar year 1918.

2. The number of factories that fell within the purview of the Factories Regulation remained the same as in the last year, *viz.*—

(1) Sreekasi Viswanath Chikkanna Rice Mill and
(2) The Cauveri Rice Mill both in the Mysore City and
(3) The Matheson's Works at Hunsur.

The first two are for Rice Milling and the third for curing coffee, preparing artificial manure, sawing and joinery work, Engineering and Motor Garage.

3. All these Mills are worked by steam Motors as under:—

Chikkanna Rice Mill	..	48 H. P.
Cauveri do	..	25 H. P.
Matheson's Works		30 H. P.

The first two work by shifts and the third by midday stoppages.

Sundays are observed as holidays in all these Mills in addition to important festival days in the two Rice Mills in the Mysore City and 2 hours on Thursdays in the Matheson's Works at Hunsur being Shandy days.

4. The daily average number of operatives employed in these Mills was.—

Adults—	38 Males 17 Females	In Chikkanna Rice Mill.
	20 Males 22 Females	In Cauveri Rice Mill.
	70 Males 15 Females	In Matheson's Works at Hunsur

The Chikkanna and Cauveri Rice Mills were visited by me and inspected by the City Magistrate in June 1918 and the Matheson's Works at Hunsur was inspected thrice by the Taluk Magistrate and 61 times by the Local Medical Officer.

The Cauveri Rice Mill at Mysore and the Matheson's Works at Hunsur were once inspected by the District Medical Officer also.

The Sanitary arrangements were generally satisfactory.

No accident of any kind was reported during the year.

The usual statement showing the details of the working of these factories is enclosed.

From C. Venkata Rao, Esquire, B.A, Deputy Commissioner, and District Magistrate, Hassan District, to C. S. Balasundaram Iyer, Esquire., B A, Chief Secretary to the Government of His Highness the Maharaja of Mysore, Bangalore dated 11th April 1919.

With reference to your letter No. G 22552-4—Legis. 31-18, dated the 4th instant, calling for report on the working of the Factories Regulation, I have the honor to state that during the calendar year 1918, only rice and coffee hulling mills were at work in the district and they do not fall within the scope of the Mysore Factories Regulation.

NO. G. 2416-23—LEGIS., DATED 30TH JULY 1919.

From M. A. Narayana Iyengar, Esq., B.A., B.L., District Magistrate, Bangalore District, to C. S. Balasundaram Iyer, Esq., B.A., Chief Secretary to the Government of His Highness the Maharaja of Mysore, Bangalore, Dated 13th May 1919.

I have the honor to forward the report on the working of the Factories Regulation and the rules framed thereunder for the year ended 31st December 1918.

2. The number of factories that came under the provisions of the regulation remained the same as in the previous year, *viz.*—

(1) The City Brick and Tile Works.
(2) „ Bangalore, Woollen, Cotton and Silk Mills Co., Ltd.
(3) „ Mysore Spinning, and Manufacturing Co., Ltd., Bangalore.

3. All the 3 factories were inspected twice during the year by the then City Magistrate, Bangalore, Mr. G. B. Heblikar, conjointly with the District Medical Officer. The last of the inspections of the above said first 2 factories was on 14th August 1918 and that of the 3rd was on 24th September 1918. A consolidated statement of the observations made by the District Medical Officer is enclosed for perusal together with the consolidated A statement, received from the City Magistrate, Bangalore.

4. *Accidents.*—There were in all 7 accidents during the year of which, 3 were in Bangalore Woollen, Cotton and Silk Mills and 2 in the Mysore Spinning and manufacturing Co., Ltd., as observed during the inspection in April 1918.

Water-supply.—Water-supply was said to be good except in the Mysore Spinning and Manufacturing Co., Ltd.

6. *Latrine, Ventilation and General Sanitation.*—The latrine, ventilation and general sanitation were fair in all the said 3 factories.

Building.—The City Magistrate in para 7 of his inspection report *re* the Mysore Spinning and Manufacturing Co., Ltd., states that the premises of the factory are being improved. The latrine and tallow sheds and the water-supply are yet to be attended to. The resident Manager of the Company will be asked to rectify these defects early.

Registers.—The prescribed registers are maintained and they call for no remarks.

Government Order No. G. 24436-7—Cts. 173-18-4, dated 24th April 1919, directing that the amount of Rs. 32 payable to Mr. B. Venkatasamanna, Advocate, Chitaldrug, for having conducted the prosecution in Chitaldrug Sessions Case No. 1 *j.p.* 18-19, be short drawn from the salary of the Public Prosecutor, Shimoga Division.

2. Letter No. 46, dated 1st May 1919, from the Public Prosecutor, Shimoga Division, representing that both the conditions in Rule 9 (1) of the rules laid down in Government Order No. 1932-85—J. 137 of 1902-03, dated 16th March 1904, were complied with as the District Magistrate had appointed Mr. Venkatasamanna at his instance to conduct the Sessions Case at Chitaldrug, and that he would have got more by way of travelling allowance if he had gone to Chitaldrug than what was claimed by Mr. Venkatasamanna and requesting therefore that the order read above may be revised and the sum of Rs. 32 refunded to him.

Order No. G. 1501-12—Cts. 173-18-6, dated 21st July 1919.

Government have considered the representation, but see no reason to revise the order of the 24th April 1919.

2. The additional cost referred to in para 9 (1) of the Government Order of the 16th March 1904, is primarily the remuneration payable to a substitute in the shape of fee or salary; consequently the circumstance that, by reason of a local Advocate having been appointed to conduct a certain case at Chitaldrug, no extra expense in the shape of travelling charges was entailed on Government, does not entitle the permanent incumbent to claim the remuneration that had to be paid to his substitute.

3. Government consider that the rule in para 9 of the Government Order of 16th March 1904 must be strictly applied to all cases in which temporary or acting arrangements are necessitated by reasons personal to the legal practitioners concerned.

I have the honour to submit the following Report on the working of the Coffee Stealing Prevention Act for the season ending 31st March 1919.

2. During the period under review no cases under the Special Act were reported from the Hassan District, while the one case, which was reported from the Kadur District, ended in conviction.

3. The following statement shows the details of coffee thefts dealt with under the Indian Penal Code:—

District	Cases											Persons				
	Pending	Reported	Total	Refused	Convicted	Acquitted	Struck off on B Form	Pending on A Form	Pending on B Form	Pending with the Police	Pending	Prosecuted	Total	Convicted	Acquitted	Pending

Sixteen cases involving 17 persons, including seven cases and three persons pending from the previous year were dealt with, of which four cases involving seven persons ended in conviction, three cases were struck off on B Form, five cases involving ten persons were awaiting trial at the end of the year, and four cases were pending with Magistrates on B Forms.

4. During the year 11 Special Ookads in the Kadur District, and one in the Hassan District were opened during the coffee picking season to keep watch and to prevent coffee thefts.

5. The services of four constables were lent to two planters in the Hassan District, and no requisitions were received from private individuals in the Kadur District.

Emigration of Coolies from Mysore

Circular No. 2929-37—G. M. 94-08-21, dated 14th November 1910, issuing instructions for the guidance of Magistrates *re* the action to be taken to safeguard the interests of ignorant labourers and minors who might be recruited for labour outside the State.

2. Letter No. Adm. 19, dated 24th April 1919, from the Ceylon Labour Commissioner, Trichinopoly *re* certain inconveniences caused by the action of the Amildar-Magistrate of Nanjangud taken presumably under the above circular.

3. Correspondence ending with letter No. D2—Dis. 680, dated 27—29th May 1919, from the District Magistrate, Mysore District, in the matter.

Order No. G. 936-44—G. M. 188-18-9, dated 12th July 1919.

In the circular dated 14th November 1910, referred to above, Government prescribed a certain procedure, pending the adoption of legislation on the subject of Emigration generally for action to be taken by District Magistrates and Subordinate Magistrates to safeguard the interests of ignorant labourers and specially of minors who may be induced to leave their homes and proceed to places beyond the State. The Mysore Emigration Regulation has since been passed, but no rules have been framed under Section 7 thereof for the guidance of local Magistrates, and the instructions issued in the above circular are still in force.

2. In his letter, dated 24th April 1919, the Ceylon Labour Commissioner, Trichinopoly, brings to notice that under the above circular the Amildar-Magistrate of Nanjangud refuses to authorise the emigration of agricultural labourers coming from outside his taluk who may be recruited by the Nanjangud Agency of the Ceylon Labour Commission, and that emigrant coolies from other taluks applying for registration at that agency have been sent back to bring permits from the Amildar Magistrates of their native taluks. He states that this procedure has caused inconvenience, additional expense and loss of time, and has also on several occasions resulted in the coolies so sent back returning without the necessary permits owing to inability to have access to the Amildar-Magistrate of their taluks. He therefore requests that the circular referred to may be rescinded and that in the meanwhile instructions may issue to the Amildar-Magistrate of Nanjangud to pass agricultural coolies presented by the Agency of the Ceylon Labour Commission at Nanjangud whether coming from his taluk or from any other part of the State.

3. Government observe that the circular of 1910 does not require the production by the coolies, before the Magistrates who interview them, of permits from the Magistrates of the taluks from which they emigrate. All that is required by the circular is that the interviewing Magistrate in places where an Agency of the Ceylon Labour Commission is kept should ascertain from the coolies collected whether they understand the terms and conditions of their contract and in the case of minors that their parents or guardians are with them. In the case of adult coolies, who are not solitary women, it will therefore be sufficient if the Amildar Magistrate, before whom the coolies are presented ascertains if they understand the terms and conditions of their contract. In these cases no permit need be insisted on. In the case of minors whose guardians are not with them and of solitary women, however, it will not be possible for the interviewing Magistrate in the place where an Agency of the Ceylon Labour Commission is kept (Nanjangud for example) to make sure in cases in which the coolies come from a place outside his taluk (Gundlupet for example) that they are emigrating with the consent of their guardians or relatives. In such cases it is desirable that the recruiter should produce the persons before the Amildar-Magistrate of the Taluk whence the persons are recruited and get a permit which may be produced before the interviewing Magistrate in each case. Government are pleased to direct that District Magistrates should issue suitable instructions to Subordinate Magistrates accordingly.

5. Separate action will be taken to frame rules in this behalf under the Emigration Regulation.

Order No. 4052-4102—E. A. G. 374, dated 4th July 1919.

At present, forms for the submission of periodical diaries have been prescribed in respect of the officers mentioned in the accompanying statement (Appendix A). In the Public Works, Railway and Electrical Departments no diaries or journals are submitted, but the purpose of journeys are required to be indicated in some detail in the travelling allowance bills themselves. In the Geological Department, the field officers maintain field note-books of their operations and observations which are edited and published as departmental memoirs. In the Survey Department, what are called 'Rojinishi' statements are maintained showing the actual work turned out by the measurers, classers and mappers.

2. As regards frequency, the diaries of the Police Inspector in the Police Department and of the Medical Officer, Sub-Assistant Surgeon, Jailor, Matron and Chief Warder in the Prisons Department are submitted daily while those of Police Superintendents, Forest Rangers, Excise Inspectors, officers of the Industries and Commerce Department and Local Auditors of the Comptroller's Office, are submitted weekly. The only diary submitted fortnightly is that of the District Economic Superintendents. The diaries that are submitted monthly are the journals of tours and inspection by Heads of Departments, and the diaries of Assistant Commissioners, Amildars, Shekdars, Veterinary Inspectors, District Forest Officers, Agricultural Inspectors, Co-operative Inspectors and the Superintendents of Jails. The only journal due quarterly is that of the Deputy Commissioners.

3. Government observe that the forms now in use in the several departments are suited to their respective purposes, and that the practice obtaining in the Survey and Geological Departments is also suitable and may continue. They consider it however, necessary that all other executive and touring officers and subordinates (including those in the Public Works, Railway and Electrical Departments) who do not now submit diaries should be required to submit them in future and are accordingly pleased to prescribe the accompanying general form of a monthly journal for use by all such officers. (Appendix B.)

The journals of Deputy Commissioners and District Economic Superintendents should be submitted monthly in future and the existing practice may be followed in the other cases mentioned in Appendix A. All officers using the general form, Appendix B, will submit their journals once a month.

4. With a view to systematise the submission and scrutiny of diaries, Government are pleased to lay down the following rules in supersession of all previous instructions in this respect.

(1) The monthly diary should accompany the travelling allowance bills, if any and should in no case be delayed beyond the 5th of the succeeding month. Weekly diaries should be submitted every Monday for the week ending the previous Saturday.

(2) The diary should ordinarily be a record of work and inspections, etc., and its scrutiny should ordinarily be limited to seeing that adequate work has been done and that, intelligently. In Departments like the Police, where special information relating to important crimes or to public peace and tranquillity is being included in the diary, this practice may continue. Instructions on minor points may also be conveniently sought for, or given, on diaries, but recourse should be had to special reports when matters of any importance have to be brought to notice or when instructions or explanations are necessary on any such matters.

(3) The diary should be submitted by each officer to his immediate superior, who will return the same after scrutiny. In the following cases however, the diary will also be submitted to a higher authority :—

(i) The Revenue Assistant Commissioner's diaries will be sent to the Deputy Commissioner who will submit them to the Revenue Commissioner after scrutiny.

(ii) Amildars' diaries will be sent to the Assistant Commissioners who will submit them to the Deputy Commissioners after scrutiny.

(iii) Police Superintendents' diaries will be sent to the Inspector-General of Police by the Deputy Commissioners.

(iv) The Police Inspector's diaries will be sent to the Amildars who will submit them to the Police Superintendent after scrutiny.

(v) District Sanitary Officers' diaries will be sent to the Sanitary Commissioner by the Deputy Commissioners.

(vi) District Excise Officers' diaries will be sent to the Excise Commissioner by the Deputy Commissioners.

(vii) District Educational Officers' diaries will be sent to the Inspector-General of Education by the Circle Inspectors.

5. The diaries should invariably be scrutinised by the receiving officer himself immediately on receipt and returned also the same day, with his remarks if any in the margin, or pass it on to the second officer, if any, to whom it is due. Superior officers should on no account leave the work of reading and scrutinising diaries to their Personal Assistants or other subordinates. The remarks made on the diaries should as far as possible be confined to the character of the work done and to definite instructions as to future conduct.

6. Whenever any subject is deemed important enough to require following up, a separate communication should be addressed, a mere mention of it alone being made in the diary. Care should, at the same time, be taken to avoid calling for unnecessary and needless reports on matters which are within the competence of the subordinate officer or which will eventually come up to the scrutinising officer either for sanction under the law or standing orders or in appeal. As a general rule, any information of an ordinary character called for in the remarks on a diary will be furnished in the same diary which will be resubmitted with the information.

7. The original copy of the diary maintained by each officer is a Government document and ought to form the part of records of the office. All remarks communicated by the scrutinising officer should be copied in it and when any further correspondence has arisen out of any point noticed therein, a reference to it should be indicated in the diary.

8. The above rules will be embodied at the end of the section 'Tours of Officers' in Chapter II of the Manual of General Circulars and Standing Orders, Part I.

Circular letter No. 1789-1818, dated 4th April 1918, to certain Heads of Departments, calling for a report in regard to the extent to which the inspection rules have been observed in the offices under their control since the date of the Government Order prescribing rules for such inspections.

2. Replies to the above.

Order No. 73-122—E, A. G. 261, dated 8th July 1919.

In pursuance of Government Order No. G. 10870-10918—E. A. 43-14-1, dated 10th April 1915, a standard list of questions to be answered at inspections was prescribed for the several offices and instructions issued in regard to the inspecting authority, frequency of inspection and the authority to whom the inspection reports should be sent. From the reports received, it is clear that except in a very few cases, the rules have not been fully observed and the required number of inspections have not been held. Inspection Minute Books have not also been maintained in a large number of offices. Government observe that the inspection work so far done is far from adequate. They wish to impress upon the officers the necessity for periodical inspections of offices under their charge, as these help not only in checking irregularities and delay, but also afford convenient opportunities to instruct the establishments in improved methods of office business.

2. Inspection Minute Books are intended to contain a continuous record of the defects observed at the time of inspection and requiring further action. The proper maintenance of these books is therefore an absolute necessity if inspections are to serve any purpose at all. Government direct therefore that Inspection Minute Books should be opened in all the offices *at once* and that severe notice should be taken by inspecting officers of any negligence in this respect.

3. It has also been brought to notice that the notes of inspection of some of the offices have not been sent by the Inspecting Officer to his immediate superior as required under paragraph 3 of Government Order No. G. 10870-10918—E. A. 43-14-1, dated 10th April 1915. It should hereafter be recognised as an invariable rule that every officer should send reports of every inspection conducted by him to his immediate superior officer, reports of inspections conducted by Heads of Departments being sent to the Chief Secretary to Government in the Efficiency Audit Branch for the information of Government. Reports of the inspections should be submitted in a complete form every year on the 1st February.

GOVERNMENT OF H. H. THE MAHARAJA OF MYSORE,
GENERAL AND REVENUE SECRETARIAT.
Dated Bangalore, 11th July 1919.

OFFICIAL MEMORANDUM.

With a view to systematise the issue of correction slips to the manuals in use in the several departments of the State by the officers responsible therefor according to column 7 of the appendix to Government Order No. 136—E. A. G., dated 21st December 1916, and column 4 of the appendix to Government Order No. 3608-3657—E. A. G. 271, dated 19th May 1919, Government are pleased to issue the following instructions to supplement those contained in paragraphs 9 and 10 of the Government Order of the 21st December 1916 :—

(i) In the office responsible for the maintenance of a manual up-to-date, one copy thereof marked 'original' should be kept and a clerk specified for the duty of promptly issuing correction slips. A copy of each order of Government or circular issued from the office, which involves a change in the provisions of the manual, should, on its receipt in the office, or on its issue as the case may be, be sent to the clerk with an instruction to draft an addenda and corrigenda slip for approval, All such slips should be numbered serially for each publication and the series kept up until a revised edition or a reprint issues. The approved draft should be posted in the copy marked 'original' immediately on approval, a fair copy being sent to the Press for print.

(ii) Correction slips should be printed on one page only and on paper of the same size as the manual. A list should be maintained of the offices to which copies of the manual have been supplied and the number of copies supplied to each, and the supply of correction slips regulated accordingly.

2. Steps should be taken immediately to issue the first set of correction slips embodying all the changes necessitated by the orders that have issued since the publication of each manual.

By Order,
C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

Order No. R. 1-9—L. R. 247-18-3, dated 1st July 1919.

Government agree with the opinion of the Deputy Commissioners of Districts acquiesced in by the Revenue Commissioner that the grant of the topes to the owners on full assessment will result in the topes being neglected and thus defeat the purpose for which the lands were granted. They accordingly direct that wherever Inams have been assigned for the up-keep of the topes, the local officers should strictly enforce the terms of the grant and that where no Inams are assigned for their up-keep their maintenance may be left in the hands of the hakdars, so long as they continue to look after them properly and when the hakdars fail to look after them properly, they should be deprived of their hak to the usufruct of the topes and the right to maintain them, in which case, and when there are no hakdars, the duty of maintaining them should be entrusted to the Village Panchayet or Committee wherever there is one, or to the patel with the help of the villagers where there is no Committee.

Correspondence ending with letter No. 4446, dated 16th September 1913, from the Revenue Commissioner in Mysore, reporting that all the Deputy Commissioners of Districts are agreeable to adopt the suggestion that a column be added for the purpose of showing whenever kandayam is paid the survey number of the land for which such payment is made, in the khate, khirdi and patta.

2. Letter No. 53, dated 21st October 1914, from the Superintendent, Mysore Revenue Survey, reporting that there will be no inconsistency in recognising the whole khate as a unit for the purpose of security of revenue and in investing the Deputy Commissioners with a discretion as to the order in which survey numbers are to be put up for sale, so as to guard the interest of non-pattadars who have paid the assessment on some recognised portion of khate lands and adding that the lands so exempted should still be held liable, if the money realised by the sale of other lands falls short of the dues due to Government.

3. Letter No. 14778, dated 5th May 1916, from the Revenue Commissioner in Mysore, forwarding copy of letter No. 710, dated 22nd March 1916, from the Deputy Commissioner, Hassan District, suggesting that the heading "Survey number" in respect of which kandayam is paid in the counterfoil receipts prescribed in Government Order No. R. 3583-93—L. R. 240-12-5, dated 16th November 1914, may be deleted until the question of adding a column in the Village Accounts for the entry of the survey number in respect of which the kandayam is paid is disposed of.

4. Correspondence ending with letter No. A. C. 424, dated 20th May 1918, from the Revenue Commissioner in Mysore, reporting with reference to this office No. C. R. 31-32—L. R. 75-10-6, dated 1st October 1914, on the subject, that it is not necessary to open an additional column for the purpose referred to and that it will quite do to direct that, in all cases in which an occupant (Anubhavadar) other than the registered occupant (Khatedar) pays Land Revenue with a request that it should be appropriated for a particular survey number or numbers effect should be given to it, a remark to that effect being entered against the connected entries in the khirdi, the khate and the extract of the khirdi being also granted to the payer, whenever desired.

Order No. R. 88-97—L. R. 75-10-10, dated 2nd July 1919.

Government do not consider it desirable to accept the suggestion to open a new column in the khate, khirdi and patta registers and agree with the Revenue Commissioner that when an occupant of the land, other than the Registered holder pays kandayam with a request that the amount may be appropriated for a particular survey number or survey numbers the same should be accepted and an entry to that effect made in the connected records, an extract of the khirdi being given whenever desired by a payer. It is also clearly to be given to understand that Government accept the appropriation without prejudice to their rights to proceed against all the lands included in the khate.

The Revenue Commissioner is requested to issue a general circular accordingly pointing out the resolution in clear terms.

(*Printed as an annexure)

Order No. R. 902-11—L. R. 14-18-36, dated 16th July 1919.

Recorded with the following observations.

(i) The report has been submitted by the Revenue Commissioner nearly five months after the due date, owing to the very late submission of the statement by the Deputy Commissioner, Shimoga District. The delay must be avoided in future.

(ii) The statements have not been prepared carefully before submission by the Deputy Commissioners.

(iii) Progress is not satisfactory in the Bangalore, Shimoga, Hassan and Chitaldrug Districts. The Deputy Commissioners and Taluk authorities must evince greater interest in the matter.

(iv) Government sanction has not been obtained for constituting a Tank Panchayet in respect of the Iyyankere Tank, which is reported to have been brought under the Tank Panchayet System in the Irrigation Department. This should be done immediately.

(v) The report regarding the actual working of the Panchayets already constituted has not been furnished though repeatedly pointed out in the previous Government reviews.

Review of the Revenue Commissioner in Mysore, on the progress made in the constitution of Tank Panchayets during the half-year ending 31st December 1918.

Recorded.

2. The nil return said to have been forwarded to this office by the Deputy Commissioner of Shimoga District on 16th January 1919, was not received. The returns from Bangalore and Tumkur Districts were belated.

3. The progress made in the constitution of Tank Panchayets in the several districts during the half-year under review is shown in the appended statement.

4. The work done during the half-year is evidently poor and unsatisfactory. In Mysore and Kadur Districts the number of Major Tanks for which proposals were made was 4 and 1 respectively and the number for which Panchayets were sanctioned was 3 and 1 respectively ; while in Kolar, Tumkur and Kadur, the number of Panchayets constituted during the period was 2, 4 and 1 respectively. The districts of Bangalore, Hassan, Shimoga and Chitaldrug showed no progress. In the Bangalore District, the figures in the statement for the half-year under reference are a mere repetition of those contained in the statement for the half-year ending 31st December 1917, showing thereby that the local officers in the district had not given due attention to this subject for the past one year and a half. The lack of progress in the constitution of Tank Panchayets in the several districts appears to be mostly due to the apathy on the part of the District and Taluk Officers who are expected to take more interest in the matter.

No. R. 902-11—L. R. 14-18-36, dated 16th July 1919.

5. In Kolar, Tumkur and Chitaldrug Districts, the number (in column 6) of Tank Panchayets constituted up to the end of the previous half-year ought to have been 8, 37 and 12 and not 7, 46 and 9 respectively, as will be evident from the figures of the under-mentioned statement.

District	Number of major tanks			Number of major tanks		
	Under Panchayets at the beginning of the half-year ending 30th June 1918	For which Panchayets were constituted during the half-year ending 30th June 1918	Total	Under Panchayets at the beginning of the half-year ending 31st December 1918	For which Panchayets were constituted during the half-year ending 31st December 1918	Total
Kolar ...	5	3	8	8	2	10
Tumkur ...	29	8	37	37	4	41
Chitaldrug* ...	10	2	12	12	Nil	12

*But in the statement for the half-year ending 31st December 1918, the Deputy Commissioner of Chitaldrug gives the names of only 9 major tanks for which Panchayets have been constituted.

Again the total number of major tanks in Tumkur District is stated to be 424 (Col. 4) as against 415 in the previous half-year's statement and the Deputy Commissioner states in his letter No. H. C. 742, dated 28th February 1919 in respect of the variations observed in the previous review that the figures furnished by the Taluk authorities were being invariably incorporated in the consolidated statement and that necessary corrections were recently made in the current report adopting the figures furnished in the Dewan's recent tour notes. The discrepancies pointed above should be avoided ; the figures should be verified and the correct totals reported at a very early date.

6. The Deputy Commissioners of Bangalore and Kolar have again failed to furnish figures in column 4 contained in the printed statement of the previous half-year (or column 5 of this office consolidated statement for the half-year under review).

7. The explanation called for in paragraph 2 (ii) and (iii) of Government Order No. R. 17-25—L. R. 14-18-32, dated Camp Mysore, 27th April 1919, should be at once submitted by the Deputy Commissioners concerned.

8. Reference is invited to paragraph 3 of the above Government Order and the information called for therein regarding the actual work done by the Panchayets already constituted should be submitted at a very early date.

Government Order No. R. 13579-88—L. R. 375-18-13, dated 24th April 1919, passing orders regarding the grant of remissions of assessment on account of unfavourable seasonable conditions during 1918-19.

2. Representation by Mr. S. Seetharamiah, Advocate and Member of the Legislative Council, Shimoga, urging grant of similar concessions in respect of Sorab Taluk and generally in the case of the rain-fed lands and wet lands which yielded a crop of less than four annas in the Shimoga District.

3. Letter No. 13, dated 3rd July 1919, from the Revenue Commissioner in Mysore, furnishing his views in the matter.

Order No. R. 1472-4—L. R. 375-18-17, dated 26th July 1919.

The Revenue Commissioner states that no concession was recommended by him in respect of the Sorab Taluk in his letter No. F. C. 258, dated the 15th February 1919, as it was found that more than 50 per cent of the total wet extent in the taluk had been cultivated but, now that it is reported that wet crops in the Anavatti, Jade and Kuppagadde hoblis and in a few villages of the other hoblis of the taluk fared quite as badly as in the Shimoga Taluk, he agrees with the Deputy Commissioner in recommending extension of the concessions sanctioned in the Government Order of the 24th April 1919 read above to the Sorab Taluk. In these circumstances, Government are pleased to approve of the concurrent recommendations of the Revenue Commissioner and Deputy Commissioner.

2. As regards rain-fed lands, the Revenue Commissioner is of opinion that similar concessions may be granted in their case also, in consideration of the facts that the tanks in the Malnad being small Kattes mostly and consequently only nominal sources of water-supply, almost all wet lands in the Malnad Taluks are rain-fed, that it is difficult to distinguish tank-fed from rain-fed lands, that the difference in assessment between them is not very appreciable and that the additional amount which will have to be remitted on this account will not exceed Rs. 20,000 at the utmost. In the light of the above, Government are pleased to sanction the recommendation of the Revenue Commissioner in respect of the marginally noted taluks of the Shimoga District.

Shimoga,
Kumsi,
Shikarpur and
Sorab Taluks.

3. In regard to the representation for remission of half the wet assessment on wet lands yielding a crop of less than four annas, Government observe that the point has been carefully considered and negatived, and that such a concession is not called for.

Government Order No. R. 1608-17, dated 7th December 1903, prescribing the form of the notification and the procedure to be adopted for publishing the grouping of villages and the maximum rates in connection with the revision settlement of a taluk.

2. Government Order No. R. 9188-97—L. S. 22-04-2, dated 25th March 1905, revising the notification prescribed in the order read above and directing that appeals on broad grounds may be submitted to the Deputy Commissioner, within three months from the date of the introduction of settlement in a taluk.

3. Subject No. 46 of the proceedings of the Representative Assembly of April 1918, praying that during the revision settlement of a taluk, the revised rates proposed to be levied may at first be publicly notified in the villages concerned and finally sanctioned only after considering the objections that may be raised against the said rates.

4. Letter No. 99, dated 7th November 1918, from the Superintendent, Revenue Survey and Settlements in Mysore, furnishing his opinion in the matter.

5. Letter No. C. 658, dated 13th February 1919, from the Revenue Commissioner in Mysore on the same subject.

Order No. R. 603-53—L. S. 7-18-5, dated 11th July 1919.

The question of the procedure to be followed before sanctioning the revision settlements of taluks, proposed by the re-settlement officers, has come up before Government on several previous occasions, and orders have been passed thereon, from time to time. With a view to safeguard the individual interests of the raiyats, Government in their order dated 7th December 1903 read above, directed that during the re-settlement of a taluk, the revised grouping of the villages and the maximum rates adopted should be notified before and in each village and finally approved only after considering the objections that may be raised thereto. It was however found that the actual working of this system was attended with great difficulty, as the raiyats were unable to understand the significance of 'maximum rates' and the effects thereof on their lands, with the result that the settlement work was greatly hampered by numerous irrelevant and ill-informed petitions and criticisms. Government were therefore compelled to abandon this practice and in their subsequent order dated 25th March 1905, they directed the discontinuance of the system of notifying the rates previously and limited the concession by allowing only appeals on broad grounds, within three months of the announcement of the revised rates in a taluk.

2. The question having again come up for consideration, Government have now once more obtained the views of the Revenue Commissioner and the Survey Superintendent in the matter and have also examined the existing practice in the Bombay and the Madras Presidencies.

3. The Survey Superintendent considers it undesirable to alter the existing practice which in his view is suitable and sufficiently safeguards the interests of the raiyats. The Revenue Commissioner is however of opinion that the Bombay system may be adopted in Mysore.

4. After a careful consideration of the question, Government are of opinion that during the re-settlement of a taluk it is desirable to afford a fair opportunity to the raiyats to prefer beforehand all reasonable objections they may have in the matter, and that the practice of preferring objections subsequently, adopted in the order of 25th March 1905, is not convenient and fair to the raiyats. Government do not however consider it desirable to issue rough pattas as in Madras, as the system will entail heavy labour and will not afford any advantages in the case of the illiterate raiyats. They are therefore pleased to direct that in future the general principles of re-settlement including the fixing of maximum rates should be previously notified in each

village and objections received within two months duly considered before finally sanctioning the revised rates. The parties may be allowed to raise objections regarding the proposed maximum and average rates as also to the grouping of the villages in the taluk and such representations may come from individuals or a body of raiyats holding lands under one common irrigation source or under the same group.

6. The Survey Superintendent is requested to submit for the approval of Government a draft of notification for publishing the revised rates and calling for objections on the lines indicated in para 4 above.

No. C. 3314—Gl., dated 13—16th May 1919, from K. R. Srinivasaiengar, Esq., M. A., Revenue Commissioner in Mysore, to the Secretary to the Government of His Highness the Maharaja of Mysore, Revenue Department.

I have the honour to state that there are at present no rules defining the powers to be exercised by the Superintendent, Civil Veterinary Department, in respect of the appointment of the subordinate staff (compounders, farriers and salustries) in the Veterinary Hospitals and Dispensaries or laying down the procedure to be adopted by the officers in charge of these institutions in sending up proposals for these appointments. Very often such proposals are sent by them to this office through the Deputy Commissioner and sometimes they are sent through the Superintendent, Civil Veterinary Department. As it is desirable that the Superintendent, Civil Veterinary Department, who is immediately responsible for the administration of the Department should be given certain powers in this respect and that there should be a clear understanding regarding the procedure to be adopted in this matter as well as in regard to leave applications of the Veterinary Officers and their subordinate staff, I propose to issue instructions on the following lines for the guidance of all the officers concerned and request that the same may be approved by Government.

(1) All proposals for the appointment of compounders, salustries, farriers and menial servants in Veterinary Hospitals and Dispensaries and of clerks and menials in the offices of the Veterinary Circle Inspectors will be sent by the Assistant Veterinary Inspector or Circle Inspector concerned to the Superintendent, Civil Veterinary Department, who will have power to sanction all such appointments, the Revenue Commissioner's approval being obtained in respect of all appointments carrying a pay of over Rs. 20.

(2) As regards the grant of leave, the following procedure will be adopted:—

(i) The Assistant Veterinary Inspector in charge of the Hospital or Dispensary and the Circle Inspector may grant casual leave to all the men employed under them.

(ii) The Superintendent, Civil Veterinary Department, may grant all other kinds of leave under the Mysore Service Regulation in respect of them, the sanction of the Revenue Commissioner being obtained in respect of privilege or other leave exceeding three months and necessitating the appointment of substitutes for persons drawing more than Rs. 20, and

(iii) The Deputy Commissioners (or Sub-Division Officers when they are authorized by the Deputy Commissioners in this respect) may grant casual leave under the Rules to the Assistant Veterinary Inspectors in the district and also privilege leave up to 15 days when no substitutes are required, intimating the fact at once to the Superintendent, Civil Veterinary Department, and to the Revenue Commissioner. When longer leave is required or when substitutes have to be appointed, the Veterinary Officer will submit his application to the Deputy Commissioner for being sent to the Revenue Commissioner, who will pass the necessary orders thereon in consultation with the Superintendent, Civil Veterinary Department.

(iv) Circle Inspectors will submit their leave applications to the Superintendent, Civil Veterinary Department, who may sanction casual leave to them and in the case of other kinds of leave send up the applications for the orders of the Revenue Commissioner.

(iii) The Deputy Commissioners (or Sub-Division Officers when they are authorized by the Deputy Commissioners in this respect) may grant casual leave under the Rules to the Assistant Veterinary Inspectors in the district and also privilege leave up to 15 days when no substitutes are required, intimating the fact at once to the Superintendent, Civil Veterinary Department, and to the Revenue Commissioner. When longer leave is required or when substitutes have to be appointed, the Veterinary Officer will submit his application to the Deputy Commissioner for being sent to the Revenue Commissioner, who will pass the necessary orders thereon in consultation with the Superintendent, Civil Veterinary Department.

(iv) Circle Inspectors will submit their leave applications to the Superintendent, Civil Veterinary Department, who may sanction casual leave to them and in the case of other kinds of leave send up the applications for the orders of the Revenue Commissioner.

NOTIFICATION.

No. R. 735—Ft. 173-18-7, dated 12th July 1919.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900) that from the 1st September 1919 the area, the boundaries of which are set forth in the Schedule annexed to this notification shall be deemed to be a "State Forest" subject to the exercise of rights specified at foot thereof:—

SCHEDULE.

District	Taluk	Approximate area	Name of Block	Boundaries
Shimoga	Sorab and Shikarpur	A. g. 888-0 or 1·38 square miles	Arekoppa	*North.*—Starting from a point about 2 chains north-west from the south-east corner of Survey No. 4 of Bedavatti the boundary line runs north-east for about 72 chains through Survey No. 91 of the said village to the tri-junction bandhs of Bedavatti, Bilavani and Kolgunasi villages; then south-east for about 66 chains through Survey Nos. 106 and 73 of Kolgunasi to a point about 6 chains south-west from the south-west corner of Survey No. 104, then again south-east for about 50 chains through Survey No. 73 to a point about 10 chains south-east from the southernmost corner of Survey No. 74; then north-east for about 54 chains through Survey No. 73 to a point on the common boundary between Kolgunasi and Kyadigekoppa about 5 chains south-west from the south-west corner of Survey No. 44 of the abovenamed latter village.

No. R. 731-4—FT. 173-18-6, DATED 12TH JULY 1919.

East.—Then the line passes south-west for about 30 chains, through Survey No. 43 of Kyadigekoppa to a point about 8 chains south-west from the north-west corner of Survey No. 42; then south-east for about 31 chains through Survey No. 43 to a point on the common boundary between Kyadigekoppa and Hirekasavi about 2 chains south-west from the south-west corner of Survey No. 29 of the former village; then south for about 30 chains through Survey No. 116 of Hirekasavi to the northernmost corner of the tank, Survey No. 111.

South.—Then the demarcation line follows the west side of Survey No. 111 to its south-west corner; then north-west for about 54 chains through Survey No. 116 to a point on the common boundary between Hirekesavi and Arekoppa about 9 chains east from the north-east corner of Survey No. 21 of the latter village; then again north-west for about 52 chains through Survey No. 17 of Arekoppa to a point about 6 chains north-east from the northernmost corner of Survey No. 38; then slightly north-west for about 75 chains through Survey No. 17 to a point on the common boundary between Arekoppa and Bedavatti about 9 chains north-west from the north-east corner of a tank situated in the north side of Survey No. 7 of the former village; then along the said common boundary for about 15 chains to a point about 12 chains north-east from the tri-junction bandhs of Yelavalli, Manmane and Bedavatti villages.

West.—Then the line continues in a north-easterly direction for about 27 chains through Survey No. 91 of Bedavatti to the south-east corner of Survey No. 10; then along its east side to its easternmost corner; then along the southern side of Survey No. 9 and east sides of Survey Nos. 9, 8 and 4 to meet the starting point.

Remarks.

A. The following rights of way are admitted within the block for use by men and cattle throughout the year:—

I. *Foot-path leading from Arekoppa to Kolgunasi 6 feet wide.*—It enters the forest in the southern boundary of the block at a point about 3 chains north-west from the north-east corner of Survey No. 18 of Arekoppa and runs north-east for about 25 chains through Survey No 17 of Arekoppa and 73 of Kolgunasi and quits the forest at a point about 10 chains south-east from the southernmost corner of Survey No. 102 of Kolgunasi.

II. *Foot-path 6 feet wide leading from Manmone to Kolgunsi.*—It enters the forest in the southern boundary of the block at a point about 12 chains north-east from the north-east corner of Survey No. 16 of Arekoppa and passes north-east for about 41 chains through Survey Nos. 17 of Arekoppa, and 73 and 106 of Kolgunasi and quits the forest at a point about 18 chains west from the northernmost corner of Survey No. 105 of Kolgunasi.

III. *Foot-path 6 feet wide leading from Bedavatti to Suthukote.*—It enters the forest in the northern boundary of the block at a point about 5 chains south-west from the southernmost corner of Survey No. 26 of Belavani and runs east for about 5 chains through Survey Nos. 91 of Bedavatti and 10b of Kolgunasi and quits the forest at a point about 2 chains south-east from the southernmost corner of Survey No. 26 of Bilavani.

IV. *Foot-path 6 feet wide leading from Kyadigekoppa to Arekoppa.*—It enters the forest in the eastern boundary of the block at a point about 7 chains south-west from the north-west corner of Survey No. 42 of Kedigekoppa and passes south-west for about 22 chains through Survey Nos. 43 of Kyadigekoppa and 73 of Kolgunasi and quits the forest at a point about 7 chains south-east from the south-east corner of Survey No. 77 of the abovenamed latter village.

B. Concessions.

The villagers of Suthukote and Chattradahalli are allowed to take dry wood free of cost from this State Forest and also to graze their cattle on payment of one-fourth and half the seigniorage rates respectively.

By Order,
B. RAMASWAMAIYA,
Secy. to Govt., Rev. Dept.

To—The Compiler, *Mysore Gazette.*

Letter No. 470, dated 11th February 1919, from the Forest Settlement Officer in Mysore, to the Revenue Commissioner in Mysore, Bangalore, through the Deputy Commissioner, Shimoga District.

I have the honor to report on the conclusion of the settlement of Arekoppa Block in Sorab and Shikarpur Taluks, Shimoga District.

2. The initial notification under Section 4 of the Mysore Forest Regulation proposing to constitute the area into a State Forest appeared on pages 390 and 391 of the English issue of the *Mysore Gazette*, Part I, dated 10th May 1917, and the proclamation under Section 5

of the said Regulation was issued by my predecessor Mr. B. Basavaradhya, on 26th May 1917 and the same published on pages 694 and 696 of the Kannada issue of the Gazette, Part II, dated 14th June 1917. The spare copies of the notification were got served through the Amildars of Sorab and Shikarpur Taluks and the settlement work was completed on 1st June 1918, by Mr. B. Basavaradhya himself.

3. It is seen from the records that 10 clains 1 to right of way, 1 to right of water, and 8 to miscellaneous rights were preferred during the enquiry. The first two claims were admitted. Out of 8 claims to miscellaneous rights, 1 fully and 5 partially were allowed and the rest rejected. Rights of way to four foot-paths were found to be necessary during the inspection and were accordingly allowed under Section 7 although not claimed under Section 5.

4. The Deputy Commissioner, in his docket No. Mis. C. 326 –Rev. 18-19, dated 12th September 1918, says that no appeals have been preferred to him against the decision of the Forest Settlement Officer.

5. There is only one gomal in the village of Hirekesavi. Out of this about 145 acres have been taken for this block. It is suggested in the decision that to compensate the loss of gomal an area of about 47 acres, 12 guntas of kharab Survey No. 25 may be converted into gomal for the benefit of the raiyats. The suggestion may kindly be approved and necessary further action taken.

6. The following records are herewith submitted:—

(i) B. Register.
(ii) C. Register.
(iii) Boundary notification.
(iv) Sketch map.
(v) Topo tracing.

7. The date from which the reservation is to take effect may kindly be inserted in the draft boundary notification.

Gurusiddappa, patel of Biluvani, for the raiyats.	30-5-18	Begs for the exclusion of Survey No. 26 from the proposed block as the villagers have no other land for their cattle to graze.	..	The cattle of the village may be admitted into the block on payment of a lump-sum grazing fee.	The whole of gomal Survey No. 26 is proposed to be taken for the forest. There is no other gomal in the village nor even a gunta of kharab. There is a total assessed waste of acres 21, guntas 21 in extent but this cannot be depended upon for pasture, as it may be taken up for cultivation any time. The village contains about 316 heads of cattle and a population of 267. In these circumstances it is decided that the whole of the survey number in question should be excluded.	
Mallappa, patel of Kolgunasi, on behalf of the villagers.	Do	Prays for the exclusion of kharab Survey No. 106 and gomal Survey No. 73 from the proposed block as they are required not only by his villagers but also those of Chatradahalli and Suthukote who have no jungle of their own and use these numbers for pasture, fuel, etc.	..	The area that remains to the village *viz*., acres 79, guntas 5 of gomal and guntas 2 of kharab together with the margin to be left along the edges of cultivation will be ample for the requirements of the villagers. The privileges said to have been exercised by the raiyats of Suthukote and Chatradahalli are clandestine as they are not supported by survey records or other Government orders. Hence they cannot be considered.	The only gomal and kharab Survey Nos. 73 and 106, respectively, of the village are both proposed to be taken for the forest and the raiyats rightly oppose this. In the south and south-east of the village there are a number of cultivated lands for which usual margin of 5 chains should be left in Survey No 73. As this is a pretty big village some space should be left also to the west of the village. The line is therefore changed so as to include in the forest only about 67 acres of Survey No. 106 and 169 acres of Survey No 73. The patel says that Chatradahalli and Seethukote people graze their cattle and remove fuel from these lands. There is no Government order or other document authorizing this. Even if they are exercising these rights they must be doing so clandestinely. Further the village accounts of Suthukote shew that there is only one gomal, *viz*., Survey No. 61 having an area of acres 9, guntas 13 for the use of 292 heads of cattle and a population of 325. Their is neither kharab nor assessed waste. The helpless condition of the village deserves consideration. It is therefore decided that the cattle of Seethukote be allowed to graze in the proposed State Forest on payment of ¼ of the usual seigniorage and the people be allowed to take dry wood free of cost from this reserve. The condition of Chatradahalli though bad enough, is not so bad as Seethukote. So the cattle of this village 205 in number also are allowed to graze on payment of half the seigniorage and villagers are permitted to take dry wood free of cost from the forest.	
Forest Settlement Officer.	..	..	..	..	(1) A foot path 6 feet wide from Arekoppa to Kolgunasi and another (2) foot-path from Arekoppa to Seethukote and third (3) from Bedavatti to Seethukote each 6 feet in width are allowed for use by men and cattle only throughout the year.	
3 Hutchappa, patel of Kyadigekoppa, on behalf of the raiyats	30-5-18	Represents that the villagers will be very much inconvenienced if Survey No. 43 is taken to the forest as they have no other lands to get their requirements from.	..	An area of about 30 acres in the north-east corner of Survey No. 43 close to the village site, may be excluded as there is only acres 26, guntas 18 of gomal in the village which is insufficient for 151 cattle.	The Forest Department proposes to take the whole of Survey No. 43 a kharab land from this village. The villagers have got only 26 acres and 18 guntas of gomal which is scarcely enough for 151 cattle. They have to get their other requirements also from this land. So it is decided that the Forest Department should be given only 69 acres out of it, leaving the rest to the village. The situation of Survey No. 43 and the allocation of the cultivation lands are such that more than 69 acres cannot be conveniently taken.	
Forest Settlement Officer.	..	..	..	..	(1) A foot-path, 6 feet wide from this village to Arekoppa is allowed for use by men and cattle only throughout the year.	
1 Basalingappa, patel of Hirekesavi, for the villagers.	30-5-18	(1) Prays for the exclusion of the only gomal Survey No. 116, proposed to be taken	..	It is proposed that only about 140 acres of gomal be taken for the block leaving acres	The bulk of the gomal land Survey No 116 is proposed to be taken up. After leaving the usual cultivation margins for Survey Nos. 108, 103, 114

			for the block as it is needed for their cattle which are 317 in number.		247, guntas 12 of kharab and acres 102, guntas 27 of gomal for the use of 317 heads of cattle in the village. This is more than ample. So there is no reason to exclude any area out of the portion proposed.	and 115, about 145 acres will be taken for the forest. To compensate for the loss of so much gomal about 47 acres, 12 guntas of the kharab Survey No. 25 may be converted into gomal.	
	.....		(2) Permission to get agricultural and domestic requirements free of cost from the forest as also timber at concession rates.		The agricultural implements, etc., can be obtained out of the area left to the village.	(2) As there is a kharab land of 247 acres in the village all supplies for the village can be obtained therefrom and no further concession of any kind are considered necessary.	
5	Chandrasekharagowda, patel of Arekoppa on behalf of the villagers.	30-5-18	Says that there is only one gomal Survey No. 10 having an area of acres 19, guntas 15 which is insufficient for the cattle and the villagers are using Survey No. 17 a kharab land for getting fuel, pasture, etc., and if this kharab is taken for the block the villagers will be very much inconvenienced and so the same may be excluded from the proposed forest	...	The total extent of gomal and kharab in the village is acres 19, guntas 15 and acres 287, guntas 8 respectively out of the kharab area about 220 acres are proposed to be taken for the block. The remaining lands *viz.*, 19 acres, 15 guntas of gomal and 37 acres, 8 guntas of kharab together with the margin to be left along the edge of cultivation are enough for 162 heads of cattle in the village.	This is a very small village containing 14 dwelling houses with a population of 67 and 112 heads of cattle. The only gomal Survey No 10 which is 19 acres, 15 guntas is not enough for the cattle. The Forest Department proposes to take almost the whole of kharab Survey No. 17 but for reasons stated above and also to give cultivation margin, it is decided to give to the village a strip of land along the whole length of Survey No. 17 in the south, of about 90 acres. This is more than enough for the village. There is an area of about 153 acres of assessed waste in the village to help the raiyats.	
	Forest Settlement Officer.	...	...	...	...	A foot-path 26 feet wide from Manmane to Kolgunsi is allowed for use by men and cattle throughout the year.	
6	Veerappa, patel of Bedavatti for the villagers.	30-5-18	Represents that the temple of Sree Veerabhadraswami in Survey No. 91 is resorted to by many people and a jatra is held annually when 200 or 300 persons congregate there for three days and so some area round the temple is required.	...	About 350 acres are proposed to be taken from the kharab Survey No. 91 leaving 127 acres, 9 guntas of gomal and 73 acres, 20 guntas of kharab for the requirements of the village. This is more than ample for 182 heads of cattle and also to get fuel etc.	Survey No. 91 is proposed to be taken for the forest. The villagers say that there is a temple of Sree Veerabhadraswami and about 200 or 300 people assemble there during the car festival, etc., and there is a canal coming from "Bhangara Woddu" in Manmane village irrigate many lands and these should be left out of the block. Some space is necessary for the people that assemble in the temple and so it is decided that some land in the south-west portion of the survey number where both the temple and the canal exists should be left out.	
	.....	...	(2) The channel coming from the tank known as "Bangara Woddu" and passing along the west side of Survey No. 91, irrigates many lands of his village and the villagers want this channel.	...	(2) The right of way to the "Woddu" and the channel from it may be admitted.		
	.....	...	(3) The villagers of Bilvani and Gerakoppa remove fuel from Survey No. 91 and graze their cattle in it as they have no jungle in their villages.	Produces the Khetwar of Bedavatti.	There is no reason for these villagers to use the lands of Bedavatti as they have their own lands. Besides this the exercise of the above privileges is not borne out by survey records or by order of Government.	There is nothing in the shape of a Government Order or a shara in the Khetwar to show that these villagers have any right to graze their cattle. If they are using the lands as alleged either clandestinely or by the sufference of the raiyats of Bedavatti it cannot create any right worthy of recognition.	
	.....	...	(4) The villagers have no way from their village to Survey No. 90 and so they want some land in Survey No. 91.	...	It was found out during the inspection that there is a cart-track from the village site to Survey No. 90.	There is no sufficient reason to left off Survey No. 91 as the existence of a cart-track was found out during the inspection. But a portion of Survey No. 91 is left off in the north as it was considered necessary to supply the other requirements of the village.	
	Forest Settlement Officer.	...	...		.....	(3) A foot-poth 6 feet wide to Kolsgunsi passing through Survey No. 91 is allowed for the use of men and cattle throughout the year.

NOTIFICATION.

No. R. 659—Ft. 113-18-5, dated 11th July 1919.

The Government of His Highness the Maharaja of Mysore are pleased to declare under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900), that from 1st September 1919, the area, the boundaries of which are set forth in the Schedule annexed to this notification, shall be deemed to be a "State Forest" subject to the exercise of rights specified at foot thereof :—

SCHEDULE.

District	Taluk	Approximate area	Name of block	Boundaries
Shimoga	Sagar	771 acres and 23 guntas or 1·20 sq. miles	Malali	*North.*—Starting from a point about 21 chains slightly north-east from the north-east corner of Survey No. 20 of Brahmanvada, Chithrathi the line runs slightly north-east for about 3 chains, through Survey No. 25 to a point about 23 chains south-west from the north-west corner of Survey No. 82 of Ullur; then south-east for about 16 chains through Survey No. 81 of Ullur to the south-west corner of Survey No. 82; then along its south side to its south-east corner then north-east for about 21 chains to the southernmost corner of Survey No. 80; then south-east for about 22 chains to a point on the common boundary between Ullur and Hakrekoppa about 12 chains north-west from the north-west corner of Survey No. 15 of the above named latter village; then south-east for about 18 chains through Survey No. 19 to a point on the common boundary between Hakrekoppa and Malali about 8 chains south-west from the south-west corner of Survey No. 18 of the former village; then along the said common boundary for about 42 chains to a point about 10 chains south-west from the south-west corner of the tank Survey No. 20 of Hakrekoppa: then north-east for about 27 chains through Survey No. 19 to a point about 10 chains north-east from the easternmost corner of Survey No. 21; then along the common boundary between Kaspadi and Hakrekoppa, for about 49 chains to a point on the high-road leading from Sagar to Ananthapur about 2 chains south-west from the south-east corner of Survey No. 32 of Hakrekoppa. *East.*—Then the line passes south-west along the said high-road for about 54 chains to a point about 6 chains south-west from the south-west corner of Survey No. 10 of Kaspadi; then south-east for about 15 chains through Survey No. 4 to its westernmost corner of Survey No. 7; then south-west for about 23 chains through Survey No. 4 to the north-west corner of Survey No. 5; then along its west and south sides to the southernmost corner; then north-east for about 21 chains to the southernmost corner of Survey No. 7; then east for about 17 chains through Survey No. 4 to a point on the high-road leading from Sagar to Ananthapur, about 6 chains west from the south-east corner of Survey No. 3; then along the said high-road to the tri-junction bandhs of Nedarvalli, Jambekoppa and Nanditale villages. *South.*—Then the line continues south-west along the common boundary between Jambekoppa and Nanditale for about 15 chains to a point about 5 chains south-east from the north-east corner of Survey No. 26 of Nanditale: then north-west for about 7 chains to the north-west corner of Survey No. 26; then along its west side to a point about 4 chains north-east from the northernmost corner of Survey No. 27; then north-west for about 16 chains through Survey No. 22 of Nanditale to a point on the east side of Survey No. 25 about 6 chains north from its south-east corner; then along the east sides of Survey Nos. 25, 24 and 23 and north-side of Survey No. 23 to its north-west corner; then along the west sides of Survey Nos. 23 and 24 to the north-west corner of Survey No. 25; then south-west for about 16 chains through Survey No. 22 to the north-west corner of Survey No. 30; then north-west for about 20 chains through Survey Nos. 22 and 21 to the south-east corner of Survey No. 20; then along the east side of Survey No. 20 to its north-east corner; then along the east side of Soorambikere to its north-east corner; then along the northside of the said kere for about 9 chains to a point on the common boundary between Hanagodu and Nanditale about 4 chains north-west from the north-west corner of Survey No. 20 of Nanditale; then almost south for about 29 chains through Survey No. 7 of Hanagodu to a point about 5 chains south-west from the south-west corner of Survey No. 18 of Nanditale; then north-west for about 10 chains to the northernmost corner of Survey No. 6 of Hanagodu; then slightly north-west for about 6 chains along the common boundary between Hanagodu and Malali; to meet the foot-path going from Kaspadi to Malali; then north-west for about 51 chains through Survey No. 56 of Malali to a point about 5 chains north from the northernmost corner of Survey No. 53; then south-west for about 70 chains through Survey No.				

56 to a point on the north-side of Survey No. 38 about 9 chains north-west from its north-east corner: then along the northsides of Survey No. 38 of Malali and 27 of Brahmanvada Chithrathi to a point on the northside of the latter Survey number about 4 chains west from its north-east corner.

West.—Then the line passes north-west for about 38 chains through Survey Nos. 26 and 25 to meet the starting point.

Remarks.

A. The following rights of way are admitted within the block for use by men and cattle in case of foot-paths which are 6 feet wide and by men, cattle and carts in case of cart-tracks which are 12 feet in width, throughout the year:—

I. Cart-track from Honnesara to Sagar-Ananthapur high road.—

It enters the forest in the southern boundary of the block at a point about 4 chains west from the north-east corner of Survey No. 27 of Brahmanvada Chithrathi and runs north-east and north through Survey Nos. 26 and 25 of the said village and 81 of Ullur for about 38 chains and quits the forest at a point about a chain south-east from the south-east corner of Survey No. 82 of Ullur.

II. Foot-path leading from Survey No. 25 of Brahmanvada Chithrathi to the high road.—

It enters the forest in the northern boundary of the block from the staring point of the demarcation line and runs south-east and north-east for about 7 chains through Survey No. 25 of Brahmanvada Chitrathi and 81 of Ullur and quits the forest at a point about 12 chains north-west from the south-west corner of Survey No. 82 of Ullur.

III. Cart-track from Ullur to Sagar.—

It enters the forest in the northern boundary of the block at a point about 10 chains south-east from the south-east corner of Survey No. 79 of Ullur and runs south and south-west for about 61 chains through Survey Nos. 81 of Ullur and 56 of Malali and leaves the forest at a point about 10 chains north-west from the north-east corner of Survey No. 38 of Malali.

IV. Cart-track from Hakrekoppa to Sagar-Ananthapur high road.

It enters the forest in the northern boundary of the block at a point about 8 chains south-east from the south-east corner of Survey No. 18 of Hakrekoppa and runs south, slightly north-east, south-east and again north-east for about 100 chains through Survey Nos. 56 of Malali and 4 of Kaspadi and quits the forest at a point about 10 chains south-west from the south-east corner of Survey No. 3 of Kaspadi.

V. Cart-track from Kaspadi to Malali Matt.—

It branches from the cart-track No. IV *supra* at the same point where it enters the forest and runs slightly south-west for about 14 chains through Survey No. 56 of Malali and quits the forest at a point about 8 chains north-east from the north-west corner of Survey No. 52.

VI. Cart-track from Nandikere Majre of Ullur to the cart-track No. I *supra*.—

It enters the forest in the northern boundary of the block at a point about 3 chains south-west from the southernmost corner of Survey No. 80 of Ullur and runs south-west for about 26 chains through Survey No. 81 and joins the cart-track No. I *supra* at a point about 7 chains south-east from the south-west corner of Survey No. 82.

VII. Cart-track from Mathibhavi Majre of Hakrekoppa to the high road.—

It enters the forest in the northern boundary of the block at a point about 3 chains south from the south-east corner of the tank Survey No. 20 of Hakrekoppa and runs north-east for about 6 chains through Survey No. 19 of Hakrekoppa and quits the forest at a point about 3 chains south-east from the easternmost corner of the tank Survey No. 20.

VIII. Foot-path from Hakrekoppa to the high road.—

It enters the forest in the northern boundary of the block at a point about 15 chains north-east from the south-east corner of Survey No. 24 of Hakrekoppa and runs north-east for about 12 chains through Survey No. 4 of Kaspadi and joins the high road.

IX. Foot-path from Kaspadi to Malali.—

It branches from the cart-track No. 4 *supra* at a point about 4 chains south-east from the easternmost corner of Survey No. 5 of Kaspadi and runs south-west for about 28 chains through Survey Nos. 21 of Nanditale and 7 of Hanagodu and quits the forest at a point about 6 chains north from the northernmost corner of Survey No. 6 of Hanagodu.

X. Cart-track from Kaspadi to Malali.—

It branches from the cart-track No. 4 *supra* at a point about 4 chains south-east from the southernmost corner of Survey No. 7 of Kaspadi and passes south for about 28 chains

No. R. 655-58—Ft. 113-18-4, dated 11th July 1919.

through Survey No. 21 of Nanditale and leaves the forest at a point about 8 chains north-west from the north-west corner of Survey No. 30 of Nanditale.

XI) Cart-track from Nedarvalli to Jambekoppa.—

It branches from the Sagar-Ananthapur highroad at a point about 2 chains north-west from the tri-junction bandhs of Nedaravalli, Jambekoppa and Nanditale and runs south-west for about 9 chains through Survey No. 22 of Nanditale and follows the demarcation line for about 6 chains and leaves the forest at a point about 5 chains south-east from the north-east corner of Survey No. 26.

B. The following concessions are allowed within the block:—

The cattle of Hanagodu, Brahmanvada Chitrathi and Nandikere majre of Ullur are allowed to graze in the State Forest free of cost.

The raiyats of the following villages are allowed to take the articles noted against them free of cost on permits issued by the Forest Department.

1. Brahmanvada Chitrathi	Dry fuel for domestic use as well as for boiling arecanut and jaggery.	Bamboos and thorns for hedges and temporary sheds,
2. Hanagodu ..	Do	Nil Agricultural Implements
3. Ullur .	Nil	Bamboos and thorns for hedges and temporary sheds . Do
4. Kaspadi ..	Nil	Do pegs for sheds. Do

To— The Compiler, *Mysore Gazette.*

Letter No. 307, dated 15th November 1918, from the Forest Settlement Officer in Mysore, to the Revenue Commissioner in Mysore, Bangalore.

I have the honour to report on the conclusion of the Settlement of Malali Block in Sagar Taluk, Shimoga District.

2. The initial notification under Section 4 of the Forest Regulation proposing to constitute the area into a State Forest appeared on pages 793-794 of the English issue of the *Mysore Gazette*, Part I, dated 30th August 1917, and the proclamation under Section 5 of the said Regulation was issued on 2nd October 1917 and the same published on pages 1132-1133 of the Kannada issue of the Gazette, Part II, dated 11th October 1917. The spare copies of the notification were got served on the villagers through the Amildar, Sagar.

3. The locality was inspected and perambulated by me in company with the Range Officer, villagers, and village officials on 19th, 20th and 21st January 1918.

4. The following claims were preferred to me during the enquiry:—

(i) One claim to right of water.
(ii) Three claims to right of way.
(iii) Twelve claims to miscellaneous rights.

The claims in (i) and (ii) were admitted. Out of 12 claims in (iii) 4 fully and 5 partly admitted and the rest rejected. Besides this I have allowed about 7 rights of way which I found during my inspection necessary for the use of the villagers being of opinion that they were not asked for owing to ignorance.

5. Malali village has an area of about 347 acres of assessed waste lying unasked for, for a very long time for want of cultivators. There is only about 45 acres of gomal for 112 heads of cattle in the village which is insufficient. So, I recommend that assessed waste Survey Nos. 27, 28, 30, 31, 37 and 38 of the aggregate area of about 94 acres, 37 guntas may be converted into gomal for the benefit of the villagers.

6. The appeal decision has been noted in the proper column in the 'B' Register.

7. The following records are herewith submitted:—

(i) "B" Register.
(ii) "C" Register.
(iii) Boundary notification.
(iv) Sketch map.
(v) Topo tracing.

8. The date from which the notification is to take effect may kindly be inserted in the draft boundary notification.

Channabasavaiya, patel of Malali.	17-1-18	Says that the raiyats will be seriously inconvenienced if Survey No. 56 is wholly taken for the block and so it should be left for the villagers. 2. The cart-tracks and foot-paths in the block should be left for the use of the villagers.	..	Forty-five acres of gomal, 120 acres of kharab and 347 acres of assessed waste are still left for the use of the villagers. These assessed waste lands are lying unasked for, for a long time as the raiyats have enough of wet lands' This is ample for their agricultural and domestic requirements. '2. The rights of way may be allowed.	The villagers represent that if Survey No 56 is wholly taken it will inconvenience them. This is a fact. They will then have 45 acres for 112 heads left for the cattle. But there are 347 acres of assessed waste lying unoccupied in the village and it is very unlikely that these lands will ever be taken up for cultivation on account of the scarcity of cultivators. Some of them such as Survey Nos. 38, 37, 31, 30, 27 and 28 of the aggregate area of 91 acres and 37 guntas may be converted into gomal for the benefit of the cattle. A recommendation will be sent up to Government to that effect. Further the alteration of the line in Survey No 56 to give cultivation margin to the belt of wet lands will also release about 90 acres to the villagers. There is also an extent of 92 acres and 12 guntas of kharab for the village. All these put together will meet the village requirements of all kinds. No further concession is considered necessary. 2. Cart-tracks 12 feet wide one from Ullur passing through Survey Nos. 56 and 38, a second from Hakrekoppa passing along the northern boundary of Survey No. 58 and going to Anantapur and a third from Kaspadi *via* Survey Nos 56 and 52 are allowed.	The principal contention of the appellants is that Survey No. 26 measuring 81 acres and 20 guntas is additional Soppinbetta for them under Government Order No. 9644-5—L. R. 551-14-2, dated 5th May 1915 and that this has now been reduced to five 30 acres which is quite insufficient. There is some force in this contention. Survey No. 26 is at one end of the forest. A straight line joining the junction of the southern boundary of Survey No. 26 and the cart-track from Honnesara to the high road in the eastern corner of Survey No. 25 may be left over to the villagers. The area to the east of this line being included in the State Forest. This will add about 30 acres more to the villagers, and relieve them to that extent. The whole of Survey No. 26 which is one of the two gomals in the village is proposed to be taken. The line comes very near the cultivation. It is therefore shifted farther away so as to leave about 30 acres out of this. This coupled with Survey No. 25 (also a gomal) will be about 76 acres and there are also 160 acres of kharab which must be more than enough for 90 heads of cattle in the village. It is stated that Survey No. 26 is converted into both Soppinbetta and gomal *vide* Government Order No. R. 9644-55—L. R. 55-14-2, *dated 5th* May 1915, 30 acres of Survey No. 26 and 5 acres of Survey No 25 now let off may be used as Soppinbetta in addition to Survey No. 12 which is the Soppinbetta on the other side of the cultivation lands. This lessens the pasturage of the village. I therefore decide that the village cattle may be allowed free grazing rights in the proposed State Forest, bamboos and thorns for hedges and temporary sheds and dry fuel for domestic use and also for boiling arecanut and jaggery may be allowed to be taken from this State Forest on free permits issued by the Forest Department. Green and dry leaves are available in the kharab area in the village. Other claims do not seem to be reasonable. The request of the villagers to let go their gomal land to enable them to convert the same into a village forest has in my opinion come too late If this was their *bona fide* intention they would have moved in the matter earlier. This seem to be an after thought conceived by them or put into their heads by others as only counter-tactics to prevent the formation of the State Forest and as such deserves no consideration. A cart-track 12 feet wide from Honnesara to the high road and a foot-path 6 feet wide to the high road from Survey No. 25 are allowed.
Veerappa, patel of Brahmanvadu, Chithnathi.	18-1-18	Represents that Survey No 26 which has been proposed for the block cannot be given out for the forest as it has been recently converted into Soppinbetta and Muphath, *vide* Government Order No. R. 9644-5—L. R. 555-14-2, dated 5th May 1915, as the Soppinbetta left for the village, *viz.*, (21 acres and 7 guntas) is not enough for 20 acres and 3 guntas of bagayet lands in the village. If this is taken the raiyats will have no soppa for their gardens. 2. The villagers were bringing green and dry leaves for manure thorns and bamboos for hedges and temporary sheds, fuel for boiling arecanut and jaggery for putting up fire during nights in the fields to guard the crops, etc., and agricultural and domestic requirements and they will have the area as a village forest.	..	A margin of 5 chains may be allowed for the lands in cultivation Only 81 acres of gomal and Soppinbetta and 31 acres of kharab are proposed for the block. The remaining area, *viz* ., 46 acres and 29 guntas of gomal with the area that will be excluded by allowing cultivation margin is *enough for 90 heads* of cattle in the village. This area may be used for removing soppa also in addition to the Soppinbetta assigned. If this is not enough some of the kharab lands may be recommended to be converted into gomal and Soppinbetta. The villagers are quite ignorant and could not understand what is meant by village forest and as such they are not at all capable of forming the area into a village forest

Narsuappa, Patel of Ullur on behalf of the village	18-1-18	Represents that Survey Nos. 43 and 44 have been included in the Ullur State Forest. The land now proposed, i.e., Survey No. 81 is in the southern portion Another block called Kallukoppa block is proposed in the western side. Thus the village is surrounded on all sides by the Forest. They have only 40 acres of Soppinabetta for 179 acres and 39 guntas of garden and wet lands which is hardly enough. They are getting Soppu for manure. Fuel for boiling arecanut and sugar-cane and for domestic and agricultural purposes, bamboos and thoras for edges and temporary sheds from Survey No 81. Therefore they cannot spare Survey No. 81 and they will make it as a village forest.	....	A small area of about 84 acres has been proposed for the block in a corner of the village about a mile and a half away from Ullur, about 382 acres of gomal 137 acres of kharab and 290 acres of assessed waste excluding the area (216 acres and 28 guntas of gomal and 44 acres and 5 guntas of kharab) taken for Ullur Forest still remains for the village. This extensive area is more than ample for 208 cattle of the village. Of this 28 cattle of the Majri village known as Moole-Ullur are allowed free grazing rights in the Ullur State Forest. The villagers are allowed in the Ullur State Forest high concessions. They can as well enjoy in the left portions. So I strongly oppose the exclusion of any portion of the proposed area. The villagers can constitute a village forest from the left portions of Ullur and other adjoining villages.	Out of the total areas of gomal in the village, *i.e.*, 645 acres and 36 guntas about 216 acres and 28 guntas are taken for Ullur State Forest and about 83 acres are now proposed to be taken for Malale block leaving only 346 acres and 8 guntas to the village. There is a kharab area of 137 acres and 15 guntas apart from 40 acres of Soppinbetta. This is in my opinion enough provision for the cattle of the village no further concession is necessary. Finally there are 208 acres of assessed waste which are not likely to be taken up owing to the scarcity of raiyats in these parts. The request for the constitution of village forest is now too late and does not deserve to be considered for reasons stated in my decision about Brahmanwada Chittratte. The villagers have concession to get fuel free from Ullur State Forest. So no concessions in this block is necessary. Bamboos and thorns for hedges and temporary sheds and agricultural implements may be granted free from this Forest on free permits. A cart-track 12 feet wide to Gudikatte from Honnesara and another from Magrinandikere to meet the first cart-track in Survey No 81 are allowed.	Ullur has a hamlet called Nandikere close to Survey No 81 now included in this block. This hamlet consists of about 12 houses and supports about 50 cattle. It is some inconvenience to Nandikere people that the part of Survey No. 81 close to them becomes a State Forest. The Nandikere people will have free grazing in Survey No. 81. With this modification the Forest Settlement Officer's orders are confirmed.
Veerappa, Patel of Hakrekoppa on behalf of the villagers.	18-1-18	Says that the preliminary demarcation line has been taken on the bunds of the tanks which irrigates the lands and this should be shifted.	...	A margin of 5 chains may be allowed Free grazing as well as permission to get their agricultural and domestic requirements from this State Forest may be granted as this is the only gomal of their village.	The line is shifted from the tanks by the change of the line referred to in para 2 below	.....
	17-1-18	2. The only gomal of their village Survey No. 19 from which they get all their requirements, *viz.*, soppu for manure, fuel for boiling arecanut and jaggery and for domestic use bamboos, pegs and thorns for hedges, junglewood and bamboos for erecting temporary sheds and pasture for cattle should be excluded from the block and allow them to have the same as a village forest.	.	... ..	As Survey No. 19 area 365 acres and 9 guntas) is the only gomal of this village. I have changed the line so as to take only two small bits of about 38 acres in all and as such there is no room for further complaint or concession.	
		3. The cart-traks in Survey No. 19 are required for the use of the villagers		May be allowed	A bit of cart-track 12 feet wide from the high road to Mathi Bhavi passing through the land taken is allowed.	
Sivalingiah, Patel of Kaspadi on behalf of the raiyats.		Stating that Survey No. 21 is wholly taken for Ullur State Forest and Survey No. 4 is now proposed for this block and so they will have no lands in their village for their use and the raiyats are very much inconvenienced and so Survey No. 4 should be left of as also Survey Nos. 5, 6, 7 and 8.	....	Only one Survey number having an area of 161 acres has been proposed. The villagers are allowed free grazing and permission to bring fuel from the Ullur State Forest free The still remaining portion of about 131 acres of gomal and 170 acres of Soppinbetta are themselves ample to meet all their requirements. Hence no necessity to change the line. Permission to use the water of the tank Survey No. 8 for irrigation purposes may be granted.	The Forest Department proposes to make Survey Nos. 5, 6, 7 and 8 as enclosures of these 6 and 8 are tanks and 5 and 7 are assessed wastes I have excluded them all from the Forest.

5	Forest Settlement Officer.	17-1-18	2. Free grazing, bamboos for hedges, pegs for sheds, agricultural implements and fuel should be allowed to be taken whenever they want without waiting for a license or permission.	..		By the change of the line only about 1'38 acres are taken. The total gomal area of the village is 664 acres 29 guntas. Out of this about 372 acres have been taken for Ullar State Forest and the villagers have been granted free grazing rights and dry fuel. The cattle have been amply provided already. No grazing rights are now necessary bamboos and thorns for hedges, pegs for sheds, and agricultural implements should be allowed to be taken free of cost on mark licenses issued by the Forest Department. A foot-path six feet wide from Hakerkoppa to the high road passing across the Survey number 1 and a cart-track 12 feet wide leading from Sagar to the High road are allowed.	
6	Naranappa patel of Nanditale on behalf of the villagers.	Do.	Prays that the land to the north of Survey Nos. 13 and 14 which is used by the owners of the said survey numbers as Soppinabetta from a very long time should be excluded. 2. The tank to the north of Survey No. 20 which irrigates Survey Nos 17, 18, 19 and 20 may be let off from the block. 3. Gomal Survey No. 21 is required for the villagers. 4. Permission to bring bamboos fuel, agricultural implements green leaves for manure, thorns for hedges and grass for cattle free of cost from the State Forest may be granted. 5. Cart-tracks and foot-paths included in the block are required for the use of the villagers		Cultivation margin may be allowed and the Soppinbetta to the North of Survey Nos. 13 and 14 may be excluded. May be excluded.. No other concessions seems called for as they have ample. May be allowed	The villagers say they are enjoying that portion of Survey No. 21 which is adjacent to Survey Nos. 13 and 14 as Soppinbetta for a long time and they have marked it out by a trench. This is 9 chains from North to South. As the settled line now appears that portion is excluded 2. Tank known as Soorambikere to the north of Survey No. 20 is excluded as prayed for by the villagers. 3 I have excluded about 35 acres of Survey No. 21 and about 24 acres of Survey No. 22 as well for the use of the villagers. 4. Out of the total area of 141 acres 14 guntas. and 210 acres 20 guntas are proposed to be taken leaving 200 acres 34 guntas for the use of 142 cattle in the village. This together with 59 acres now left will be about 201 acres. There is also 266 acres of Soppinbetta which can be used for grazing This is ample provision for cattle as well as other requirements of the villagers. A cart-track 12 feet wide from Kaspadi and passing through Survey No. 21 and another cart-track 12 feet wide from Nedarvalli to Jambekoppa passing through North-East part of Survey No. 22 together with a foot-path 6 feet wide from Kaspadi to Hanagodu passing north of Soorambi tank are allowed. Survey Nos. 17, 18, 19, 20, 23, 24 and 25 which were proposed by the Forest Department to be treated as enclosures are now excluded.	
7	Naranappa, patel of Hanagodu on behalf of the raiyats.	Do.	Requests that Survey No. 7 which is the only gomal of their village should be granted for the use of the raiyats.	..	As the village contains only four cattle they can graze them in Survey Nos. 8 and 6 (Soppinbetta). Even then I propose to grant them free grazing rights and also permission to bring their agricultural and domestic requirements free.	The only gomal of this village Survey No. 7 (area 38 acres 7 guntas) is proposed to be taken. The cattle are only four in number and they will be granted free grazing in the proposed State Forest. The villagers will further be allowed to take from the forest fuel and agricultural implements on free permits issued by the Range Officer. Cultivation margin for Survey Nos. 17 and 18 of Nanditale and Survey Nos. 3 and 1 of Hanagodu is allowed. A foot-path 6 feet wide from Kaspadi to Malali passing through Survey No. 7 is granted.

No. R. 1142-5—Ft. 89-13-16, dated 21st July 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Notification No. R. 1864—Ft. 4-09-3, dated 28th August 1909, sanctioning the reservation, under Section 4 of the Forest Regulation of the Sulekere Block in the Honnali and Channagiri Taluks, Shimoga District.

2. Letter No. 6457, dated 15th November 1913, from the Revenue Commissioner in Mysore, submitting the papers relating to the settlement of the block and recommending the exclusion of certain lands and the grant of certain concessions as proposed by the Deputy Commissioner.

(*Printed as an accompaniment with the Forest Settlement Officer's and the Deputy Commissioner's letters and the B. Register.)

3. Correspondence ending with letter No. 6543, dated 5th January 1915, from the Conservator of Forests in Mysore, submitting his observations on the settlement effected.

4. Correspondence ending with letter No. 3767, dated 29th March 1915, from the Military Secretary to Government, stating that the Rudrapur and the Mohadinpur Amrut Mahal Kavals proposed to be included in the forest may be excluded therefrom as their inclusion will lead to dual management and consequent interference with the free grazing of Government cattle.

5. Letter No. 6123, dated 9th December 1918, from the Conservator of Forests in Mysore, reporting on the forest growth in the reserved area and stating that as there is no demand for lands for cultivation, the whole area as settled by the Forest Settlement Officer may be notified as a State Forest.

6. Correspondence ending with letter No. A. C. 462, dated 21st June 1919, from the Revenue Commissioner in Mysore, resubmitting the settlement papers with the revised C. Register of lands taken up for the forest block after excluding the lands of the Mohadinpur and the Rudrapur Kavals, Vailipur and Shringarbagh villages and the portion of Benekanahalli village proposed for inclusion in the block and 20 acres out of Survey No. 8 of the Chilapur village according to the orders of Government conveyed in the General and Revenue Secretary's letter No. 9701—Ft. 89-13-6, dated 7th May 1915, on the suggestion of the Deputy Commissioner, Shimoga District.

Order No. R. 1142-5—Ft. 89-13-16, dated 21st July 1919.

The settlement of the Sulekere Forest block effected by the Forest Settlement Officer is revised, as recommended by the Deputy Commissioner, Shimoga District, and approved. The boundary notification of the block as revised will be published in the Gazette and the block will be declared a State Forest from the 1st September 1919.

2. The Deputy Commissioner, Shimoga District, is requested to promulgate the boundaries of the block in the localities concerned.

B. RAMASWAMAIYA,
Secy. to Govt., Rev. Dept.

To—The Revenue Commissioner in Mysore.
The Deputy Commissioner, Shimoga District, with records and maps.
The Conservator of Forests in Mysore.
The Superintendent of Revenue Survey and Settlements in Mysore.

Exd.—G. W. B.

Notification No. R. 1146—Ft. 89-13-17, dated 21st July 1919.

The Government of His Highness the Maharaja of Mysore are pleased to declare under the provisions of Section 17 of the Forest Regulation XI of 1900, that from 1st September 1919, the area, the boundaries of which are set forth in the schedule annexed to this notification shall be deemed to be a State Forest, subject to the exercise of rights specified at foot thereof.

No. R. 1142-5—FT. 89-13-16, DATED 21ST JULY 1919.

5. Cart-track 15 feet wide and about 75 chains long from Chilapur to Komaranhalli, open for men, cattle and carts throughout the year. It enters the forest in its western boundary at a point about 34 chains southwards to the south-east corner of Survey No. 7 of Bairanhalli and goes through Re-survey No. 4 (Old No. 8) of the same village and through Survey No. 35 of Komaranhalli in an easterly direction and quits the forest in the eastern boundary at a point about 16 chains west from the south-west corner of Survey No. 34 of Komaranhalli.

6. Cart-track from Byranhalli to Benakanhalli, 15 feet wide 44 chains long, open for men, cattle and carts all the year round. It branches from cart-track No. 1 *supra* at a point about 6 chains distant from where the said cart-track quits the forest and goes through Survey Nos. 7 and 39 of Byranhalli and quits the forest at a point on the common boundary between Byranhalli and Benakanhalli about 17 chains and south-east of the north-west corner of Survey No. 33 of Biranhalli.

7. Foot-path from Chennenahalli to Niluvagal, 6 feet wide and about 31 chains long, open for men and cattle throughout the year. It enters the forest at a point about 8 chains south from the common bandhs at the northernmost corner of Survey No. 23 of Chennenahalli and goes north-east through the same survey number and Survey No. 15 of Niluvagal and quits the forest at a point in its northern boundary about 12 chains westward from the south-west corner of Survey No. 28 of Niluvagal.

No. R. 1142-5—Ft. 89-13-16, dated 21st July 1919.

Remarks.

B. The following concessions are admitted within the block.

1. The temple of Ranganathaswami in Survey No. 15 of Niluvagal is treated as an enclosure and demarcated out free from reservation with a camping ground of 2 chains on three sides. Access to it will be along the cart-track No. 1 *supra*.

2. The raiyats of Komaranhalli are allowed to take their cattle to the Galginahalladakatte in Survey No. 35 of Kumaranhalli for drinking water throughout the year. Access to it will be along the cart-track No. 5 *supra* and the foot-path branching from it.

3. Basavanna's temple on the Bandikanvegudda in Re-survey No. 28 of Thyagadakatte will be treated as an enclosure with a camping ground of three chains all round. Access to it will be by means of foot-path No. 3 *supra*.

4. The raiyats of the villages of Byranhalli, Chennenahalli, Chilapur and Thyagadakatte are allowed to remove free from the forest, two cart-loads of Boda grass per family per annum for thatching purposes.

By Order,

To—The Compiler, *Mysore Gazette*.

Letter No. 6457—7, dated 15th November 1913, from K. Doraswami Iyer, Esq., Revenue Commissioner in Mysore, to the Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments.

I have the honor to forward herewith for the orders of Government, papers relating to the settlement of the Sulekere Block in the Shimoga District, received from the Forest Settlement Officer through the Deputy Commissioner, Shimoga, with his letter No. 556, dated 5th March 1913.

2. The Block under reference is situated partly in the Channagiri and partly in the Honnali Taluks and lies to the north-west of the Channagiri-Malebennur road. It comprises kharab and gomal lands as detailed in the margin belonging to 15 villages and is 9,734 acres 15 guntas or 15·20 square miles in extent.

		Acres	Guntas.
1. Kharab	...	4,717	10
2. Gomal	...	5,017	25
Total	...	9,731	35

3. Of the 40 claims that were preferred before the Forest Settlement Officer, 29 were admitted and 11 rejected. There were no appeals to the Deputy Commissioner against the decisions of the Forest Settlement Officer.

4. The Deputy Commissioner's suggestions regarding the exclusion of certain lands from the Reserve in the interests of the Amrut Mahal Cattle, the providing of adequate grazing for the Chilapur village, the shifting of the demarcation line wherever it is close to assessed lands, and the grant of permission to the villages of Bhairnahalli, Chilapur and Tyagadakatte to get their supplies of *Bode* grass from the Reserve deserve consideration.

With this observation, I agree in the opinion of the Deputy Commissioner that the final notification may be issued.

Letter No. 556, dated, Shimoga, 5th March 1913, from K. Srecnivasa Row, Esq. Deputy Commissioner, Shimoga District, to K. S. Doraswami Iyer, Esq, Revenue Commissioner in Mysore.

I have the honor to forward herewith the marginally noted papers relating to the settlement of the proposed Sulekere State Forest, Comprising portions of Channagiri and Honnali Taluks in this District.

1. Letter No. 32, dated 27th July 1912.
2. Draft notification.
3. B. Register.
4. C. Register.
5. Map.
6. Sketch.

2. The Settlement Officer observes in para 3 of his letter that the reasons adduced by the Forest Department for the reservation of the block do not appear to be quite sound, and that the entire area comprised within the block is a scrub Jungle containing no valuable species of forest growth excepting a small Zone running from North to South containing patches of teak trees in the villages of Niluvagal, Benakanahalli, Komaranahalli and Malligenahalli.

2. The block is extremely irregular in shape and not a compact one in size.

3. How far the reservation of this block will improve the Climatic Condition of the villages affected thereby is a matter of pure conjecture. It may, however, not be incorrect to say that the growth of vegetation in the villages adjoining the Sulekere tract will tend to the further depopulation of the tract. It may not be advisable also to promote the growth of vegetation in the villages of Sringarabagh and Hosakere which together constitute the Basavapatna Union, the improvement of which has been engaging the attention in

No. R. 1142-5—Ft. 89-13-16, dated 21st July 1919.

the Local Fund Department The Amrut Mahal Kavals of Rudrapur and Mohadinpur have been included within the proposed reserve. It appears necessary that express reservation in favor of the Government Cattle ought to have been made in the Settlement Officer's decision and that the privileges accorded to the raiyats of Hosahalli, Somalapura and Kasipura do not in any way interfere with the interests of the Amrut Mahal Department.

5. In view of the importance of improving Basavapatna Union and surrounding villages and of safeguarding the interests of the Amrut Mahal Department, it may perhaps be desirable to exclude the villages of Sringarabag, Vylipur, Rudrapur and Mohadinpur Kavals and a portion of Benakanahalli from reservation.

6. The demarcation line runs close to the West of Survey number 35 of Vylipur village and to the East of Survey No. 23 of Benakanahalli village, which are assessed lands in holding. It seems necessary that the demarcation line should be shifted to a distance of five chains from these survey numbers.

7. The extent of Gomal left for Cheelapur village, containing 360 head of cattle is 91 acres and 38 guntas. As this extent is insufficient for the village cattle, it seems necessary to exclude about 20 acres more out of Survey No. 8 of the village out of the area proposed to be taken up for the State Forest.

8. The villagers of Bhyranahalli, Channenahalli, Cheelapura and Tyagadakatte represented to the Amildar of Honnali Taluk on 28th January 1913 that they used to get their supplies of Bode grass from the area now taken up for the block and that as the Kharab lands left for their use could not provide them with this material, they might be permitted to remove two cart-loads of Bode grass every year for thatching their houses. The Amildar reports that this concession is necessary and I recommend that it may be granted.

9. With these observations, I have no objection to the proposed block being constituted into a State Forest.

I have the honor to be
Sir,
Your most obedient servant,
G. HANUMANTA RAO,
For Deputy Commissioner, Shimoga District.

From C. Venkata Rao, Esqr., B.A., Forest Settlement Officer in Mysore, to K. S. Doraswami Iyer. Esq., Revenue Commissioner in Mysore, through the Deputy Commissioner, Shimoga District.

I have the honor to report on the conclusion of the settlement of the Sulekere Block in the Channagiri and Honnali Taluks of the Shimoga District.

2. The initial notification under Section 4 of the Mysore Forest Regulation was issued by Government with Government Order No. R. 1864—Ft. 4-09-3, dated the 28th August 1909, and the same was published in the *Mysore Gazette* Part I, (English) dated the 2nd September 1909 on pages 459 & 460. The proclamation under Section 5 of the said Regulation was issued by my predecessor Mr. M. Shama Rao, M.A., and the same appeard on pages 776, 777 and 778 of the *Mysore Kannada Gazette* Part II, dated the 7th October 1909. The proclamatory notices were also served on the raiyats of the villages affected by the reservation through the respective Amildars.

3. The block under report was inspected and perambulated by me from the 16th to the 21st December 1911, in company with Mr. Sri Narasimha Sastry, Amildar of the Channagiri Taluk and Mr. Venugopaliah, Range Officer, Channagiri.

The reasons adduced for proposing the tract in question as a State Forest are that it contains valuable species and that the reservation greatly improves the climatic condition of the locality. But in my perambulation I found that with the exception of a few patches of teak trees, especially in the Komaranhalli, Benkanhalli, Niluvagal and Malligenhalli villages the tract is nothing more than a scrub jungle.

In the course of my enquiry I was satisfied that there was a great demand for lands for cultivation in the marginally noted villages most of which have no assessed waste lands for being taken up on darkhasts. To afford encouragement for agricultural expansion, I deemed it fit to exclude sufficient extent of lands out of the proposed area of the forest in these villages.

1. Niluvagal,
2. Vylipur,
3. Benakanhalli,
4. Malligenhalli,
5. Komaranhalli,
6. Byranhalli,
7. Chilapur &
8. Tyagadakatta.

4. The following 40 claims were preferred to me during the enquiry:—

(i) One claim to the right of free grazing;
(ii) One claim to right to water;
(iii) 14 claims to rights of way;
(iv) 24 claims to rights not falling under any of the above.

No. R. 1142-5—Ft. 89-13-16, dated 21st July 1919.

The claim under (i) was rejected and the claim under (ii) was admitted. Out of the 14 claims under (iii) 11 were admitted and 1 rejected; and no orders were necessary in the case of 2 claims as the pathways in respect of which they were advanced were beyond the settled boundary line of the forest.

Out of 24 claims under (iv) 17 were admitted, while 6 were rejected and no order was necessary in the case of the remaining one claim.

5. The Deputy Commissioner intimated in his No. 3958, dated the 31st May 1912, that no appeals were preferred to him against my decision relating to this block.

6. The following records are herewith submitted:—

1. 'B' Register,
2. 'C' Register,
3. The sketch map.
4. The draft boundary notification and
5. The topo-tracing.

7. The date from which the reservation has to take effect may kindly be inserted in the draft boundary notification.

I have the honor to be,
Sir,
Your most obedient servant,

C. VENKATA RAO,
Forest Settlement Officer in Mysore.

1	Rangiah, patel of Ganadakatte.	16-12-11	States that the cattle of his village go for grazing to the gomal lands of Malligenahalli, as the gomal assigned to this village is inadequate and prays that if the gomal lands of Malligenahalli should be included within the block, right of free grazing may be granted to them.	.....	No lands of Ganadakatte have been included within the proposed block. He has failed to adduce evidence to support the claim. It may be rejected.	As no evidence has been adduced in support of the claim to the right of free grazing in the gomal lands of Malligenahalli by the raiyats of Ganadakatte, I reject the said claim C VENKATA RAO, Forest Settlement Officer. 22nd December 1911.	
2	Abdul Khader, patel of Kerebilchi	Do	States that as there is no gomal land remaining for the communal purposes of the village, they have been taking their cattle to the Mohadeenpur and Rudrapur kavals for stubble grazing and that they get their supply of fuel and materials for agricultural implements from the jungle within these kavals. Prays that this concession may be continued to them as usual.	.....	The kavals of Rudrapur and Mohadeenpur belong to Amrut Mahal Department. Their claim for grazing and obtaining fuel and materials for agricultural implements are not supported by any evidences. Hence their claim cannot be admitted.	Claims 2, 6 and 8. The raiyats of Kerebilchi, Somalapur and Khasipur have advanced their claims relating to the right of grazing and removal of fuel and agricultural implements, etc., with in the Mohadeenpur and Rudrapur kavals. It is in evidence that they are allowed only the stubble grazing after the Government Amrut Mahal cattle leave the kavals. But they have not produced any document authorizing them to exercise the above rights in these kavals. Apparently they must have been clandestinely removing fuel, thorns, etc., from the same and this can in no way confer upon them a prescriptive right. I therefore reject their prayers. But as there is little or no gomal assigned to these villages and as some inducement should be held out to them in view to the expansion of cultivation under the adjoining Sulekere tank where a large extent of cultivable land is lying fallow, I would give them the right of grazing in the reserve on payment of a lumpsum fee annually. I accordingly fix Rs. 30 in the case of Kerebilchi, Rs 25 in the case of Somalapur, and Rs. 20 in the case of Khasipur for exercising the right of grazing in the reserve annually during the prescribed period. I also decide that each house in the above mentioned villages be entitled to remove from the reserve two cart loads of bede grass for thatching purposes, annually.	
3	Chikkappa, patel of Siddapur.	Do	States that the preliminary demarcation line within the limits of his village includes the best gomal land available for pasturage and requests that the flat portion of the gomal lands may be excluded for their sole benefit as the cattle of Somasettihalli also graze in it	.....	Siddapur and Somasettihalli are contiguous to each other and they may be said to form a single village. The lands set apart for grazing are rather rocky and yield no supply of good grass. Besides the preliminary demarcation line runs over steep hill-slopes which have to be avoided for the due maintenance of the boundary and for fire protection. Hence the line may be deviated so as to avoid hill-slopes. This alteration of the boundary will exclude sufficient grazing lands. *Vide* claim 3 ...	C. VENKATA RAO, Forest Settlement Officer. 22nd December 1911. Claims 3 and 4. The area of gomal land remaining for the use of the village cattle numbering about 250, is 207 acres, 33 guntas. But it is urged that it is insufficient as the cattle of Somasettihalli which adjoins the dwelling houses of Siddapur also graze therein. I accordingly decide that a portion of Survey No. 33 between the common bandhs of Lingadahalli and Madhurmaikanhalli and those of the latter village, and Rudrapur kaval on the west and the two sets of hotte bandhs of the said survey number in its eastern boundary to the extent of 190 acres be excluded for the pasturage of the cattle of the two villages. C. VENKATA RAO, Forest Settlement Officer. 22nd December 1911.	
4	Karisiddappa, patel of Somasettihalli.	Do	States that as the gomal lands assigned for his village are rocky and do not yield any grass, the cattle of his village have from time immemorial been grazing in the Siddapur gomal lands and prays that the gomal lands of Siddapur now proposed to be included in the reserve	.....		*Vide* claim 3

5	Forest Settlement Officer on behalf of the public.	16-12-11	Requests that the right of way to the cart-track leading from Lingadahalli to Basavapatna may be admitted		Nil.	The right of way to the cart-track in Survey No. 33 leading from Lingadahalli to Basavapatna *via* Hosahalli will be admitted for men, cattle and carts all the year round. Width to be 15 feet. *Vide* claim 26 (ii) C. VENKATA RAO. Forest Settlement Officer 22nd December 1911	
6	Veeraiya, patel of Somalapur	Do	States that some lands of Sulekere village which are cultivated by the raiyats of his village about the Rudrapur and Mohndinpur kavals where his village cattle graze and that they get their supply of thatching grass, fuel for domestic purposes, thorns and materials for agricultural implements from the above kavals. Therefore prays that in the event of the said kavals being included in the State Forest their rights may be respected.	...	No lands of Somalapur are included within the proposed block. The said kavals belong to the Amrut Mahal Department. The present claim is not supported by any evidence. The villagers are said to cultivate the lands of Sulekere village and as such they can meet their requirements in the forest areas of Sulekere village, on the northern slopes of Doddagudda. Hence their claim may be rejected.	*Vide* claim 2.	
7	Veerappa, a raiyat of Hosahalli, on behalf of his villagers.	17-12-11	Represents that his villagers have been grazing their cattle in the Mohadinpur kaval proposed to be included in the reserve, and that the same may be excluded and given out for cultivation.		No lands of this village are included in the block. The claim to the right of grazing is not supported by any evidence. Besides, the village is small and the gomal lands assigned to it afford sufficient pasturage for the cattle thereof. Hence the claim may be rejected. An extensive area of assessed waste lands are available within the limits of their own village. Hence their need for arable lands in the Mohadinpur kaval is groundless.	It is represented that the lands of the Mohadinpur kaval are fit for cultivation and that they may be given out for the said purpose. These lands have been lying fallow for several years and I am not sure that the raiyats are very earnest in their representations. Besides there is a large area of wet lands fit for cultivation under the Sulekere tank closeby. I therefore reject this prayer. C. VENKATA RAO, Forest Settlement Officer. 22nd December 1911.	
8	Bhann Naik, a raiyat of Khasipur.	Do	States that as there is not a piece of land lying fallow in his village, his villagers are forced to take their cattle to the Mohadinpur and Rudrapur kavals for grazing and that they get supply of fuel, etc. from the above kavals. Prays that these rights may be recognized if the above kavals are included in the State Forest	...	This village is situated at a distance of about six miles from the northern boundary of the said kavals which belong to Amrut Mahal Department. Their claim is not supported by any evidence. Hence their claim may be rejected.	*Vide* claim 2.	
9	Benakappa, patel of Kenchagarhalli.	16-12-11	States that his villagers have no manner of objection for forming a State Forest in their vicinity if free grazing in the said State Forest is allowed to them and the preliminary demarcation line shifted away from the edge of cultivation.	...	This is a small village and only a small portion of kharab lands thereof is included within the proposed block. Extensive grazing lands are still left for the village. Hence the claim may be rejected. The deviation of the line from the edge of cultivation may be ordered.	The case of the raiyats of this village calls for no action beyond the shifting of the preliminary demarcation line by five chains wherever it touches the edge of cultivation. C. VENKATA RAO, Forest Settlement Officer. 22nd December 1911.	
10	Kenchappa, patel of Niluvagal.	Do	States that the area left for the communal purposes of the village is quite insufficient and requests that the lands proposed	....	This is a small village having 200 heads of horned cattle. The area remaining out of kharab and gomal lands is 507 acres, 29 guntas	Five hundred acres of gomal and 390 acres of kharab are proposed to be included within the reserve, leaving for the use of the village only one Survey No. 32 having an extent of 200 acres and 23 guntas. The soil being stony inasmuch as it consists of boulders, some lands fit for grazing and cultivation purposes have to be excluded from the reserve. I therefore direct that a portion of Survey No. 38 (gomal) to the extent of 220 acres be excluded for the grazing of the village cattle. A portion of kharab lands to the extent of about 50 acres to the south of Survey Nos. 13 and 14 was on personal inspection found fit for cultivation. As the raiyats' clamour to exclude the above strip of land deserves consideration on account of all the existing assessed waste lands being unfit for cultivation, I direct that it be excluded. C. VENKATA RAO, Forest Settlement Officer. 22nd December 1911.	
Konchappa, patel of Niluvagal.	18-12-11	States that the temple of Ranganathaswami in Survey No. 15 adjoining the cart-track leading to Byranahalli may be demarcated out free from reservation.	...	May be admitted.	The temple of Ranganathaswami in Survey No. 15 will be treated as an enclosure with a camping ground of 2 chains on 3 sides and demarcated out free from reservation. Access to it will be by means of the cart-track leading to Byranahalli. C. VENKATA RAO, Forest Settlement Officer. 22nd December 1911.	
Do ...	Do	Claims right of way over the following cart-tracks, (i) cart track leading to Byranahalli from his village, (ii) cart-track leading from his village to Benakanahalli.	...	Do .. VENKATA RAO, Forest Settlement Officer. 22nd December 1911.	
Karibasappa, patel of Singarbagh	Do	Represents that the area of gomal lands now remaining for his village is insufficient for grazing and other purposes and that the cattle of the adjoining villages of Hosakere, Sagarpet, Harvasagar, and Kotehalli are also taken for grazing to the gomal lands of his village, as there is hardly any gomal land assigned to them. Prays that the entire gomal Survey No. 17 and about 150 acres out of kharab Survey No. 16 may be excluded from the proposed area.	..	The gomal lands set apart are inadequate for the requirements of the raiyats. Therefore gomal Survey No. 17 may be excluded for the sole benefit of the raiyats, and no further concessions need be shown within the block. No lands fit for cultivation in Survey No. 16 are available. Hence the prayer for excluding 150 acres out of this Survey number may be rejected.	The village has a population of 169 persons with a stock of cattle of 220. The Hoskere village which is separated only by the intervening road also depends upon the gomal lands of the former for the grazing of 616 head of horned cattle. In fact both these villages are considered as one village. It is proposed to include in the Reserve 380 acres of gomal land of Singarbagh, leaving about 152 acres for the pasturage of no less than 762 head of horned cattle alone. This is quite inadequate for the purpose. Besides the cattle of Sagarpet, Harvasagar and Kotehalli also graze in the gomal lands of Singarbagh. I therefore direct that gomal Survey No. 17 be excluded altogether from the reserve. C. VENKATA RAO, Forest Settlement Officer. 22nd December 1911.	
Do ...	Do	Prays that the temple known as Halsani gavi and a katte known as Halvarthi honda in Survey No. 17 may be excluded from the reserve.	...	The exclusion of Survey No. 17 does not admit of this claim.	By the exclusion of Survey No. 17 ordered in claim 13, both the temple and the katte will be excluded from the forest. C. VENKATA RAO, Forest Settlement Officer. 22nd December 1911.	
Halappa, patel of Vylipur.	Do	Prays that some more lands may be excluded from the Reserve for the benefit of the raiyats.	..	This is a becharak village at present. The area remaining for the village out of kharab and gomal lands is 397 acres, 36 guntas	This is a becharak village. C. VENKATA RAO, Forest Settlement Officer. 22nd December 1911.	
Basappa, patel of Bulamaikanhalli	18-12-11	Prays that the demarcation line in the limits of his village may be shifted farther away by 3 furlongs, that the temple of Thimmappa and the two ponds closeby may be treated as enclosures with a camping ground, and that a right of way for the village cattle to go to Nirugunda Kolla and Bukkaji Kolra in Survey No. 12 may be given.	...	The line may be shifted from the edge of cultivation.	Owing to the exclusion of Survey No. 17 (gomal) of Singarbagh it is found impracticable to include the lands of this village within the reserve. C. VENKATA RAO, Forest Settlement Officer. 22nd December 1911.	
Kallappa, patel of Madaranaikenhalli	20-12-11	Prays that the portion of Survey No. 18 (gomal) proposed to be included within the reserve may be entirely excluded for the use of the raiyats.	...	This is a small village The area remaining for it out of gomal and kharab lands, is more than ample for the requirements of the raiyats concerned Hence it is not desirable to exclude more lands for the village, in the interest of the Forest Department.	It is proposed to include in the reserve the entire Survey No. 17 (kharab) measuring 486 acres 9 guntas and a portion of the gomal Survey No. 18 to the extent of 170 acres in addition to Survey No. 16 (kharab) measuring 112 acres and 12 guntas. The strip of gomal land abutting the cultivated lands of the village measuring 372 acres and 31 guntas should be considered more than adequate for the grazing of 74 head of horned cattle. But as the eastern boundary line of the forest running in gomal Survey No. 18, passes on the ridge of hills and as all the kharab lands of the village from which the villagers were obtaining fuel and materials for agricultural implements have been proposed to be included within the reserve, it seems necessary to give them some more lands for the exercise of these rights by shifting the said line. I accordingly direct that the forest boundary line may be so deviated as to exclude 131 acres of Survey No. 18 (gomal land) for the use of the villagers C. VENKATA RAO, Forest Settlement Officer. 22nd December 1911.	
Do ...	Do	Claims right of way over the cart-track leading by the side of the Kallulla in Survey No. 18.	.....	May be admitted ...	There is no necessity to pass orders on this claim as the entire Survey No. 18 in which the said cart-track passes, is excluded from the reserve. C. VENKATA RAO, Forest Settlement Officer. 22nd December 1911.	
Siddappa, patel of Benakanahalli.	Do	States that the extent of land remaining for the village is quite insufficient for communal purposes and prays that Survey No. 13 may be treated as an enclosure and given	..... C. VENKATA RAO, Forest Settlement Officer. 22nd December 1911.	
20	Siddappa, patel of Benakanahalli.	20-12-11	Claims right of way over the cart-track leading from (1) Niluvagal and (2) foot-path to Vyapur.	.....	May be admitted ...	The right of way to these pathways will be admitted throughout the year. (1) (*vide* claim 26 B.) C. VENKATA RAO, Forest Settlement Officer. 22nd December 1911.	
21	Do ..	Do	Requests that the right of way to the village tank through Survey Nos. 5 and 13 may be admitted for the village cattle.		Do ...	There is no necessity to record a finding in the matter of right of way to the village tank claimed by the raiyats as the same will be beyond the boundary of the forest. C. VENKATA RAO, Forest Settlement Officer. 22nd December 1911.	
22	Siddabasaviah, patel of Malligenahalli.	Do	Prays that one-half of urvey No. 27 may be excluded as the same is fit for cultivation		The area contains good growth of teak. Hence in the interest of the Department, the prayer cannot be complied with.	The lands situated to the west of Survey Nos. 24, 25 and 26 are suited for cultivation and there is much demand for them as there is no assessed waste land remaining for being taken up on dharkhast. But this portion cannot be excluded from the reserve, without excluding a portion of gomal Survey No. 9 which has been proposed to be included within the reserve. I therefore direct that the line be shifted 5 chains west from the present position on the northern boundary of the village, *i.e.*, 37 chains west from the north-west corner of Survey No. 29 and made to run southwards for a distance of 87 chains through Survey No. 27 to the south-east corner thereof and then south-west for 7 chains to the south-west corner of Survey No. 9. C. VENKATA RAO, Forest Settlement Officer 22nd December 1911.	
23	Siddabasaviah, patel of Malligenahalli.	20-12-11	Claims right of way over the foot-paths leading to Tyagada Katte and Honneri *via* Tyagadakatte.	..	Right of way to Tyagadakatte may be admitted. But the latter is situated in the same direction as Tyagadakatte. Hence it is unnecessary.	Right of way to the foot-path 6 feet wide leading to Tyagadakatte from Malligenahalli will be admitted for men and cattle only all the year round. (*Vide* claim 37.) C. VENKATA RAO. Forest Settlement Officer. 22nd December 1911.	
24	Kariappa, patel of Komarnahalli.	20-12-11	Prays that as there are no assessed waste lands available in the village and as the reserve includes not only the hilly portions, but also culturable lands, 300 acres may be excluded for cultivation, and as Survey No. 36 is the only gomal land, this may also be excluded from the forest.	...	This is a prosperous village. There are no assessed waste lands for the village. The flat portions of culturable lands on either side of Benakanahalli foot-path, may be assigned for the village.	This is a thriving village and the cultivation of lands is bound to expand in it. As all the assessed lands have been brought under the plough there is much demand for lands for cultivation. About 168 acres in Survey No. 36 proposed to be included within the reserve and about 80 acres in Survey No. 35 which I have personally inspected, are fit for cultivation and the raiyats' prayer to exclude these two bits of land deserves consideration. The representative of the Forest

						Department who attended the enquiry, has also no objection for the exclusion of these lands. I therefore decide that they be excluded altogether from the reserve. C. VENKATA RAO. Forest Settlement Officer. 22nd December 1911.	
25	Kariappa, patel of Komarnahalli	20-12-11	Prays that (i) Chikkere may be excluded for watering their cattle and that (ii) Hanumantharaya temple in Survey No. 35 may be treated as an enclosure.	...	(i) The locality contains no water during the hot season. Its exclusion is therefore unnecessary. (ii) May be treated as an enclosure.	The deviation of the demarcation line ordered in the case of this village will necessarily exclude the kere and the temple referred to C. VENKATA RAO, Forest Settlement Officer. 22nd December 1911.	
26	Do	20-12-11	Claims right of way over the following. (i) Cart-track leading from Cheelapur (ii) Cart-track leading to Basavapatna *via* Benakanahalli.	...	May be admitted.	Right of way to the cart-tracks referred to will be admitted for men, cattle and carts all the year round. Width to be 15 feet. C. VENKATA RAO. Forest Settlement Officer. 22nd December 1911.	
27	Do	20-12-11	Prays that right to water their cattle in Galaginhallakatte may be admitted with a right of way to it.		Nil	I direct that the villagers be entitled to take their cattle to Galaginhallakatte in Survey No. 35 for drinking water, access to it being along the cart-track to Cheelapur and then along a foot path 6 feet wide C VENKATA RAO, Forest Settlement Officer 22nd December 1911.	
28	Do	20-12-11	Prays that the preliminary demarcation line may be shifted from the edge of cultivation.	...	This may be done.	The deviation of the preliminary demarcation line in the village ordered above will result in leaving a sufficient margin from the cultivated lands referred to. C. VENKATA RAO, Forest Settlement Officer 22nd December 1911.	
29	Halappa, patel of Byranahalli.	19-12-11	Prays that some lands fit for cultivation and for grazing out of the proposed area may be excluded.	...	The boundary may be so altered as to exclude certain lands suited for cultivation. This alteration of the boundaries will provide some more lands for grazing also.	This village has an extent of 930 acres of gomal assigned during the Survey Settlement. Out of this 767 acres were proposed to be included within the reserve. In the remaining portions 8 Sub-Divisions have been made with a view to their being given out for cultivation. The extent of these Sub-Divisions comes to about 45 acres. There will thus remain for the pasturage of 376 head of horned cattle of the village about 120 acres. This is very insufficient for them. Besides provision has to be made for the grazing of the cattle of the raiyats of the adjoining village of Kyasankere. I would therefore exclude about 180 acres more out of the gomal land I accordingly direct that the line be diverted north and made to run in a straight line for 76 chains through original Survey No. 7, then north-west for about 44 chains till it meets the northern boundary of the village at a point about 16 chains east from the north-east corner of original Survey No. 8. 31	Basappa, a leading raiyat of Kyasinkere.	19-12-11	Claims right of grazing in the gomal lands of Byranhalli for want of gomal lands in his village.	..	No lands of this village have been taken up for the block. If any documentary evidence is adduced in support of the claim, it may be admitted within the gomal lands to be left for the village.	*Vide* claim 29.	
32	Rangappa, patel of Cheelapur.	19-12-11	Prays that more lands may be left for grazing on account of insufficiency of gomal lands assigned to his village and that the new sub-divisions made in the gomal land included within the reserve may be excluded.	..	The alteration of the boundary to exclude the new sub-divisions will provide additional area for grazing. The new numbers made may be excluded from the reserve.	There is neither assessed land nor kharab available for cultivation and all the assessed lands are occupied. At the request of the villagers a few sub-divisions have been made out of Resurvey No. 4 (original Survey No. 8) for being given out for cultivation. But as this fact was not intimated to the Forest Department, the forest boundary line passes through one of the recently phoded survey numbers. In view of the future expansion of cultivation it will be shifted farther away so as to exclude about 114 acres fit for cultivation, from the proposed area. C. VENKATA RAO, Forest Settlement Officer. 22nd December 1911.	
33	Do ...	19-12-11	Claims right of way over the foot-path leading to Komarnahalli.	...	This is quite unnecessary as there is a good cart-track proposed to be admitted by the raiyats of Komarnahalli.	Rejected. C. VENKATA RAO. Forest Settlement Officer. 22nd December 1911.

36	Rangappa, patel of Tyagadakatte.	19-12-11	Prays that more lands fit for cultivation and for pasturage may be excluded out of the proposed area.	...	Nil.	No less than 1,480 acres, 3 guntas of lands belonging to Tyagadakatte have been proposed to be included within the Forest, leaving no margin for future agricultural expansion. As the lands situated to the east and south of the village tank (Survey No. 27) are fit for cultivation, I would exclude them from the reserve for the benefit of the raiyats. Their extent will be about 277 acres. I accordingly direct that the forest boundary line be diverted at the south-west corner of Resurvey No. 29 (original Survey No. 23) and then made to run north-west in

Letter No. 327, dated 25th November 1918, from the Forest Settlement Officer in Mysore, to the Revenue Commissioner in Mysore, through the Deputy Commissioner, Shimoga District.

I have the honor to report on the conclusion of the settlement of Shigga Blocks I and II in Sorab Taluk, Shimoga District.

2. The initial notification under Section 4 of the Forest Regulation proposing to constitute the area into a State Forest appeared on pages 760 and 761 of the English issue of the *Mysore Gazette*, Part I, dated 23rd August 1917 and the proclamation under Section 5 of the said Regulation was issued on 16th September 1917 and the same published on pages 1040—1043 of the Kannada issue of the Gazette, Part II, dated 20th September 1917. The spare copies of the notification were got served on the villagers concerned through the Amildar, Sorab.

3. The locality was inspected and the line perambulated by me in company with the Range Officer, Amildar and the villagers concerned on 15th and 16th April 1918.

4. The following claims were preferred to me during the enquiry —
(i) Four claims to right of way.
(ii) Seven claims to miscellaneous rights.

All the claims in (i) were admitted. Out of 7 claims in (ii) 3 fully and 2 partly admitted and the rest rejected.

5. The Deputy Commissioner, in his docket No. Mis. C. 150—Rev. 18-19, dated 5th August 1918, says that no appeals have been preferred to him against my decision.

6. Block No. II consists of only one survey number of Shigga village and some portion of it is left off for allowing cultivation margin.

No. R. 1441-4—Ft. 120-18-4, dated 26th July 1919.

7. The following records are herewith submitted:—

(i) B. Register.
(ii) C. Register.
(iii) Boundary notification.
(iv) Sketch map.
(v) Topo tracing.

8. The date from which the notification is to take effect may kindly be inserted in the draft boundary notification.

NOTIFICATION.

No. R. 1445—Ft. 120-18-5, dated 26th July 1919.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900) that from 1st September 1919 the area, the boundaries of which are set forth in the Schedule annexed to this notification, shall be deemed to be a "State Forest" subject to the exercise of rights specified at foot thereof:—

SCHEDULE.

No. R. 1441-4—Fl. 120-18-4, dated 26th July 1919.

West.—Then the line continues along the common boundary between Ammagondanakoppa and Kumbathi villages to a point about 5 chains south-west from the southernmost corner of Survey No. 7 of Kumbathi; then east for about 8 chains through Survey No. 3 of Kumbathi to a point about 7 chains south-east from the south-east corner of Survey No. 7; then north-east for about 13 chains to a point about 5 chains slightly south-east from the easternmost corner of the village site of Kumbathi; then south-east for about 10 chains to a point about 7 chains south-west from the south-west corner of Survey No. 53 of Kulavalli; then again south-east for about 9 chains through Survey No. 3 of Kumbathi to a point about 5 chains south-west from the south-east corner of Survey No. 51 of Kulavalli; then still more south-east for about 14 chains through Survey No. 3 of Kumbathi to a point about 5 chains south-west from the north-west corner of Survey No. 42 of Kulavalli; then again south-east for about 4 chains through Survey No. 3 of Kumbathi to a point on the common boundary between Kumbathi and Kulavalli about 5 chains slightly south-east from the abovenamed corner, then along the west, south and east sides of Survey No. 42 of Kulavalli to a point about 5 chains south-west from the south-west corner of the tank Survey No. 39; then east for about 9 chains through Survey No. 41 to the westernmost corner of Survey No. 40; then along the west, south, and east sides of the said survey number to its north-east corner, then along the east sides of Survey Nos. 39, 36, 37 and 31 to the northernmost corner of the last survey number; then along the west side of Survey No. 31 to the easternmost corner of Survey No. 32; then along its east, north and west sides to a point about 8 chains north-east from the northernmost corner of Survey No. 33; then north-west for about 11 chains through Survey No. 30 to a point about 7 chains slightly north-east from the northernmost corner of Survey No. 50; then north-east for about 6 chains through Survey No. 30 to a point about 5 chains slightly south-east from the easternmost corner of the village site; then north-west for about 10 chains to a point about 6 chains south-east from the southernmost corner of Survey No. 2; then north-east for about 10 chains to a point about 5 chains south-east from the easternmost corner of Survey No. 2; then again north-east for about 8 chains to meet the starting point.

Remarks.

A. The following rights of way are allowed in the block for use by men and cattle, in case of foot-paths which are 6 feet in width and by men, cattle, and carts, in case of cart-tracks which are 12 feet in width throughout the year.

I. *Cart-track from Kumabthi to Sagadde and on to Kattinkere*:—It enters the forest in the western boundary of the block at a point about 16 chains south-west from the south-east corner of Survey No. 7 of Kumbathi and runs south-east for about 8 chains through Survey No. 3 of Kumbathi and quits the forest at a point about 21 chains south-east from the abovenamed corner; it re-enters the block at a point about 26 chains south-east from the south-east corner of Survey No. 7 and runs south-west for about 7 chains and again leaves the forest; it again enters the forest at a point about a chain north from the trijunction bandhs of Kumbathi, Sagadde, and Ammagondanakoppa villages and passes along the settled demarcation line for about 23 chains and quits the forest at a point about 7 chains north-west from the trijunction bandhs of Kumbathi, Sagadde and Thalebilu.

II. Cart-track from Kulavalli to Shigga.—It enters the forest in the western boundary of the block at a point about 2 chains north-east from the south-east corner of Survey No. 42 of Kulavalli and runs south-east for about 26 chains through Survey No. 41 of Kulavalli; 177 and 178 of Shigga, and quits the forest at a point about 6 chains north-west from the north-west corner of Survey No. 176.

III. Foot-path from Kulavalli to Kotari.—It enters the forest in the northern boundary of the block at a point about 5 chains south-east from the south-east corner of Survey No. 29 of Kulavalli and runs in a south-easterly direction for about 40 chains through Survey Nos. 18 of Kulavalli and 5 of Kotari and quits the forest at the south-west corner of Survey No. 10 of Kotari.

B. Concessions.—The following villagers are allowed to take from this State Forest the articles noted against them on free permits issued by the Forest Department.

Kumbathi	..	.. Dry wood for fuel, bamboos and thorns for hedges and creepers.
Kulavalli	..	.. Dry wood for fuel, dry leaves for manure bamboos and thorns and hedges.
Shigga	..	.. Dry wood for fuel, bamboos and thorns for hedges, dry leaves for manure and creepers.

The villagers of Kotari are allowed to graze their cattle free of cost in the State Forest on permits issued by the Forest Department.

By Order,
B. RAMASWAMAIYA,
Secy. to Govt. Rev. Dept.

No. R. 1441-4—Ft. 120-18-4, dated 26th July 1919.

I.—Register of claims to lands, rights to forest produce or easements in the proposed Shigga Block No. I State Forest

No.	Names of claimants	Date of presentation of claim	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement
1	Veerappagowda, patel of Kumbathi, on behalf of the villagers.	11-4-18	Says that the Kan Survey No. 3 which surrounds the village is proposed to be included in the block. They are getting every supply, *viz.*, bamboos, fuel, thorns, soppu, creepers, dry leaves and agricultural implements, etc., for their domestic and agricultural requirements from this Kan. If this is taken the villagers will be very much inconvenienced and so should be excluded. (2) Cart-track leading from Kumbathi to Kattimakere is required.	.....	The area of assessed waste lands available for the village is 123 acres 10 guntas and they may be permitted to remove agricultural materials from the said locality free of cost and permission to remove only dead firewood for their *bona fide* domestic purposes may be granted. This may be granted.	To allow cultivation margin for Survey Nos. 7, 2 and 51 of this village and for Survey Nos. 46 to 56 of Kulavalli the line is slightly changed. Survey No. 45 (area 120 acres 8 guntas) is a gomal land and there is an assessed waste area of 123 acres 10 guntas in addition to a kharab Survey No. 36 (area 5 acres 3 guntas). This affords sufficient pasture land for 140 heads of cattle in the village. The only land proposed for the Forest is a Government Kan The other lands left for the village are pretty well wooded to supply all the needs of the village. Dry wood, bamboos and thorns for hedges and creepers should be given free to the villagers on permits issued by the Forest Department. A cart-track 12 feet wide from this village to Sugadde and on to Kattimakere is allowed for use by men, cattle and carts throughout the year.	
2	Mallappa, patel of Kulavalli, on behalf of the raiyats.	Do	Represents that the Kan Survey No. 30 which surrounds their village as well as Survey No. 11 are proposed to be included in the block. The villagers bring all their requirements such as green and dry soppu for manure green and dry fuel, bamboos and thorns for hedges, and agricultural implements, etc., from these Kans and graze their cattle there only 2. There is a diety known as "Chowdamma" in Survey No. 30 and the people go there for worship so the entire Survey No 30 should be excluded; and 3. Permission to get all their requirements from Survey No. 11 should be granted. 4. The cart-track to Shigga passing through Survey No. 11 is required.	. ..	There is an area of about 106 acres of assessed waste lands in the village and they may be permitted to remove their requirements from the said locality. The temple with a square chain all round the temple may be treated as an enclosure. May be granted.	There are 101 acres 24 guntas of gomal and 106 acres of assessed waste in the village for the use 128 heads of cattle including 41 calves in the village. I consider that this is an ample provision. The line is slightly changed to give cultivation margin for Survey Nos. 33, 36, 48, 49 to 57, 61, 62, 2, 7 to 9, 25, 27 and 29 of this village and Survey Nos. 175 and 176 of Shigga. The diety known as Chowdamma is included in the margin left. There is nothing to prevent the villagers from enjoying the use of the temple. Dry wood for fuel, dry leaves, bamboos and thorns for hedges shall be given free to the villagers on permits issued by the Forest Department. A cart-track 12 feet wide to Shigga passing through Survey No 41 is granted for use by men, cattle and carts throughout the year A foot-path 6 feet wide from Kulavalli to Kotari passing through Survey No. 18 is allowed for use by men and cattle throughout the year.	
	Forest Settlement Officer.						
3	Veeriah, patel of Kotari, on behalf of the villagers.	Do	Stating that their cattle will be very much inconvenienced if Survey No. 5 is taken for the forest and so should be excluded. 2. Foot-path from Kulavalli is required.	....	Free grazing of cattle may be allowed.	The Forest Department proposes to take the only gomal Survey No. 5. This will certainly inconvenience the villagers and their cattle. Besides this, there is only 60 acres of assessed waste. There are 52 heads of cattle in the village These will be allowed free grazing in this State Forest. Cultivation margin for Survey Nos. 25 and 29 of Kulavalli is allowed. This was a Becharak village for a long time. Last year 6 temporary sheds were built and they are now unoccupied. The cultivators are living in other neighbouring villages and no other concession is considered necessary. The foot-path prayed for by the villagers is granted.	
4	Budimaka, patel of Shigga, on behalf of the raiyats.	Do	Prays that permission to get fuel (green and dry), dry and green leaves for manure, pegs and thorns and bamboos for hedges agricultural implements and small timber for huts, etc., mangoes and jackfruits from the forest free of cost as usual may be granted	.....	The area of assessed waste in the village is 51 acres 10 guntas and that of gomal is 404 acres 24 guntas. They may be permitted to remove all their requirements from the said locality.	The Forest Department proposes to take only Survey No. 179 a Government Kan for block No. I. The villagers say, they will be inconvenienced. In the 1st place there are only 413 heads of cattle including 104 calves. For these there are about 404 acres of gomal and 51 acres of assessed waste. I think this affords enough of pasture for the cattle. In the 2nd place the said gomal area is fairly well-wooded and would supply all the requirements of the village which has only 65 dwelling houses Cultivation margins for Survey Nos. (170, 171, 172, 174, 175, 176 and 179) are allowed. Dry wood for fuel, bamboos and thorns for hedges, creepers (as %) and dry leaves for manure should be given free from the State Forest on permits issued by the Forest Department. B. BASAVARADHYA, Forest Settlement Officer in Mysore. 14-4-1918.

NOTIFICATION.

No. R. 1446—Ft. 120-18-6, dated 26th July 1919.

The Government of His Highness the Maharaja of Mysore are pleased to declare under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900) that from 1st September 1919, the area, the boundaries of which are set forth in the schedule annexed to this notification, shall be deemed to be a "State Forest" subject to the exercise of rights specified at foot thereof:—

SCHEDULE.

District	Taluk	Approximate area	Name of block	Boundaries
Shimoga	Sagar	523 acres and 21 guntas or 0·81 square miles	Shigga Block, No. II	*North.*—Starting from a point about 6 chains south-east from the southernmost corner of Survey No. 175 of Shigga village, the boundary line runs east for about 12 chains to a point about 6 chains south-east from the south-east corner of Survey No. 174; then north-east for about 11 chains to a point about 6 chains south-east from the south-west corner of Survey No. 173; then south-east for about 34 chains to a point about 6 chains south from the southernmost corner of Survey No. 147; then north-east for about 9 chains to a point about 9 chains nearly south from the south-east corner of the said survey number; then south-east for about 11 chains to the south-west corner of the village site; then along the south and east sides of the said village site to a point about 5 chains south-west from the south-west corner of Survey No. 1; then south-east for about 15 chains to a point about 5 chains south from the southernmost corner of Survey No. 55; then north-east for about 10 chains to a point about 5 chains south-east from the south-west corner of Survey No. 83.

East.—Then the line passes along the west side of Survey No. 142 for about 14 chains to a point about 8 chains north from the north-west corner of Survey No. 143; then south-west for about 10 chains to a point about 5 chains north-west from the said corner; then south-west for about 11 chains to a point about 6 chains south-west from the northernmost corner of Survey No. 145; then again south-west for about 9 chains to a point about 5 chains north-west from the westernmost corner of Survey No. 145; then slightly south-west for about 8 chains to a point about 6 chains south-west from the south-west corner of Survey No. 145; then south-east for about 7 chains to a point about 6 chains south-east from the said corner; then north-east for about 10 chains to a point about 5 chains south-west from the southernmost corner of Survey No. 145; then east for about 4 chains to a point about 6 chains south-east from the south-east corner of Survey No. 145, then north-east for about 7 chains to a point about 5 chains south from the south-west corner of Survey No. 137; then along the west side of Survey No. 134 to its south-west corner.

South.—Then the line follows the common boundary between Shigga on one side and Nadavadaholekatte, Brahmanvadaholekatte villages on the other to the tri-junction bandhs of Shigga Nadavadaholekatte and Talebilu.

West.—Then the line continues along the common boundary between Shigga and Talebilu to the trijunction bandhs of the said villages and Brahmanvada Talebilu; then along the common boundary between Shigga and Brahmanavada, Talebilu to the trijunction bandhs of the said villages and Talebilu; then along the common boundarybetween Shigga and Talebilu to the starting point.

Remarks.

A. The following rights of way 12 feet in width are admitted within the block for use by men, cattle and carts throughout the year.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Read—

Correspondence ending with letter No. C. 8, dated the 14th March 1919, from the Inspector-General of Education, submitting proposals for the revision of the Rules regulating grants to Hostels both Government and Aided:—

(Inspector-General's letter printed as an accompaniment.)

Order No. 451-3—Edn. 35-18-59, dated 11th July 1919.

With a view to place the working of Government Hostels on a satisfactory basis and to encourage private agencies to come forward to start Hostels, Government are pleased to lay down the following rules:—

1. *Government Hostels.*—These Hostels should in future be managed in such a way as to be fully self-supporting as regards recurring charges:—

i. Establishment and boarding charges including rent where the hostel is located in a rented building, should be divided among the boarders who should bear the entire charges.

ii. Where a Government building is provided for the hostel, room rent should be charged to secure a fair return on the total capital outlay. Where owing to peculiar conditions, the levy of rent fixed on the above basis may operate as a hardship, some reduction may be allowed with the approval of Government.

Equipment charges of Government Hostels will be borne entirely by Government.

2. *Private Hostels.*—Rule IV (*e*) of the Grant-in-aid Code allows the grant of one-third of the cost of providing a permanent building for a hostel and for improving and extending it. Having regard to the large number of places in which hostels are required, Government consider that some special encouragement is necessary for some time to come to induce private agencies to come forward to start hostels. They are therefore pleased to direct that for a period of five years, the building grant to be given to hostels be raised from one-third to half the cost of the building. The grant will be subject to the following conditions:—

(*a*) The hostels should be under departmental supervision and all regulations for enforcing discipline, etc., among the students should be complied with.

(*b*) Plans, etc., should be approved by the Department.

(*c*) In case, the building for the construction of which a grant is given by Government is at any time used for any purposes other than as a hostel without the previous sanction of the Department, the grant may be required to be refunded or the building taken over by the Department on payment of the share of the cost of the construction borne by the private agency under the Grant-in-aid Rules.

The existing rules already provide for the following concessions for private hostels, *viz.*—

(*a*) A grant towards the pay of Wardens or Tutors of hostels.

(*b*) One-third of the cost of equipment and if the hostel is kept in a rented building a contribution of one-third of the rent.

These concessions are sufficiently advantageous to private hostels. Government do not therefore consider it necessary to increase the concessions in other respects.

2. Government are also pleased to approve of the proposals made by the Inspector-General of Education with regard to:—

1. appointment and duties of supervisors,

2. accommodation of three or more boarders in each room and,

No. 451-3—Edn. 35-18-59, dated 11th July 1919.

3. concessions proposed for hostels intended for girls and depressed classes for a period of three years.

3. Separate orders will issue with regard to medical inspection of hostels.

4. The Inspector-General of Education is requested to submit draft amendments necessitated by the above rules for amending the Grant-in-aid Code suitably and also draft of an agreement to be executed by private agencies obtaining grant for hostels.

Exd.—G. W. B.

Letter No. C. 8, dated 14th March 1919, from the Inspector-General of Education in Mysore, to the Secretary to Government, Departments of Education and Agriculture, Bangalore.

With reference to your letter No. 3511—Edn. 35-18-22, dated 24th October 1918, calling for comprehensive proposals with regard to the hostel system in the State and Government Orders Nos. 3398-9—Edn. 19-17-65, dated 21st October 1918, and 6020-1—Edn. 35-18-31, dated 3rd January 1919, and the correspondence relating thereto, I have the honour to submit the following suggestions:—

The Madras Grant-in-aid Code allows no aid towards the establishment charges of hostels. It provides for only half the rent paid by the management after deducting the rent due from the boarders. The Punjab Educational Code provides, under the head "Boarding house grants" a sum not exceeding ½ of the excess of the approved expenditure over their receipts from boarders' fees provided that the average attendance for the preceding 12 months of pupils in residence is not less than 10. No provision is made towards grants to hostels in the Educational Code of the Cochin State. It is only in our State that the full cost of maintaining the hostels attached to Government institutions is borne by Government.

Existing rules regarding grants to hostels in this State are as follows:—

Rule V. H. Special Institutions.—(1) Special institutions are such as Commercial Schools, Sanskrit Schools, Gymnastic Schools, Hostels and other Educational Institutions which do not come under the foregoing heads.

(2) Applications for grants-in-aid will be received from such institutions and each case will be treated on its own merits, due regard being had to the funds available and to the general conditions of aid so far as they may be applicable.

Rule IV.—Grants may be given to recognised institutions in aid of (*a*) payment of salaries of teachers and servants in schools and of wardens or tutors of hostels, provided sanction is obtained from the Inspector-General and made subject to his approval, (*b*) purchase, erection or extension of or rent of hostels, provided sanction is obtained from the Inspector-General of Education before renting out a building (*vide* Government Order No. 48-4-5—Edn. 233-17-4, dated 4th December 1918).

Under the foregoing circumstances, the following rules may be adopted in sanctioning grants to hostels in the State both Government and private:—

Grants will be given in aid of hostels at the following rates and subject to the following conditions:—

1. In the case of hostels located in private buildings half the reasonable rent of the building as determined by the Education Department.

2. In regard to the building grants for private hostels half the estimated cost under the following conditions:—

(i) Plans, etc., should be approved by the Department.

(ii) In case the building is at any time diverged for any purpose not approved by the Department, whether wholly or partly, the Department shall have the right of claiming a refund of its grants or of purchasing the building at a fair valuation to be determined by a Committee composed of a representative of the private agency concerned, the Public Works Department and the Education Department, after deducting 50 per cent of such valuation or an amount equal in ratio to what the grant bore to the original cost of the building.

(3) If any private capitalists should put up buildings, a rent not exceeding 3 per cent per annum on the capital outlay subject to the condition that the plans and estimates are approved by the Department

(4) In the case of Government hostels a room rent not exceeding Rs. 4 per mensem to each room according to the size of the room be charged to the boarders.

(5) The cost of educational supervision will be borne by Government (*vide* Government Order No. 4844-5—Edn 233-17-4, dated 4th December 1918) and in this behalf a grant ranging from Rs. 10 to Rs. 30 according to the grade of institution to which the hostel is attached may be given subject to the following conditions:—

(i) Educational Supervisors should be appointed subject to the approval of the Department. (This has already been approved by Government in their Order No. 4844-5—Edn 233-17-4, dated 4th December 1918)

(ii) In the case of Government hostels no teacher shall be appointed Supervisor for more than two years at a time.

(iii) The duties of the Supervisor shall be not only to look after the studies and work of the inmates but also to organize games and pastimes of a healthy character among the boarders on the model of the Y.M.C.A.

(6) Half the establishment charges provided that such charges are incurred with the previous approval of the Department. In Government hostels an additional charge of Rs. 2 per head may be levied to cover establishment and other charges. Since, as a rule three boarders live in one room, the rent plus the establishment charges will not ordinarily exceed Rs. 3 per head and this may be fixed as the maximum to be charged to each boarder in addition, of course, to the boarding expenses which are divided equally amongst the members.

(7) Educational supervision should not be included in the establishment charges.

(8) In no hostel, private or Government, should students be lodged two by two in each room. As a rule, every room should accommodate three or more members which is considered to be the healthier arrangement.

(9) A sum not exceeding Rs. 15 per mensem will be given by Government towards medical aid provided that the medical arrangements made are approved by the Department.

(10) In the case of the hostels attached to the Training institutions and hostels intended for girls or depressed classes the full cost of establishment and rent may be continued to be borne by Government as heretofore. In respect to such hostels, if they are managed privately, an additional grant not exceeding 30 per cent of the grant as ordinarily calculated may be given subject to the usual conditions.

I request that Government may be pleased to sanction the above proposals with effect from 1st July 1919, and order the inclusion of a new rule containing the above proposals as Rule V (i) in the Grant-in-aid Code changing the present Rule V (*i*) Special Institutions into Rule V (*j*) Special Institutions

No. 139-40—Edn. 282-18-5, dated 4th July 1919.

Order No. 139-40—Edn. 282-1-85, dated 4th July 1919.

With a view to enable the Inspector-General of Education to cope with the increase of work due to several educational activities, temporary additions were sanctioned to his office from time to time and in their order of 6th December 1918, Government sanctioned additional establishment at a cost not exceeding Rs. 6,000 per annum. The Inspector-General of Education has now submitted proposals for a further re-organisation of his office involving an additional cost of Rs. 374½ per mensem or Rs. 4,170 per annum. He has also submitted proposals regarding the appointment of a Personal Assistant to assist him in the disposal of important matters requiring his personal attention, the transfer of the existing libraries to the Education Department and the appointment of a Librarian to be in charge of the Public Libraries and the publication work of the Inspector-General of Education's Office, and strengthening the public works staff of his office with a view to enable him to push on and complete without delay the programme of building works undertaken by the department.

There are at present 22 permanent and 15 temporary clerks working in the Office of the Inspector-General of Education. An examination of the work distribution list furnished at the time of inspection and of the system shows that what the office needs is not so much an addition to its existing strength, but a proper classification of the departments of work in the office and a suitable re-adjustment of the existing establishment.

In their Order No. 1580-1—Edn. 162-15-5, dated the 21st August 1916, Government have appointed a whole time Deputy Inspector-General of Education for the disposal of the routine work of the Inspector-General of Education and for carrying out the programme of development of elementary education. He has been entrusted *tentatively with the following powers:*—

(A) The routine powers of the Inspector-General of Education detailed hereunder—

(i) Passing and countersigning contingent bills.
(ii) Salary grant bills.
(iii) Sanctioning grant-in-aid to private schools.
(iv) Sanction bills for house rent.
(v) Sanction transfer of teachers in Village Elementary Schools and Anglo-Vernacular Schools, whose salary does not exceed Rs. 30 per mensem.
(vi) Sanction building grants up to Rs. 600.
(vii) Sanction petty repairs to buildings.
(viii) Sanction casual leave to officers below the grade of Circle Inspector and privilege leave up to 15 days to officials whose pay is below Rs. 50 per mensem.

(B) Carrying out the programme of Elementary Education.
(C) Inspection of High Schools.

With a view to enable the Inspector-General of Education to have more time to devote to the larger questions of organisation and consolidation of work, Government are of opinion that the Deputy Inspector-General may be given additional powers and responsibilities. At the same time it is necessary to effect a thorough and systematic re-organisation of the office by division of the office into distinct sections to deal with several items of work with a responsible officer in charge of groups of important branch and a proper co-ordination of work among the various sections. They therefore direct that the Deputy Inspector-General be entrusted with entire responsibility for the carrying out of all sanctioned programmes relating to elementary, secondary, special and training institutions. He may be given greater control over the officials of the department, his powers of appointment, promotion and dismissal being extended to include all teachers in Village Elementary Schools and to all teachers except the Head Master in the Anglo-Vernacular Schools. The Deputy Inspector-General of Education will be assisted by the Special Officer, Compulsory Education, whose salary will be fixed at Rs. 175 plus Rs. 50 allowance. The Inspector-General of Education in Mysore has been given the services of a Personal Assistant whose salary is Rs. 350, the appointment being a tenure appointment and filled ordinarily by an officer in the grade of District Inspector. (*Vide* Government Order No. 9996-7—Edn. 347-18-3, dated the 7th April 1919.)

No. 139-40—Edn. 282-18-5, dated 4th July 1919.

Orders have issued regarding the transfer of administration of public libraries in the State other than those at Bangalore and Mysore to the Education Department. The Library Organiser now working under the Education Committee will be attached to the Library, Publication and Translation Section of the Inspector-General's Office, assisted by two Travelling Inspectors. (*Vide* Government Order No. 11370-82—Edn. 7-18-93, dated 20th May 1919.)

Government are also of opinion that with a view to carry out the policy of Government regarding the rapid construction of educational buildings the public works staff attached to the Inspector-General's Office require further strengthening. The existing staff will be increased by the addition of one draftsman, two sub-overseers and one clerk. The entire staff will be under the Technical Assistant who will be an Engineering Officer. He will be responsible not only for the inspection and supervision of Technical Schools but will hereafter assist the Inspector-General of Education, in dealing with questions relating to the construction, equipment and repairs of education buildings.

Staff.—The Accountant will at present require the following clerks:—

One Book-keeper	One Time-keeper
„ Cashier	„ Stores Clerk
„ Stenographer and Typist	„ Filing, despatch and general clerk.

As a book-keeper, one Mr. Srinivasa Rao who is working in Mr. Lakshmana Rao's Office will do very well for the post and it is suggested that a suitable salary be allowed to him. He appears to have a good grasp of all the accounts that have been worked up-to-date.

The Stores Clerk should be appointed early and he should keep an inventory of all the materials handed over to him and also a proper record of receipts and issues every day.

Cash.—Cash will be drawn direct from the Government by the Superintendent of Construction by a requisition. The Accountant will submit a detailed statement of cash and journal entries to the Government and the Bombay Office, the amounts of which shall be adjusted against the sums drawn from Government from time to time. Every month the Accountant will further submit a statement showing the total cash received and amount spent.

Payments.—All payments of weekly wages of coolies and the monthly salaries and the bills for purchases, etc., will be made by the Accountant's Office under the supervision of the Superintendent of Construction.

Purchases.—All orders for purchases will be issued from the Office of the Superintendent of Construction on special forms adopted for the purpose. All these orders as well as the statement of accounts submitted by the Accountant shall be forwarded through Mr. Lakshmana Rao, the Special Officer. All bills for payment will have to be verified and approved by the Special Officer before payment. Mr. Lakshmana Rao's Office shall work as a Check Office and shall audit all entries daily.

Mr. Suratkar will begin the books on the new lines from 1st July 1919, as the official year of the Mysore Government closes on 30th June. The Accountant will work up all the accounts from the commencement to 30th June 1919, on the lines to be adopted from 1st July and the balances will be carried forward to the accounts commencing from 1st July.

Letter No. 1750, dated the 14th June 1919, from the Special Officer, Mysore Iron Works, requesting that two assistant accountants may be posted for duty under Mr. Suratkar, Accountant, deputed by the Company for work at Benkipur.

2. Letter No. M. A. 18—19, dated the 20th June 1919, from the Tata Iron and Steel Company, forwarding a memo outlining the scheme for the administration of the Agent's Office and the Account Department at Benkipur during the construction period, and requesting that necessary instructions may be issued to the Special Officer in the matter.

(Printed as an accompaniment.)

Order No. 711-13—I. & C. 271-18-14, dated 16th July 1919.

Government are pleased to approve, in general, of the scheme proposed to be introduced, with the modification that, in accordance with the orders already issued by Government, the Special Officer and, not the Superintendent of Construction, will draw the amounts required from the Government Treasury, and hand them over to the company's officers from time to time. This has been ordered with a view to hold one officer responsible for all amounts drawn from the Treasury, etc. The Cashier will work under the orders of the Special Officer instead of under the Accountant. The work in the Special Officer's Office will also be regulated accordingly

2. Sanction is also accorded to the entertainment of the marginally noted establishment as proposed and the Special Officer is requested to take necessary measures for appointing suitable men for the posts referred to. In choosing a storekeeper, special precautions should be taken to see that the official selected understands the business and has also some experience of stores work.

ACCOMPANIMENT.

* * * * *

Mr. Suratkar shall be in absolute charge of the accounts, stores and cash. He will obey the orders of the Superintendent of Construction, the General Manager, when appointed, and will be under the jurisdiction of the Agents and the Directors of the Mysore Board of Management.

The system of accounting at Jamshedpur which follows the accounting system of Iron Manufacturers at America and which is working very satisfactorily will be closely followed at Benkipur by Mr. Suratkar in keeping plant construction and town buildings account. In doing so, he will check the expenditure with Mr. Perin's estimate and allocate the charges under sub-heads as shown in the Card of Accounts specially prepared by Mr. Claflin.

4. Official Memorandum No. G. 1-54—G. M. 55-12-208, dated 14th June 1913, issuing subsidiary instructions with a view to facilitate the work of the Economic Conference and of its Committees and directing the formation of a Standing Committee for considering important questions and defining in detail the work of District Committees and Taluk and Town Progress Committees.

5. Government Order No. G. 1751-61—G. M. 152-14-1, dated 18th August 1914, sanctioning the appointment of District Economic Superintendents to assist the Deputy Commissioners in stimulating and systematising Conference work and defining the duties of these officers.

Order No. 514-66—E. C. 15-19-1, dated 12th July 1919.

The Mysore Economic Conference was inaugurated in the year 1911 with the object of associating men of enlightenment, public-spirited citizens, prominent agriculturists and merchants in the State with the officers of Government in deliberations connected with the economic development of the country. During the eight years the institution has now been in existence, it has brought about a considerable amount of awakening among the people, developed a spirit of co-operation and enterprise in matters concerning their material and moral progress and has been instrumental in the initiation of a large number of important schemes relating to the development of Education, Agriculture, Industries and Commerce in the State.

2. Suggestions have been made for some years past both in the Representative Assembly and the Economic Conference that the organisation should be made permanent. A resolution was recorded to that effect at the Birthday Session of the Economic Conference of 1918.

The question as to the exact form which the constitution and organisation of the Conference should take as a permanent institution of the State was discussed at two meetings of the Standing Committee and again in the session of the Conference in June last when the following resolutions were recorded:—

i. That instead of having separate District and Taluk Committees, the economic development work in the districts be transferred to the Local Boards.

ii. That in place of the existing Standing Committee there should be an Economic Development Board consisting of the Dewan, Members of Council, Heads of Development Departments and selected representatives from the Central Boards to review and co-ordinate the work of the Conference as a whole.

iii. That there should be direct representation of the Representative Assembly on each of the Central Boards, the number being fixed by Government.

iv. That the Central Boards, *viz.*, Education, Agriculture and Industries and Commerce should have one member elected by each District Board on it.

v. That a General Conference which would be a joint session of all the Boards and other selected representatives be held once a year during the Birthday week to take stock of the year's work, exchange views on questions of policy and send up resolutions to Government.

3. Government have carefully considered the various recommendations made and are pleased to direct that economic development work be made an integral part of the functions of the local self-governing bodies and that the Economic Conference be made a permanent adjunct to the administration with a strong and compact central organisation, consisting of official and non-official members to advise upon questions of economic importance and to co-ordinate all activities to the best advantage.

4. The Economic Conference organisation will in future consist of (1) a Central Board for organising and co-ordinating the work of all the agencies to be known as the Economic Development Board, (2) three Boards corresponding to the existing Central Committees, *viz.*, one for Education, one for Agriculture and one for Industries and Commerce, and (3) a Board for Scientific Research and Advice as now constituted under Government Order No. 4550-9—I. & C. 171-16-8, dated the 28th November 1918. Work in the districts will be delegated to the local bodies under the new Local Self-Government scheme as detailed below.

The General Conference will be a joint session of the Central Boards with other selected representatives, held once a year during the Birthday to make suggestions and recommendations on questions of policy and discuss special measures to be adopted for promoting economic development in the State.

5. The Central Economic Development Board will be composed as follows:—

President.

Dewan.

Vice-Presidents.

Members of Council.

Members.

Six Heads of Development Departments, *viz.*, Education, Agriculture and Industries and Commerce, Mines and Geology, Forest and Co-operation also the Revenue Commissioner, the Chief Engineer, the Chief Electrical Engineer and the Financial Secretary.

Three members to be elected by each of the Central Boards for Education, Agriculture and Industries and Commerce.

The total number of members of the Board will, excluding the President and Vice-Presidents, be limited to 20. Elected members will hold office for one year at a time. This body will replace the existing Standing Committee.

The Secretary to Government, Departments of Education and Agriculture will be the *ex-officio* Secretary to the Economic Development Board. One of the Assistant Secretaries attached to the Education Secretariat will also serve as an Assistant Secretary to the Board. The Secretary to the Board will not be a member of the Board.

The Board will meet once in four months. Its functions will be:—

(*a*) to discuss general questions of policy, to watch and review progress under each scheme and co-ordinate the work of the various agencies, to settle the programme of work for the year and make the necessary distribution of budget allotments;

(*b*) to make suggestions to Government with regard to the action that may be taken on the recommendations or resolutions of the General Conference; and

(*c*) to consider important proposals and schemes sent up by the individual Boards and referred to it by the Government and make recommendations thereon.

The Economic Development Board will not, however, exercise any direct executive functions.

6. In the place of the three existing Central Committees there will in future be four Central Boards, *viz.*, Board of Education, Board of Agriculture, Board of Industries and Commerce and Board of Chemical Research and Scientific Advice. The constitution of the newly established Board of Chemical Research and Scientific Advice sanctioned in Government Order No. 4550-9—I. & C. 171-16-8, dated the 28th November 1918, will not for the present be altered except that the Forest Chemist will be an additional member of that Board.

7. The three Central Boards of Education, Agriculture and Industries and Commerce will be reconstituted as follows with a view to provide for adequate representation of the agencies working in the districts, of the Representative Assembly, of other semi-official and private bodies in the State devoted to economic work of any importance and of any special interests:—

BOARD OF AGRICULTURE.

Chairman.

One of the Members of Council.

Members.

1. The Director of Agriculture.
2. The Chief Engineer of Mysore.
3. The Revenue Commissioner in Mysore.
4. The Superintendent of Animal Husbandry.
5. The Registrar of Co-operative Societies.
6. The Superintendent of Sericulture.
7. The Superintendent of Government Gardens.

Eight members to be elected by the District Boards, one each.
Two members to be elected by the Representative Assembly.
Other members to be nominated by Government with reference to special interests relating to agricultural development, such as Inamdars, Planting Associations, etc.

BOARD OF INDUSTRIES AND COMMERCE.

Chairman.

One of the Members of Council.

Members.

1. The Director of Industries and Commerce.
2. The Conservator of Forests.
3. The Director of Mines and Geology.
4. The Chief Electrical Engineer.
5. The Agent, Mysore Railways.
6. The Forest Economist

Eight members to be elected by District Boards, one each.
Two members to be elected by the Representative Assembly.
One member to be elected by the Chamber of Commerce.
One member to be elected by the Mysore Bank.
Other members to be nominated by Government.

BOARD OF EDUCATION.

Chairman.

One of the Members of Council.

Members.

1. The Inspector-General of Education.
2. One member to represent the University.

Two members to be nominated by Government to represent aided agencies
Eight members to be elected by the District Boards, one each.
Two members to be elected by the Representative Assembly.
Two members to be nominated by Government to represent Women's Education.
Three members to represent education of special communities.
One member to represent the Text Book Committee.
Other members to be nominated by Government.

Each Board will be presided over by one of the Members of Council. Both the elected and nominated members will hold office for one year at a time. The number of members of each of the three Central Boards exclusive of the Chairman will be ordinarily limited to 22. The Chairmen of the Boards will have, however, power to co-opt additional members whenever they consider it necessary so as to bring the total number to not more than 25.

Each Board will have a whole-time Secretary who will be specially selected and hold office usually for not more than four years. He will, while so employed, be seconded in the Departments on the cadre of which he holds a permanent appointment. The Secretary will not be a member of the Board.

The Boards will meet at least once in two months. To deal with individual subjects. Sub-Committees may be appointed who may meet as often as may be necessary.

The functions of the Boards will be the investigation of questions of economic interest, carrying on experiments, formulating schemes for improvements, collecting and spreading information of value by means of bulletins, lectures, etc., and generally advising the people in respect of measures to be adopted for their material and moral welfare.

Ordinarily, the execution of schemes formulated by the Boards and approved by Government will rest with the Executive Departments of Government. But in cases where Government specially so direct, the Boards may themselves undertake the execution of any scheme prepared by them out of their budget grants.

The Boards will be allowed full initiative and financial autonomy subject to budget provision. The powers regarding expenditure now exercised by the President in accordance with Government Order No. G. 4969-73—G. M. 55-12-142, dated the 20th February 1913, will be delegated in their entirety to the Chairmen, subject,however, to the conditions that no appointments, the pay of which is fixed at or above or progressive to or above Rs. 100 per mensem or of which the period exceeds one year are sanctioned without the previous approval of Government.

8. With regard to economic work in the Districts, Government consider that it is no longer necessary to have separate District Committees for the purpose and that the functions of these Committees may be advantageously handed over to the District Boards. The Local Boards Regulation makes due provision for the carrying on of such functions by the local self-governing bodies and Government therefore direct that in future, the District Committees need not exist as separate bodies unconnected with District Boards. The Regulation will be amended so as to impose the duty of promoting economic and other developments in each local area as an obligatory function on all District Boards.

9. The District Boards should have three separate Sub-Committees to deal with Education, Agriculture and Industries and Commerce respectively. Officers of the technical Departments concerned attached to the districts may be appointed as Secretaries to these Sub-committees. Rules will be framed by Government to indicate procedure and other details with reference to the economic work of these local bodies. The general lines of work may, however, be laid down as follows.

The President of the District Board will be responsible for the due co-ordination of the work of the several agencies with a view to the attainment of practical results. A suitable grant will be given to the District Boards to enable them to carry out the additional functions now delegated to them.

The District Boards may apply to Government for assistance to entertain for specific periods out of the grants sanctioned, any special staff that they may consider necessary for carrying on the work of economic development. Such special staff may include the services of a special officer to work under the President subject to the control of the Board to assist the Board in co-ordinating the work of the various agencies in the district and to adopt special measures for the economic development of the areas.

In addition to the Government grants, the District Boards will be expected to provide funds from their own resources to meet the expenditure on developmental work. Any voluntary contributions raised may also be utilised for economic development work.

NC. 514-66—E. C. 15-19-1, DATED 12TH JULY 1919.

The District Boards will be accountable to the Central Economic Development Board for the proper administration of the grants made to them. All executive work should as far as possible be carried out through departmental agency. In matters pertaining to the work of any Central Board, the recommendations of the District Boards should, in the first instance, be made to the Central Board concerned.

Similarly, in the case of taluks, the Taluk Progress Committees will cease to exist and these functions will be merged with and delegated to the Taluk Boards who will attend to all economic work by means of Sub-Committees to be appointed as in the case of the District Boards. A suitable allotment will be made by each District Board to the various Taluk Boards to meet expenditure connected with economic development. In cities and towns where there are Municipal Councils, these bodies should similarly undertake functions relating to economic improvements in the Municipal areas concerned.

The work of economic progress in villages will devolve upon the Village Panchayets as contemplated in the Village Panchayets Regulation and where there are no Village Panchayets will be attended to by the Village Improvement Committees.

The Sub-Committees for Education, Agriculture and Industries and Commerce of the District and Taluk Boards referred to above will be reconstituted afresh every year. The strength of the Sub-Committees of the District Boards shall not be more than ten including official members, but the Presidents of the District Boards shall be at liberty to co-opt additional members whenever necessary for the consideration of any particular subject or subjects. The strength of the Sub-Committees of the Taluk Boards will be limited to seven.

10. The General Economic Conference will as hitherto meet in a Session once annually during the Birthday of His Highness the Maharaja. Its membership will be increased to 100 as follows :—

Members of Central Boards	75
Deputy Commissioners of Districts.. ..	8
Members of Legislative Council (to be elected)	2
Members of City Municipalities do ..	2
Members of Town Municipalities do ..	4
Others to be nominated to represent special communities and interests ..	9
Total ..	100

Members who have been specially elected to the Economic Conference will hold office for a period of three years unless the body which they represent has been reconstituted when a fresh election will be held. All nominated members will hold office for one year.

The functions of the Conference will be purely advisory. It may offer suggestions and record resolutions, which will have effect only as recommendations, on questions of policy and special measures to be adopted for promoting economic development in the State, but it will have no administrative powers or functions and no control over finance. It will have, however, the right of interpellation. It will have the power of making suggestions as regards the work and programme of the Central Boards and District Boards and moving resolutions on the Conference Budget. It will be supplied with information regarding the progress of all important economic schemes introduced into the State. It may also be consulted with regard to any important economic schemes or questions of policy engaging the attention of the Central Boards or the Departments concerned.

The Secretary, Economic Development Board, will also be the Secretary to the Economic Conference.

11. The budget allotment of the Economic Conference will for the present, be Rs. 2 lakhs, the expenditure on establishment being limited to Rs. 75,000. Separate orders will issue regarding the permanent and other establishments to be attached to the various sections of the Conference Organisation.

12. Government also direct that pending the re-organisation of the Economic Conference on the lines indicated above, the existing constitution and arrangements be

continued till the end of December 1919 and that arrangements be made to give effect to this order from the 1st January 1920. The appointments of District Economic Superintendents will cease with effect from the 1st January 1920. The Presidents of District Boards are requested to take all the necessary steps to transfer all Economic Development work in the Districts to the local bodies as indicated above and submit detailed proposals regarding staff, allotment of funds and programme of work before the 31st October 1919. They are also requested to arrange for the election of members to the Central Boards. The Representative Assembly will be requested to elect members at the next Dasara Session and Government will pass separate orders regarding the election of members by other bodies such as the Chamber of Commerce, the University, Mysore Bank, etc.

The rules and orders now applicable to the agencies and officers connected with the Economic Conference will be in force until they are modified in accordance with this order.

Letter No. 4764, dated 8th January 1919, from the Secretary, Insurance Committee, forwarding copy of Resolution IX passed at the meeting of the Insurance Committee, on the 10th December 1918, and soliciting sanction of Government for empowering the Committee to impose fines on officers who fail to submit proposals within three months from the date of their becoming eligible to insure in the official branch.

2. Correspondence ending with letter No. 8085, dated 5th May 1919, from the same officer, stating that the Committee is of opinion that it would suffice if Government Order No. Fl. 2114-55, dated 13th February 1904, authorising stoppage of pay in the case of such officers, be incorporated in the Insurance Rules.

Order No. Fl. 107-56—G. F. 29-18-30, dated 9th July 1919.

The revised proposal of the Insurance Committee as in the second letter read above is approved subject to the following observations.

2. Government consider it desirable that before the pay of an officer is stopped for failure to insure his life as soon as he becomes eligible for insurance he should have previous notice or warning of the stoppage of pay of not less than one month in any case. A rule to this effect may be framed for the guidance of the Insurance Office.

3. To obviate misapprehension, Government observe that "stoppage" of pay is not equivalent to its forfeiture by way of penalty but only to its being withheld for the time being and that the pay withheld should be disbursed to the officer concerned as soon as he shall have submitted his proposal for insurance in the proper form.

1. * * * * * * * *

2. Postal remittances can now be made at 1 shilling 8 pence the rupee and I think family remittances have to be permitted at this rate if officers desire to make them through Government. There will be no concession to them and the case is simply one of convenience to the officers in paying by deduction from their salary bills and remitting through Government free of remittance charges. So long as the fixed rate for adjustment of sterling transactions continues to be 1 shilling 6 pence the excess of 2 pence per rupee paid on family remittances will be adjusted as loss on exchange. I request orders as to whether family remittances may be authorised at 1 shilling 8 pence instead of at 1 shilling 6 pence.

Letter No. L. A. D. 301, dated the 17th March 1919, from the Comptroller, Mysore Government, suggesting for reasons stated, a change in the procedure of submitting for orders of Government reports on the audit of accounts of offices visited by the Local and outside Audit staff of his office.

"I have the honour to state that at present all audit reports on the accounts of offices examined by the outside auditors of this office are submitted to Government with the remarks of the Head of the Department and of the Comptroller on the points noticed in course of the audit. It has been found by experience that a large portion of each audit note and the accompanying objection statements consists generally of omissions and irregularities of a minor character that can easily be rectified by the heads of the offices concerned and that it does not appear to serve any useful purpose to submit to Government the whole audit note and objection statement containing all points minor or important, and satisfactorily answered by the head of the Office or Department or not so answered. Most of the points should, I think, be settled by consultation and communication between this office and the office audited and what should be reported to Government are only matters requiring their orders or of sufficient importance to be brought to their notice though not calling for orders.

2. With this object, I propose that in future only a statement in the form prescribed in Government Order No. G. 9638-9—Mily. 162-16-5, dated the 28th November 1918 may be submitted to Government by this office for reporting such matters to them, the audit note and the objection statements being retained in this office."

GENERAL AND REVENUE DEPARTMENTS

READ—

Consolidated budget estimates (provisional for 1919-20) with the Memorandum and the Financial statement presented to the Representative Assembly in April 1919.

Order No. Fl. 723-62—G. F. 200-18-8, dated 31st July 1919.

The provisional budget estimates prepared for the year 1919-20 and revised on a consideration of the recommendations of the Budget Finance Committee were presented to the Representative Assembly on the 28th April 1919, and were discussed by that body. The same estimates were also subsequently discussed by the Legislative Council on the 20th and 21st June 1919.

2. Government are now pleased to accord formal sanction to the estimates as finally prepared in accordance with the orders of Government issued and to indicate how the suggestions and recommendations made by the three bodies, namely, the Finance Committee, the Representative Assembly and the Legislative Council have been dealt with.

3. *Revised estimates for 1918-19.*—The revised estimates for 1918-19 show that the revenue and expenditure charged against revenue, which according to the budget estimates respectively aggregated Rs. 2,98,33,000 and Rs. 2,97,92,000 with a surplus of Rs. 41,000 now stand revised at Rs. 2,97,24,000 and Rs. 2,96,99,000 respectively, leaving a surplus of Rs. 25,000. The revised estimate of capital outlay not chargeable to Revenue is Rs. 47,14,000 against the budget anticipation of Rs. 93,13,000, showing a lapse of Rs. 45,99,000.

The important variattons from the budget estimates are explained in the memorandum referred to in para 9 *infra*.

4. *Budget estimates for 1919-20.*—The first edition of the budget for 1919-20 as submitted by the Comptroller was for a revenue of Rs. 2,98,51,000. and provided for an expenditure chargeable to Revenue of Rs. 2,98,07,000. To the expenditure estimates some additions on the basis of past actuals and on account of sanctioned items including adequate provision from the Famine Reserve for granting Grain Compensation and War allowances to officials and menials were made and the estimates placed before the Finance Committee for consideration. Proposals for making provision for an aggregate expenditure of Rs. 32,60,000 for various measures and schemes were also placed before the Committee. The recommendation of the Committee made after a scrutiny of the proposals was for providing for items aggregating Rs. 15,28,000, out of which Government authorised the inclusion in the budget of provision for items aggregating Rs. 12,87,000.

The second edition of the budget as presented to the Representative Assembly resulted in a deficit of Rs. 1,10,000 as indicated below:—

	Rs.
Total Revenue	3,04,98,000
Total expenditure chargeable to Revenue ..	3,06,08,000
Deficit	—1,10,000

5. The budget estimates as finally framed incorporating in them provisions for items sanctioned subsequent to the second edition and also making the necessary alterations in Revenue estimates in the light of later information, are for a Revenue of Rs. 3,13,66,000 and an expenditure of Rs. 3,14,30,000 under Service Heads, resulting in a deficit of Rs. 64,000. The grant for capital outlay not chargeable to Revenue has been fixed at Rs. 90,00,000.

NO. FL. 723-62—G. F. 200-18-8, DATED 31ST JULY 1919.

6. In accordance with the policy of encouraging industries in the State enunciated in Government Order No. 12445-59—I. & C. 286-18-3, dated 28th June 1919, the budget now sanctioned provides for two funds namely the Industrial Development Fund (Rs. 1,50,000)and the Industrial Investment Fund (Rs. 3,00,000). The former is the year's contribution from Revenue to the Reserve Fund, which is intended for carrying on experimental work, while the latter is for affording financial assistance to approved industrial concerns and it is provided from funds allotted for capital expenditure.

7. *Suggestions of the three bodies.*—(i) The provisions in the first edition of the budget for Economic Conference, and for the Bangalore City and the Mysore City Improvements have been reduced as far as practicable.

(ii) Provision has been made for the re-organisation of the Subordinate Staff of the Excise Department.

(iii) The estimates under "II. Forest, 3 Other Minor Produce" has been raised on account of improvement in the Revenue from sales of tangadi bark leases.

(iv) The grant for construction and repair of Muzrai Buildings has been increased.

(v) The proposal for extending medical relief by opening more hospitals and dispensaries, for revising the pay of compounders, nurses and menial staff and for increased supply of medicines is under consideration.

(vi) It has not been possible to make any provision in the budget for increasing the remuneration to patels and shanbhogs ; the question is, however, receiving attention.

(vii) The reduction, as far as possible, of the working expenses of Mysore Railways and the arrangements necessary for provision of more Rolling Stock will be investigated.

8.i. Government are pleased to direct that from next year arrangements be made to publish the entire budget estimates in Kannada. The explanatory memorandum and the final order sanctioning the estimates will also be published in Kannada.

ii. The Assets and Liabilities statement will be amplified to furnish full information under all important heads including the various reserves.

iii. The suggestions made in regard to the working of the Financial Settlement Scheme have been noted for consideration in connection with the revision of the Settlement due next year.

9. This order and the sanctioned estimates with a revised Memorandum explaining them will be published in an Extraordinary issue of the *Mysore Gazette*.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. Fl. 6491-504—G. F. 113-17-2, dated the 3rd May 1918, sanctioning the formation of a special section in the Comptroller's Office for the audit of accounts relating to the industrial and commercial concerns.

2. Letter No. I. A. D. 168, dated the 12th September 1918, from the Comptroller, requesting sanction to an additional establishment costing Rs. 1,195 per mensem for the Industrial Section of his Office, for reasons set forth in the letter.

3. Correspondence ending with letter No. I. A. D. 473, dated the 12th February 1919, from the same officer, suggesting revision on certain lines of the system of audit, pertaining to commercial concerns and seeking the orders of Government thereon.

Order No. Fl. 428-30—G. F. 27-18-90, dated 21st July 1919.

The work of the industrial and commercial concerns in the State has rapidly developed and the need has been felt for laying down in a comprehensive manner, the lines on which the business side of the various concerns should be conducted in future, specially with reference to regular and systematic audit. Government are accordingly pleased to direct that all concerns pioneered by Government and worked by the Department of Industries and Commerce on commercial lines, with a view to the realisation of a suitable return on the capital invested should be kept quite distinct from the other operations of the department and be subjected to periodical audit as indicated below. For the present, the following concerns will come within the scope of this order:—

(1) The Central Industrial Workshop;
(2) The Soap Factory;
(3) The Metal Factory;
(4) The Weaving Factory;
(5) The Industrial Depot and
(6) Industrial Stores.

2. The Capital and Revenue expenditure should be kept separate as hitherto. Arrangements will be made to ascertain at once, the capital expenditure incurred up-to-date, in the case of each concern by evaluating the buildings, machinery, etc. In future, a fixed sum will be provided for each concern every year for capital expenditure which will be found from the head "capital grant to industrial concerns" in the State Budget outside the ordinary revenue accounts. Each concern will be expected to pay interest on the capital expenditure provided at the rate of 6 per cent per annum out of the gross profits realised. This will, however, not be insisted upon as regards the transactions of previous years. The funds for capital expenditure will be drawn on Abstract Contingent Bills. Such expenditure will also be subjected to local audit along with the examination of revenue accounts of the concerns.

3. For financing the working of each concern a fixed sum will be allotted to start with. The realisations of each concern will also be made available for the same purpose.

All realisations without any reservation must be remitted to the treasury and all funds for expenditure must be drawn from the treasury on cheques. Each cheque should have marked on it the name of the concern for which it is drawn.

No. Fl. 428-30—G. F. 27-18-90, dated 21st July 1919.

The limit up to which the Director can draw, will in the case of each concern, be in the first year of the new procedure, the fixed sum allowed for it plus the realisations remitted to the treasury and from the second and subsequent years, the limit will be the balance to the credit of the concern at the beginning of the year after making adjustments on account of contributions to depreciation fund of interest on fixed and floating capital and of profit made plus the realisations remitted to the treasury. In cases in which the limits referred to above are found to be insufficient, sanction of Government should be obtained for such special arrangements as may be needed.

4. All payments in India on account of a concern should be arranged for by the Director himself and not through the Comptroller. Payments outside India should, however, be arranged for through the Comptroller on payment, by means of a crossed cheque in his favour.

Interest on working capital will be paid at the rate of 6 per cent per annum.

5. The cost of establishment and supervision in respect of each concern will be fixed by Government with reference to the total output, and within the limit prescribed, the Director will have the discretion to entertain additional staff or effect reduction of staff from time to time as he may consider necessary.

6. In the case of every concern a monthly statement of accounts will be furnished to the Comptroller in a form to be prescribed by him and a quarterly consolidated statement to Government.

7. The Central Industrial Workshop will be subjected to local audit once in three months. Audits for the half-year ending December and June will be enough in the case of other concerns. In auditing the accounts, only vouchers for expenditure exceeding Rs. 250 need be examined. The other vouchers should be preserved and produced before the auditor if required. As regards receipts the audit of accounts of the Central Industrial Workshop will be limited to a test audit of one month's transactions in every quarter and of other concerns of one month's transactions in every half-year. All records and registers relating to the receipts of months other than those test audited should, however, be produced for audit if required.

8. All the commercial concerns will be subject to occasional audit by outside expert agency.

9. With a view to enable the Director to purchase materials required for the various concerns at the most favourable rates, all such purchases will be made through a stores section attached to the Office of the Director. The Industrial Stores will be under the direct management of the Director. Supplies to the several factories should be upon specific indents received from them, reasonable charges being made for warehousing and other services to the factories. In case any discount is due on account of the large scale purchased by any one factory, credit for same should be allowed to that factory. The stock maintained from time to time at the stores should, except for special reasons, such as peculiar conditions of the market or the special requirements of the industry, not exceed more than three months' requirements at a time.

10. For the Industrial Audit Section in the Comptroller's Office which deals with accounts of the concerns referred to in this order and all other commercial concerns in which Government are financially interested the following additional staff is sanctioned.

(1) One Gazetted Officer on Rs. 250—$\frac{50}{3}$—450 (already appointed).
(2) Three Commercial Auditors of the grade of Superintendents on Rs. 125, Rs. 200, Rs. 250.
(3) Three clerks on Rs. 60 each, one for each auditor.
(4) One Senior Accountant on Rs. 100.
(5) One Accountant on Rs. 80.
(6) Two clerks on Rs. 60 and 50.

11. The entire cost of the audit establishment will be debited to the several industrial concerns on a proportionate basis to be determined by the Comptroller.

12. The Comptroller is requested to examine the existing forms and accounts maintained in each concern and to suggest additions and revisions before the end of August 1919, so that the new system of accounts may be brought into force with effect

from 1st September 1919. The Director should submit to Government a monthly statement of outstandings for scrutiny.

13. Annual budgets shall be prepared for each concern by the Director under Capital and Revenue Expenditure including establishment and receipts showing net profits, or loss, expected as a result of the year's working of the concern and sent to Government and the Comptroller.

14. Government desire that these instructions should be brought into effect from 1st September 1919, and that the correct financial position of each of the commercial concerns should be carefully determined and reported to Government as soon as possible.

Letter No. L. A. D. 138, dated 2nd October 1918 from the Comptroller to Government submitting the annual report on the working of the Local Audit Department for 1917-18.

(To be printed in extenso as an annexure.)

Order No. Fl. 508-57—G. F. 177-18-2, dated 21st July 1919.

Recorded.

2. The Comptroller reports that the programme of work for the year 1917-18 was with few exceptions completed and that the accounts of the Imperial Service Regiment could not be taken up for audit during the year under report as the books were not ready for examination. Government regret to note that the instructions given in para 1 of Government Order No. Fl. 7706-55—G. F. 86-17-3, dated 14th June 1918, have not been attended to by the Chief Commandant who is requested to take very early action in the matter and submit a report to Government within one month from the date of this order.

3. It is reported that the examination of the accounts of the Government House at Mysore disclosed a shortage of Rs. 102-0-4, in the cash balance on 8th November 1917, which was made good by the Superintendent, Mr. S. Vishakantayya who has since been removed from service.

4. Government are constrained to observe that the list of irregularities noticed in the course of audit in the accounts of the several local audit institutions as reported by the Comptroller is a long one.

5. As the several audit reports are separately dealt with and orders are passed on receipt of explanations, Government do not consider it necessary to call for explanations on the several individual items of irregularities noticed in the Comptroller's report. But they view with displeasure cases of extreme laxity in accounts and they cannot tolerate the existence of irregularities and delays, such as the following, to continue.

(1) Non-maintenance of a General Cash Book in the Minto Ophthalmic Hospital, Maternity Hospital and Krishnaraj Hospital.

(2) Incomplete or non-chronological posting of the Cash Book in the Victoria Hospital, Government Central Book Depot, Stationery Depot and Home Industries Institute.

(3) Want of record of the result of verification of cash balance in the Cash Book of the Victoria Hospital, Government Central Press and Government Central Book Depot and the Military Stores.

(4) Non-maintenance of stock accounts for certain articles in daily use and for sale in the Maternity Hospital, Krishnaraj Hospital and Central Book Depot.

(5) Disagreement of outstandings of loans and advances in the main accounts with the totals of amounts shown against debtors in the detailed accounts in the Mysore City Improvement Trust Board.

(6) Omission to keep a separate account for showing receipts and disposal of advances received for the supply of Agricultural implements not in stock in the Agricultural Implement Depot.

(7) Delay in writing up the Mohatarfa Demand Registers for 1916-17 and 1917-18, in Talkad Municipality and for 1917-18 in Malvalli, Chamrajnagar, Shimoga and Tirthahalli Taluks.

7. The Comptroller has again brought to notice that there has been inordinate delay in the disposal of audit notes by Heads of Offices and local bodies and that on the whole there was no perceptible improvement either in the state of the books

maintained in the institutions under local audit or in the attention which the objections in audit received from the Heads of Offices or local bodies. It is pointed out that the objection statements on the District and Municipal Funds accounts maintained in the District Office in Mysore given by the audit staff in January and February 1918 had not been returned with replies by October 1918. The number of audit reports of offices coming under outside audit pending disposal for over 3 months was 18 against 4 in the previous year, and that of audit notes relating to Local Boards and Municipalities remaining unanswered at the close of the year was 236 against 110 in 1916-17, some of the outside audit reports having been pending disposal for over three years and audit reports of Local Funds for longer periods. This is most unsatisfactory. Government in the administrative departments concerned will take very early steps to see that all audit reports now in arrears in the departmental or other offices are disposed of within three months from date of this order. To ensure prompt disposal of audit notes in future Government have directed the Comptroller to submit every quarter a statement of such notes not disposed of within three months of submission by the audit office. *Vide* para 4 (vi) of Government Order No. Fl. 1928-77—G. F. 101-18-1, dated 5th October 1918.

8. *Audit by Finance Committees.*—Except in the case of Mysore City Municipality, the monthly accounts received from municipalities do not show evidence of having been scrutinised by Audit Committees. Audit by Finance Committees do not appear to have been conducted in many cases and where conducted it does not appear to have resulted in any improvement of the accounts. The system of examination by Audit Committees is, however, new and it is hoped that in course of time and as Municipal Councillors who take interest in their work are appointed as Members of Audit Committees examination of accounts by such Committees will become more effective and serve the real purpose of audit.

9. In view of substitution of half-yearly audit for annual audit of accounts of local bodies the Comptroller suggests that it is desirable to reduce the time limit for the return of the audit notes by local bodies from three months to one month, which latter is the period prescribed for the return of outside audit reports by Heads of Offices. Government approves of the Comptroller's proposal.

10. The several suggestions made by the Comptroller in para 13 of his report in regard to the employment of an efficient account staff and to the improvement of the state of accounts are commended to the attention of local bodies for needful action.

Conditions of Service of all Employees in the Railway Department and their Position.

No. Fl. 565-7—G. F. 69-16-9, dated 22nd July 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. Fl. 565-7—G. F. 69-16-9, dated 22nd July 1919.

Government consider it desirable to define clearly and to issue definite instructions for regulating the conditions of service of all employees in the Railway Department and their position.

In creating new posts or making new appointments in the Railway Department in future, care should be taken to invariably specify in the order, to which class such posts or appointments relate.

2. Service in the Railway Department may be either
   A. In the Revenue (Open Line) establishments or
   B. In lines under Construction or Survey.

3. *A. Revenue Establishments.*—The different classes of service under this head will be as follows:—

(i) Permanent and pensionable.
(ii) Permanent but non-pensionable.
(iii) Temporary for indefinite periods.
(iv) Temporary for specified periods.
(v) Service under special agreements.
(vi) Work establishment, Labourers, Apprentices on monthly or daily wages.

4. (1) *Permanent and pensionable.*—The service of all permanent officials in the Railway Secretariat entertained before 1st July 1916, and in the Old Open Line Staff of the Audit Office and the service of all permanent and pensionable officers transferred from the General Departments (Public Works, Accounts or other) to the Railway Department and the service of such entrants to Railway Department which may specially be declared by Government as permanent and pensionable will be pensionable.

Contribution for pension will be charged to the Railway concerned and paid to the credit of Government when such officials are employed in the interest of District Board and private Railways—worked by the State.

The conditions of service of officers included in this class will be regulated by the Mysore Service Regulations. Such officers will not be eligible to subscribe to the Railway Provident Fund, or to the grant of any bonus under rules framed in Government Order No. 1972-77—Ry. F. 186 G. 18-19, dated 9th January 1919. They will however be entitled to all other privileges and concessions sanctioned to permanent but non-pensionable officers in the Railway Department, unless they are prohibited from availing themselves of such privileges.

(2) *Permanent but not pensionable.*—Under this class will be included the service in all permanent appointments in the Railway Department other than those specified in the preceding clause.

The conditions of service of such employees are contained in para 298 of the Open Line Code, Volume II.

Officers of this class are ineligible for pension and are required to subscribe to the State Railway Provident Fund.

Subordinate employees.—i.e. Employees other than Gazetted Officers or their widows and children dependent on them will be entitled to a bonus or gratuity under rules laid down in Government Order No. 1972-77—Ry. F. 186 G. 18-19, dated 9th January 1919.

No. FL. 565-7—G. F. 69-16-9, DATED 22ND JULY 1919.

In all other respects including title to pay and allowances, leave and leave allowances and travelling allowances the rules in the Mysore Service Regulations will apply.

(3) *Temporary for indefinite periods.*—Under this head is included service treated as temporary but not likely to terminate within 5 years.

Service of this kind also is non-pensionable, and such officers will not be permitted to subscribe to the State Railway Fund. They will be entitled to a month's notice of discharge or a month's pay in lieu of notice.

Exception.—Temporary Engineers filling sanctioned posts on the Open Line of Railways are permitted to subscribe to the State Railway Provident Fund.

The Rules in Appendix AA, Mysore Service Regulations, regulate the leave and acting allowances of such officers and in other respects the rules in the body of the Mysore Service Regulations applicable to temporary employees will govern their case.

(4) *Temporary for definite pefiods.*—Service under this class includes—

(*a*) Appointments made from time to time for periods not exceeding 12 months according to the requirements of traffic. The Agent, Mysore State Railway, is empowered to make appointments in this class, subject to the maximum salary of Rs. 100 per mensem.

(*b*) Appointments for specified periods exceeding 12 months subject always to the sanction of Government.

The conditions of service of these officers, *re* pay and allowances and leave will be regulated by the rules in the Mysore Service Regulations applicable to temporary employees except when special rules are framed so as to suit the requirements of their case.

All temporary employees included in classes 3 and 4 should sign a declaration to the effect that they are engaged on the footing of monthly servants and that their employment carries with it absolutely no claim to pension or to any absentee allowances beyond those conditionally given for temporary employees in the Mysore Service Regulations.

Special Service.—(5) This head will include the service of officers engaged on Special covenants or lent from the Government of India on terms defined.

In the case of such officers the contracts or terms of employment regulate the conditions of service and in the absence of any provision in any particular matter the rules in the Mysore Service Regulations will apply.

Officers serving under Special covenant are not required to subscribe to the State Railway Provident Fund. If such officers nevertheless signify in writing their desire to be admitted to the benefit of the State Railway Fund, they will be permitted to do so provided that there is nothing in the convenant about the grant of gratuity or bonus on the expiry of the term of service.

(6) *Work Establishment—Labourers and Apprentices.*—These are employed on monthly or daily wages for the period on duty and the conditions of service and title to allowances are as defined in paras 49 and 54 of the Open Line Code, Volume II and Clause (*b*) Article 239 of the Mysore Service Regulations. They will not be entitled to leave of absence with pay except in accordance with any special rules framed in behalf of any particular class of employees.

Members of Work Establishment are not entitled to leave of absence with pay except casual leave under the conditions defined in note 2 to Rule 1 of Appendix AA or to transit or travelling allowance on transfer.

The grant of leave and special allowances, other than overtime allowances to the shed staff of the Loco and Carriage and Wagon Department called upon to duty on Sundays, or at times which may as a rule be considered as periods of rest is regulated by Government Order No. 1440-1443—Ry. F. 20 P. L. 18—19, dated the 21st November 1918.

Leave to apprentices—Permanent Way Staff—will be regulated by the Government Order No. R. S. 2526-34—Ry. F. G. 209-18-19, dated the 15th March 1919.

5. *B. Service in lines under Construction or Survey.*—The service in these departments of all officers who hold permanent and pensionable posts continues to be pensionable and the service of all others will be temporary and non-pensionable.

All temporary officers will be required to sign a declaration in the form referred to in para 4, clause (4).

No. Fl. 565-7—G. F. 69-16-9, dated 22nd July 1919.

6. *General.*—Transfers of officers in the Railway Department from one class of service to another may be effected under the following conditions :—

A permanent and pensionable officer under Government may, under the general, or special orders of Government, be employed in service falling under any of the other classes and when so employed his service will continue to be pensionable.

Appointments of the Railway Department being on a non-pensionable footing all officers serving in that Department who have not been transferred to that Department from the permanent and pensionable appointment under Government or whose service has not been specially declared as eligible for pension will have no claim to pension under the Mysore Service Regulations. A temporary officer transferred to the permanent and non-pensionable staff will be entitled to the privileges of the latter from the date of transfer and be permitted to subscribet o the State Railway Provident Fund. A permanent non-pensionable officer when deputed for temporary duty under orders of competent authority will have the privileges of a permanent officer while on such duty and will be permitted to continue to subscribe to the Railway Provident Fund. There will be no objection to transfers of employees from Temporary Establishment to Work Establishment or *vice versa* being effected, under the terms of service attaching to such appointments but such transfers should not involve extra cost to Government either in the matter of transit pay or travelling allowance.

7. These rules will be incorporated in the Codes of the Railway Department which will be compiled in the near future.

Government Order No. 2089-98—Muz. 215-13-3, dated 13th February 1914, laying down the procedure for presentation of bills for payment of accrued interest on endowment deposits with Government.

2. Government Order No. 2489—Muz. 552-15-2, dated 17th April 1916, issuing instructions to the Comptroller that the personal signature of the Deputy Commissioners need not be insisted upon in countersigning bills.

3. Representations from the Agent of Sri Parakala Matt and certain others complaining of the inordinate delay in the payment of accrued interest on such deposits.

Order No. 202-11—Muz. 201-18-3, dated 14th July 1919.

Having regard to the delay and inconvenience caused by the procedure in force under the orders read above in the matter of the passing for payment of bills for interest due on religious and charitable endowments deposited with Government, it is hereby directed in modification of existing orders, that the following procedure be adopted in the case of all such deposits under the management or control of the Muzrai Department.

(1) In the case of endowments for services in connection with Muzrai institutions under the direct management of Government Officers and in all cases where the administration of endowments is expressly vested in the Muzrai Superintendent, the latter may himself draw a bill for the accrued interest amounts and remit the same to the various institutions concerned or incur the expenditure himself, as the case may be. The responsibility for seeing that the objects of the endowments are properly carried out will rest with the said officer.

(2) In other cases the bills will be prepared in the first instance by the manager of the institution or the person entrusted with the carrying out of the donor's wishes, and presented to the Amildar, who, after satisfying himself that the services are properly performed, will countersign the bills and forward the same direct to the Comptroller for audit and return for payment.

(2) Government direct that the above procedure be tried for a period of two years and that at the end thereof a report be submitted to Government by the Muzrai Superintendent and the Comptroller as to its working.

Government Order No. 804-17—M. F. 177-14-10, dated the 11th October 1916, ordering the conversion of certain Government Annachattrams in the State into rest-houses and calling for definite proposals regarding the establishment and other necessaries required for these rest-houses.

2. Government Order No. 1620-31—Muz. 51-18-2, dated the 27th December 1918, approving of a set of rules for the efficient supervision of these rest-houses.

3. Note No. R. C. 1639, dated the 28th June 1919, from the Muzrai Superintendent, submitting for sanction a Memorandum on the establishment and other requirements of the rest-houses in the Kolar District.

NOTE.

I submit herewith a Memorandum on the establishment and other requirements of the rest-houses in the Kolar District.

2. The Memorandum which was drawn up by me after studying the local requirements was forwarded to the Deputy Commissioner for an expression of his opinion and the replies received from him are also submitted for reference.

3. The Deputy Commissioner is generally in agreement with my suggestions except as regards the Bowringpet rest-house. He is of opinion that the rest-house establishment may with advantage be transferred to Robertsonpet and that the Sanitary Board of the Kolar Gold Fields are agreeable to the musafirkhana there being used as a rest-house. I agree to the above proposal.

MEMORANDUM.

There are three rest-houses in the district at the places mentioned below:—

1. Malur
2. Bowringpet
3. Kolar.

2. A sum of Rs. 25 a month has been assigned to each of these for meeting the establishment and other incidental charges.

3. I have inspected all these rest-houses and have closely studied their requirements.

MALUR.

4. The building is fairly good and commodious. Petty repairs are needed. The Amildar was requested to get up estimates for improving the flooring and for making the roof watertight. The preparation and submission of the estimates may be expedited. An estimate for the purchase of a few articles of furniture and other necessary utensils may also be prepared.

5. The monthly grant may be distributed as follows—

	Rs.	a.	p.
Cook	10	0	0
Waterman	8	0	0
Sweeper	5	0	0
Contingencies and petty repairs ..	2	0	0
Total ..	25	0	0

6. The rest-house had a sum of Rs. 1,446-12-6, at its credit on 30th June 1917.

BOWRINGPET.

7. There is no separate building for the rest-house here. The chattram was being held in Yale Mallappa Setti's choultry. The construction of a new building for purposes of locating the rest-house does not seem to be necessary. There is a good hotel in the town and a Refreshment Room in the Railway premises. The rest-house may well be transferred to some outlying Taluks such as Bagepalli or if a more central situation is required to Chintamani or Goribidnur.

8. The chattram had a sum of Rs. 1,067 at its credit on 30th June 1917.

No. 288-90—Muz. 2-19-2, dated 18th July 1919.

KOLAR.

9. The building is in good repair and is also spacious. One or two bath-rooms have to be newly added and the roofing made water-tight. The place intended for the occupation of *Byragis* has to be put in order. An estimate was called for from the Amildar (*Vide* my inspection notes) and it has not yet been received. Its submission may kindly be expedited.

10. The rest-house grant may be distributed as follows:—

	Rs.	a.	p.
Cook	.. 10	0	0
Waterman	.. 7	0	0
Sweeper and gardener ..	.. 6	0	0
Contingencies	.. 2	0	0
Total ..	25	0	0

11. The rest-house had a sum of Rs. 250-2-1 at its credit on 30th June 1917. Some amount of furniture and vessels have also to be purchased and an estimate for these may also be sent.

Order No. 288-90—Muz. 2-19-2, dated 18th July 1919.

The scales of expenditure proposed by the Muzrai Superintendent and concurred in by the Deputy Commissioner of the Kolar District for the rest-houses at Malur and Kolar, as noted in the margin, are suitable and are accordingly sanctioned.

Malur.

	Rs.	a.	p.
Cook	10	0	0
Waterman	8	0	0
Sweeper	5	0	0
Contingencies and petty repairs ..	2	0	0
Total ... per mensem	25	0	0

	Rs.	a.	p.
Cook	10	0	0
Waterman	7	0	0
Sweeper and gardener	6	0	0
Contingencies	2	0	0
Total ...	25	0	0

2. Detailed estimates for the purchase of vessels and furniture for these rest-houses and for their repairs, should be submitted to Government for sanction.

3. The transfer of the rest-house at Bowringpet to Robertsonpet and of its location in the musafirkhana at the place is also sanctioned and proposals for providing it with the necessary establishment, etc., should be submitted to Government for sanction.

Government Order No. 804-17—M. F. 177-14-10, dated the 11th October 1916, ordering the conversion of certain Government Annachattrams in the State into rest-houses and calling for definite proposals regarding the establishment and other necessaries required for these rest-houses.

(2) Note No. R. C. 170, dated the 24th May 1919, from the Muzrai Superintendent, submitting for orders, a Memorandum on the establishment and other requirements of the rest-house at Shikarpur in the Shimoga District.

NOTE.

I submit herewith a Memorandum on the establishment and other requirements of the rest-house at Shikarpur.

2. The Deputy Commissioner to whom the Memorandum had been forwarded for an expression of his opinion states that the proposals therein contained are suitable and may be adopted.

3. A further communication will be made as regards the rest-house at Mahishi.

MEMORANDUM.

Rest-houses in the Shimoga District.

There are two rest-houses in the district at the places mentioned below :—

Shikarpur,
Mahishi.

2. A sum of Rs. 25 for the former and Rs. 20 for the latter has been assigned for meeting the establishment and other incidental charges.

3. I have inspected the rest-house at Shikarpur and my Assistant Mr. Sadasiva Rao visited Mahishi and has submitted a report.

Shikarpur.

4. The building though a spacious one is very old and dilapidated. As stated by the Deputy Commissioner in his letter No. O. C. 3178- Rev. 17-18, dated 30th July 1917, a sum of Rs. 2,000 will at least be required to thoroughly repair it. But its situation is not attractive and will hardly be suitable for a rest-house. The building and the site may with advantage be sold and a new building may be erected in the new extension which is midway between the business quarters and the old one. A place near the proposed Town Hall and Dispensary will be found suitable.

5. Pending the settlement of this question, no establishment need be entertained. One of the *sudra* servants of the Sri Hutcharayaswami temple may be asked to keep watch over the present building on payment of small allowance of Rs. 2 until it is sold.

6. A sum of Rs. 8-6-0, has been allowed to this rest-house on account of Nehimi charges. The Nehimi was on account of the allowance that was being paid to old chattram servants in lieu of rations for night meals and since the abolition of the chattram this amount is being saved.

7. The Dharmadarsis and other devotees of the Sri Hutcharayaswami temple represented that a sum of about Rs. 100 was being paid from the local chattram towards the cost of Santarpane during annual Rathotsava and this has since been withheld after the stoppage of feeding in the chattram. I have examined the resources of the temple and it does not seem possible to give an enhanced grant from temple funds for the purpose.

8. Besides a sum of Rs. 3 a month is being paid from the Hutcharayaswami temple funds to the watchman of the temple at Belgavi and this the temple can ill-afford to pay.

I would therefore propose that out of the Nehimi allowance, *viz.*, Rs. 100-8-0, referred to above, a sum of Rs. 52-8-0 may be paid for Santarpane during Rathotsava of the Hutcharayaswami and the balance of Rs. 48 utilised towards the pay of the watchman of the Belgavi temple. The present care-taker is old and his work is said to be unsatisfactory. A new man on Rs. 4 may be entertained.

9. The rest-house had a sum of Rs. 2,171-12-9 on 30th June 1918.

Order No. 113-15—Muz. 720-18-2, dated 9th July 1919.

The chattram building at Shikarpur is reported to be very old and dilapidated and its situation ill-suited for a rest-house The Muzrai Superintendent recommends that the building may be sold by auction and a fresh one constructed for the purpose in the new extension, an opinion in which the Deputy Commissioner concurs.

2. Government are pleased to sanction these proposals. Early steps should be taken to have the existing chattram building sold by public auction and to have a new building erected in its stead in a suitable locality.

3. The Muzrai Superintendent also recommends that out of the Nehimi allowance of Rs. 100-8-0, a year, reserved from the Tasdik grant of the old chattram, a sum of Rs. 52-8-0 may be paid for Santarpane during the Rathotsava of Hutcharayaswami and the balance utilised towards the pay of the watchman of the Belgavi temple in lieu of the payment of Rs. 3 from the funds of Hutcharayaswami temple. These recommendations are sanctioned.

4. It is further proposed that until the new building comes into existence, the establishment for the rest-house need not be entertained and that until the old building is sold, a care-taker who may be one of the servants of the Hutcharayaswami temple, may be appointed on an allowance of Rs. 2 a month, this amount being found from the rest-house allotment. These proposals are also sanctioned.

Note No. C. R. 41, dated 27th May 1919, from the Muzrai Superintendent in Mysore, submitting for sanction proposals for the revision of feeding in the Government Annachattram at Ananthapur, Sagar Taluk, together with his Memorandum thereon, and stating that the proposals are concurred in by the Deputy Commissioner of the Shimoga District.

MEMORANDUM.

Proposals for revision of feeding in the Government Annachattram at Ananthapur, Sagar Taluk, Shimoga District.

The Chattram is situated at a distance of 50 yards from the Shimoga-Sagar Road and is reported to be much frequented by pilgrims to the "Yellu Amavasya" at Tirthahalli and "Paryaya," at Udipi. Ananthapur is a straggling road-side village where, but for the Annachattram, travellers would find it very difficult to get food.

The Chattram has a cash grant of Rs. 552-0-0, per annum or Rs. 46 per month under the following heads of expenditure:—

I. *Establishment.*

	Rs.	a.	p
(1) Cook	6	0	0
(2) Paricharak	5	0	0
(3) Sweeper	3	0	0
	14	0	0
II. *Ration Allowance* to the above at Rs. 4-8-0 per head	13	8	0
III. *Santarpane*	18	8	0
Total ..	46	0	0 per month.

Ration allowance to Chattram servants can be allowed on the assumption that half a seer of rice for each individual at nights when there is no feeding, is necessary. This may be valued at approximately rupees three per month for each. Again two Brahmin servants are unnecessary in this small Chattram.

The scale now proposed is as follows:—

I. *Establishment.*

	Rs.	a.	p.
(1) Cook	8	0	0
(2) Sweeper	4	0	0
(3) Ration allowance at Rs. 3 each	6	0	0
Total ..	18	0	0
II. *Santarpane*	22	0	0
III. *Stationery*	0	8	0
IV. *Miscellaneous.*			
(1) One light	1	0	0
Total per month ..	41	8	0
or per annum ..	498	0	0
(2) Contribution for Muzrai Establishment Fund at 3⅛%	17	4	0
(3) Annual reserve for repairs	36	12	0
Total per annum ..	552	0	0

No. 255-7—Muz. 726-18-2, dated 18th July 1919.

On 30th June 1917, the Chattram had at its credit a sūm of Rs. 1,801-0-10. This amount will have to be fully set apart to meet the cost of the new building which has been completed.

Order No. 255-7—Muz. 726-18-2, dated 18th July 1919.

Government consider the proposals of the Muzrai Superintendent suitable and are pleased to accord sanction to the same.

2. The question of levying a contribution from the funds of this Chattram towards the Muzrai Establishment Fund will be separately considered and orders passed in due course.

Sri Aswatha Narayanaswami Temple, at Mahishi, Tirthahalli Taluk.

No. 279-81—Muz. 728-18-2, dated 18th July 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS **THE MAHARAJA OF MYSORE.**

GENERAL AND REVENUE DEPARTMENTS.

Read—

Note No. C. R. 41, dated 27th May 1919, from the Muzrai Superintendent in Mysore, submitting for sanction, proposals for the revision of the scale of expenditure in the Sri Aswatha Narayanaswami temple at Mahishi, Tirthahalli Taluk, together with his memo thereon, and stating that the proposals were drawn up by Mr. M. Sadasiva Rao, Assistant Secretary, Muzrai Department, after personal inspection and enquiry and in consultation with the local officers and others interested in the institution, that they were further revised by him and that the Deputy Commissioner of the Shimoga District who was consulted as regards their suitability is of opinion that the scale is suitable and may be adopted.

Memorandum.

Revision of the scale of Sri Aswathanarayanaswami temple at Mahishi, Tirthahalli Taluk, Shimoga District.

The average income of the institution is Rs. 1,600 per annum based on the income of the previous five years. The chief source of income is from inam lands which amounts to Rs. 1,236-4-11 per annum consisting of the value of 262 kandies of gutta paddy and Rs. 711-12-11 cash rental. This institution is in receipt of a cash grant of Rs. 145-7-0 per annum and Rs. 71-7-0, Malnad Nagad Inam.

I. Establishment.

The existing establishment costs Rs. 509-10-5 of which Rs. 202-2-5 is cash payment per annum and the remaining Rs. 307-8-0 is the cost of 153¾ kandies of paddy allowed to them. Besides these there are other temple servants who are in the enjoyment of inam lands and rendering services regularly. In the proposed scale, the offices of Parpathegar and Shanbhog are combined to provide for a competent man and "Budabudikey" has been replaced by a Jhadmali. The annual expenditure remains the same under this head.

II. Nityakatle.

A sum of Rs. 90 per annum was being spent hitherto for Neivedya and Nandadeepa at Rs. 60 (cost of 30 kandies of paddy) and Rs. 30 respectively. Cooked food was being prepared in the chattram until its abolition at the beginning of 1917, and since then no Anna Neivedya is being offered. A sum of Rs. 60 at Rs. 5 per mensem is now provided for the purpose. The proposed Nityakatle charges would amount to Rs. 150 as against Rs. 90 of the existing scale.

III. Hetchukatle.

These call for no remark and the existing scale may continue.

IV. Miscellaneous.

Under this head fresh provision is made to meet the annual repairs to the buildings. A sum of Rs. 75 per annum is provided therefor.

This institution can bear a levy of 6¼ per cent on account of contribution to Muzrai Establishment Fund and accordingly a sum of Rs. 100 per annum is set apart for this purpose.

Order No. 279-81—Muz. 728-18-2, dated 18th July 1919.

Government consider the proposals of the Muzrai Superintendent suitable and are pleased to sanction the same.

2. The question of levying a contribution from the temple funds towards the Muzrai Establishment Fund will be separately considered and orders passed thereon in due course.

Sri Aswatha Narayanaswami Temple, at Mahishi, Tirthahalli Taluk.

No. 279-81—Muz. 728-18-2, dated 18th July 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS **THE MAHARAJA OF MYSORE.**

GENERAL AND REVENUE DEPARTMENTS.

Read—

Note No. C. R. 41, dated 27th May 1919, from the Muzrai Superintendent in Mysore, submitting for sanction, proposals for the revision of the scale of expenditure in the Sri Aswatha Narayanaswami temple at Mahishi, Tirthahalli Taluk, together with his memo thereon, and stating that the proposals were drawn up by Mr. M. Sadasiva Rao, Assistant Secretary, Muzrai Department, after personal inspection and enquiry and in consultation with the local officers and others interested in the institution, that they were further revised by him and that the Deputy Commissioner of the Shimoga District who was consulted as regards their suitability is of opinion that the scale is suitable and may be adopted.

Memorandum.

Revision of the scale of Sri Aswathanarayanaswami temple at Mahishi, Tirthahalli Taluk, Shimoga District.

The average income of the institution is Rs. 1,600 per annum based on the income of the previous five years. The chief source of income is from inam lands which amounts to Rs. 1,236-4-11 per annum consisting of the value of 262 kandies of gutta paddy and Rs. 711-12-11 cash rental. This institution is in receipt of a cash grant of Rs. 145-7-0 per annum and Rs. 71-7-0, Malnad Nagad Inam.

I. Establishment.

The existing establishment costs Rs. 509-10-5 of which Rs. 202-2-5 is cash payment per annum and the remaining Rs. 307-8-0 is the cost of 153¾ kandies of paddy allowed to them. Besides these there are other temple servants who are in the enjoyment of inam lands and rendering services regularly. In the proposed scale, the offices of Parpathegar and Shanbhog are combined to provide for a competent man and "Budabudikey" has been replaced by a Jhadmali. The annual expenditure remains the same under this head.

II. Nityakatle.

A sum of Rs. 90 per annum was being spent hitherto for Neivedya and Nandadeepa at Rs. 60 (cost of 30 kandies of paddy) and Rs. 30 respectively. Cooked food was being prepared in the chattram until its abolition at the beginning of 1917, and since then no Anna Neivedya is being offered. A sum of Rs. 60 at Rs. 5 per mensem is now provided for the purpose. The proposed Nityakatle charges would amount to Rs. 150 as against Rs. 90 of the existing scale.

III. Hetchukatle.

These call for no remark and the existing scale may continue.

IV. Miscellaneous.

Under this head fresh provision is made to meet the annual repairs to the buildings. A sum of Rs. 75 per annum is provided therefor.

This institution can bear a levy of 6¼ per cent on account of contribution to Muzrai Establishment Fund and accordingly a sum of Rs. 100 per annum is set apart for this purpose.

Order No. 279-81—Muz. 728-18-2, dated 18th July 1919.

Government consider the proposals of the Muzrai Superintendent suitable and are pleased to sanction the same.

2. The question of levying a contribution from the temple funds towards the Muzrai Establishment Fund will be separately considered and orders passed thereon in due course.

READ—

Note No. C. R. 39, dated 27th May 1919, from the Muzrai Superintendent in Mysore, submitting for sanction, proposals for the revision of the scale of income and expenditure in the Sri Harihareswaraswami temple at Harihar together with his Memorandum thereon, and stating that the proposals were drawn up by him after personal inspection and detailed enquiry, and that the Deputy Commissioner who was consulted in the matter is in general agreement with the proposals and that a few suggestions made by him by way of supplementing the original proposals have also been incorporated as far as possible in the revision proposals.

MEMORANDUM.

Proposals for fixing a revised scale of expenditure in the temple of Sri Harihareswaraswami at Harihar, Davangere Taluk.

The temple of Sri Harihareswaraswami is an important Muzrai Institution with a large circle of devotees both in and outside the State. It is in the enjoyment of a cash grant of Rs. 600 per annum and Inam lands yielding an average income of Rs. 393, a year.

Besides the above there is an average income of a little over Rs. 100, from occasional collections and other miscellaneous sources besides interest earnings from Puduvat and surplus investments made by the Dharmadarsis themselves at somewhat high interest.

In common with other large institutions in the locality, there are other lands granted as Inam for specified services in the temple some of which are not or but perfunctorily performed. These questions require separate enquiry.

The present revision is confined to the income now in the undisputed enjoyment of the temple. The scale in use was sanctioned so far back as 1890, and was confined to the Cash Grant with the result that the other income of the temple from other sources has not been properly accounted for.

Establishment.—Small increases have been allowed to the musicians and a new sweeper provided for. The allowance to shanbhog has been raised to Rs. 20.

Nityakatle.—The allotment has been increased by Rs. 120, due to the high prices of rice and oil. No provision has been made for Pujadravya as this should be provided for by the archak who is in the enjoyment of the Abhisheka Inam.

Hetchukatle.—Under this head all items now met from income of the endowed lands and Puduvat investments have been brought in. On a five years' average an expenditure of Rs. 924-6-2, is being incurred in connection with the Rathotsava which is much beyond the temple resources.

Miscellaneous.—Under this head provision has been made for payment of Kandayam and cesses due to Government. These proposals which result in a total expenditure of Rs. 1,283 a year may be adopted.

General remarks.—There have also been alienations of certain lands endowed to the temple. This will form the subject of a separate reference.

The tariff of fees prescribed for sevas in the temple is pitched too low and is not supported by Government sanction. The accompanying statement shows the revised rate of fees and the portions which should be credited to temple funds.

The temple had a sum of Rs. 1,584-0-8, at its credit on 30th June 1918.

Order No. 391-3—Muz. 729-18-2, dated 31st July 1919.

Government consider the proposals of the Muzrai Superintendent suitable and are pleased to accord sanction to the same.

2. The statement showing the revised rate of fees to be levied for Sevas in the temple is approved.

No. 231-33—Muz. 585-18-2, dated 17th July 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Read—

Note No. R. C. 1283, dated 20th March 1919, from the Muzrai Superintendent in Mysore, submitting for sanction proposals for the revision of the scale of expenditure in the Sri Chamarajeswaraswami temple at Chamrajnagar, together with his Memorandum thereon, and stating that the proposals were drawn up after personal inspection and after making a detailed study of the requirements of the temple on the spot in consultation with the local officers, Dharmadarsis and other devotees and servants of the institution and that the proposals have been concurred in by the Deputy Commissioner of the Mysore District who was consulted in the matter.

MEMORANDUM.

Sri Chamarajeswaraswami temple at Chamrajnagar.

The total income of the temple may be taken to be Rs. 23,295 including the anticipated income of Rs. 3,000 from excise revenue and omitting the income from interest on the invested surplus.

2. The scale of expenditure of the temple was fixed in 1899 and since then some additions have been made from time to time. In view of the prevailing high prices and the additional provision to be made towards the pay of the Peshkar and the Patasala, etc., a revision of the expenditure has been found necessary.

3. The present revision is the result of a detailed study of the requirements of the temple made on the spot in consultation with the local officers, Dharmadarsis and other devotees and servants of the temple. These proposals were also placed formally before a meeting of the Dharmadarsis and generally approved by them.

4. The explanatory notes under each head of expenditure indicate briefly the reasons for the more important of the changes advocated., Advantage of the opportunity has also been taken to revise the distribution of Thatte Anna.

Establishment.

5. In accordance with the Government Order sanctioning the improvement of Peshkari service, a provision of Rs. 40 including pension contributions has been made as against Rs. 20 in the existing scale.

6. The designation of Sheristadar has been changed into that of Parpathegar and he is made directly responsible for the regular conduct of services. The pay of the other two Gumastas has been raised by Rs. 2 each.

7. One Agamik and 6 Archaks have been provided for in the Tasdik Patti of 1899. Now only four men are working exclusive of the Agamik. As four in addition to one Agamik who is also a Swami Sannidhi Archak are said to be sufficient, that number is retained and the other two places abolished. An allowance of Rs. 3 and Rs. 2 now granted to the representatives of these offices will be continued during the life-time of the present recipients. The minimum pay of an Archak has been fixed at Rs. 10.

8. Two new Paricharaks on a pay of Rs. 7 have been added to assist the Archaks in the worship of the Suttalagudi, etc.

9. There was no separate cook for the Sivakoota and an expenditure of Rs. 5 was being incurred out of the grant (Rs. 45) sanctioned for the Patasala in Government Proceedings No. 3384-5—M. F. 230-06, dated 24th January 1908. The services of a whole-time cook are absolutely necessary in view of the increased provision made therefor for feeding a greater number of students and other pilgrims resorting thereto. A provision of Rs. 8 has therefore been made.

10. The appointment of supplying Yagnopavita has been abolished. The Veda Parayana men whose pay has been increased should supply the Yagnopavita required daily by turns obtaining from the temple the cost of the cotton required.

11. An allowance of Rs. 3 has been provided for the Sripada Addika and each one of the Sripada men should by turns be the head of the staff and obtain the allowance. This will be an incentive to good work.

12. The number of Gollas has been reduced to 2 as the original number was unnecessarily large without sufficient work for all of them.

13. Similarly the pay of the Lohar has also been brought under savings.

14. The pay of almost all the servants has been suitably raised and they call for no special remarks. This has resulted in a net increase of Rs. 89 a month in the monthly expenditure.

No. 231-33—Muz. 585-18-2, dated 17th July 1919.

Nityakatle.

15. The items under this head wherein important changes have been made are (2) Panchamrita Abhisheka, (3) Rice for Neivedya, (9 and 10) Deeparadhane, (17) Sivakoota feeding and scholarship to pupils and (18) Patasala.

(2) *Panchamrita.*—At present there is a provision of Rs. 18-8-0, only and this is found inadequate. The provision has therefore been raised to Rs. 60 a month.

(3) *Rice for Neivedya.*—In accordance with the revised scale of distribution of Thatte Anna and on account of the enhanced provision for Dadhyodana, etc., and the rise in the price of rice, a sum of Rs. 180 has been provided as against Rs. 110 in the existing scale.

(9 and 10) *Deeparadhane, etc.*—To meet the rise in the market prices of oil required for Nandadeepas, Deeparadhane and lamps, the provision has been slightly increased.

(17 and 18) *Sivakoota feeding and Patasala.*—The question of making an enhanced grant for the Patasala and the Sivakoota attached to the temple for feeding the outside students studying in the Patasala has been under the consideration of Government since 1916 and the matter has also been pressed in the meetings of the Dasara Representative Assembly. Against a provision of Rs. 12-8-0 for the former and Rs. 45 for the latter a sum of Rs. 70 for feeding in Sivakoota and grant of scholarships to students and Rs. 30 for the Patasala have been provided.

16. A sum of Rs. 15 a month has also been provided for meeting the contingent and other miscellaneous charges.

17. These proposals result in a net increase of Rs. 173 a month over the present expenditure.

Hetchukatle.

18. Under this head increases have been given under all items and only one new item, *i.e.*, Utsava on the Birthday of His Highness the Maharaja has been newly added. The Maha Rathotsava was formerly celebrated on the Janma Nakshatra day of His Highness the late Maharaja Krishnaraja Wodeyar Bahadur III and changed under the impression that it should be celebrated on the Birthday of the Ruling Sovereign. As it is now considered appropriate that the festival should take place as originally fixed, a separate provision of Rs. 80 has now been made for the conduct of Utsava on the Birthday of His Highness the Maharaja.

19. As Trishathi and other Parayanas and the performance of Chandi Homa are a necessary adjunct for the Dasara, the existing provision of Rs. 30 has been raised to Rs. 100. Similarly increases have been allowedunder (9) Rathotsava, (12) Krithikotsava, (14) Aridrotsava, (17) Sivaratri (20) Girija Kalyana and (25) Dhanurmasa in view of the high prices and the greater number of people that congregate on these occasions within recent years.

20. The other items of expenditure call for no special remarks.

21. The Hetchukatle expenses of the Sri Narayana Swami Sannidhi also have been slightly increased.

Miscellaneous.

22. There is no change under this head. The sum of Rs. 1,572 expended on the establishment maintained in the Mysore District Office has been allowed to remain pending the constitution of the Muzrai Establishment Fund and in lieu of it, a percentage contribution may be levied on the total income of the temple which will roughly come up to the charges now being incurred. Thus the total expenditure under all heads in the proposed scale comes to Rs. 19,795 against Rs. 15,745 in the existing scale, leaving a balance of Rs. 3,500 a year for extraordinary calls for expenditure.

Order No. 231-33—Muz. 585-18-2, dated 17th July 1919.

Government consider the proposals of the Muzrai Superintendent suitable and are pleased to accord sanction to the same.

2. The revised list showing the distribution of Thatte Anna in the above temple is also approved.

3. It is observed that the amount now incurred for the Mysore District Office Establishment has been retained pending the constitution of the Muzrai Establishment Fund towards which the amount to be levied from the funds of the temple is roughly estimated at the same sum, *viz.*, Rs. 1,572.

Sri Srikanteswaraswami Temple at Nanjangud.

No. 379-81—Muz. 579-81-2, dated 30th July 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Proceedings No. 493-6—Muz. 17-11-3, dated 27th August 1914, sanctioning a revised scale of expenditure in the Sri Srikanteswaraswami temple at Nanjangud.

(2) Note No. R. C. 1283, dated 20th March 1919, from the Muzrai Superintendent, submitting for sanction proposals for the revision of the scale of expenditure in the above temple together with his explanatory memo thereon, and stating that the proposals were drawn up after personal inspection and detailed enquiry and that the Deputy Commissioner, Mysore District, who was consulted in the matter, is of opinion that the proposals are appropriate and that he has also suggested certain alterations as regards two items.

MEMORANDUM.

Revision of the scale of expenditure of the Sri Srikanteswaraswami temple at Nanjangud.

The total income of the temple may be taken to be Rs. 28,200 including the enhanced gutta from the Heggadahalli lands released this year and omitting the income from interest on Pro-notes amounting to Rs. 480-5-6 per annum. Omitting the cash grant of Rs. 20,127-11-0, the rest of the income is made up of the proceeds from the temple lands and certain minor sources such as Seva fees, Golaka collections, etc. Though the latter is fluctuating, the income from lands may be taken as progressive. Thus the total receipts under all heads may safely be assumed at Rs. 28,200.

2. The scale of expenditure of the temple was last revised in Government Order No. 493-6—Muz. 17-11-3, dated 27th August 1914. Since then, some of the appointments of more or less unessential character have fallen vacant and provision has also to be made for the higher pay of the Peshkar recently sanctioned for the temple. A readjustment of the expenditure under Nityakatle and Hetchukatle has also been found necessary.

3. The present revision is the result of a personal detailed study of the requirements of the temple in consultation with the local officers, Dharmadarsis, leading temple servants and devotees. The proposals were also placed formally before a meeting of Dharmadarsis and generally approved by them.

4. The explanatory memo appended to this indicates briefly the reasons for the more important of the charges advocated. Advantage of the opportunity has also been taken to revise the distribution of Thatte Anna. The last list was drawn up in 1899 and since then owing to vacancies and changes in the office a great deal of irregularity had crept in.

Establishment.

5. A few of the vacant appointments are brought under savings as unnecessary and the pay of some of the under-paid servants suitably raised, leaving the total expenditure under this head almost unchanged.

Nityakatle.

6. In the proposed scale a small reduction of Rs. 24 per mensem is effected under this head by a re-adjustment.

Hetchukatle.

7. A reduction of Rs. 221 is effected under this head by dropping the provision for Dhatrihavana and effecting some minor savings.

Miscellaneous.

8. A provision of Rs. 1,200 is made towards kandayam payable for lands endowed to the temple. The amount which is being paid at present for lands in the temple khate in the Nanjangud and Krishnarajpete Taluks is about Rs. 1,075. An extent of about 21 acres is still to be obtained for the temple to make up the sanctioned extent. Making an allowance for kandayam payable on this extent also a sum of Rs. 1,200 is provided under this head.

9. Thus the total expenditure under all heads in the proposed scale comes to Rs. 25,584 as against Rs. 25,967-4-0 in the existing scale, and saving of about Rs. 2,616 will be effected annually.

10. If out of this, a percentage contribution of 3½ per cent of the total income or Rs. 880 is deducted towards the Muzrai Establishment Fund, there will still be left an annual saving of about Rs. 1,736 for repairs and other unforeseen expenditure. In view, however, of the great demand on the resources of the temple I would recommend that the contribution for the Establishment Fund may be waived and thus make available the whole estimated surplus for the benefit of the temple.

EXPLANATORY MEMORANDUM OF EXPENDITURE PROPOSED.

Establishment.

Savings have been effected under this head both by reduction of hands and by abolition of posts as unnecessary. The strength of the establishment in the existing scale has been reduced by 19 and the savings effected thereby is as detailed below:—

22.	Do	1	0	0
	Total ...	63	6	8
	Total increase ...	77	14	8

The reasons for the change may be briefly stated thus :—

Peshkar.—In accordance with the Government Order sanctioning the improvement of Peshkari service, a provision of Rs. 65 including pension contributions has been made under this item as against Rs. 33-5-4 in the existing scale.

Shanbhogs and Parpathegar.—The pay of the two shanbhogs who keep the Jinasi and Joksa accounts and the Volagudi Parpathegar who looks to the regular conduct of service has been raised by Re. 1, annas 12 and Rs. 3, respectively.

Archak.—Six archaks are said to be absolutely necessary for "Shatkala" puje. The minimum pay of an archak has been fixed at Rs. 8. Those who draw more than this sum will continue to draw their existing pay.

Sthanik.—One of the three Sthaniks is doing duty as Parpathegar. It is represented that two men are sufficient for the discharge of the duties and as the third is not desirous of keeping his connection with the office, the third post will be abolished. A slight increase by Re. 1 in pay is given to the remaining two men.

Krishnanjinapatti and Kamati Mutgaddi.—As the Barawardar of these two duties is unwilling to do the work and is doing the work of Gumasta, these services which are unnecessary are abolished.

Sahasranama.—Actually only four are doing the work. Two of the posts, the number of which now stands at six will be abolished.

Srigandha.—Of the six baravards for this service, only three men are actually doing the work. One of them is now acting in two other vacant offices and drawing the pay in full for all. The number is therefore reduced by two and the remaining men doing service are given an increase of Re. 1 each.

Kavals.—Similarly two of the Kavals are dispensed with.

Jadmalis.—Three of the vacant posts are brought under savings and the pay of the remaining servants increased by 1 rupee each.

Shekdar.—A higly paid Peshkar who will look after the management of the temple properties is now appointed. The service of a separate Shekdar on Rs. 10 is, therefore, omitted as unnecessary. Practically he is doing very little work in the way of managing the lands. Arrangements will be made to absorb him is the Muzrai re-organization.

The other posts abolished are all vacant and unnecessary.

Peon.—At present two of the kavalgars are being used to do the out-door work of peons. As this is objectionable, one peon is appointed on Rs. 6 to attend exclusively to out-door work.

Kamati Kumki and Sweeper.—The work of keeping the out-skirts of the temple clean and doing odd jobs of work is being done by a Panchama and his work is said to be very satisfactory though he only gets a few Tatte Annas. Provision for this work is therefore made in the scale.

Swastivachane.—There are five men for Swastivachane and this number is found insufficient. The number has been raised to 8 which will do for the present.

Increments have been given to a few who were found to be insufficiently paid under the existing circumstances.

II. Nityakatle.

The important items under this head wherein changes have been made are (1) Tatte Anna, (2) Diparadhane and (3) Sivakuta.

No. 379-81—Muz. 579-81-2, dated 30th July 1919.

Tatte Anna.—In accordance with the revised scale of distribution of Tatte Anna, a provision of Rs. 245 is made as against the provision of Rs. 272 in the existing scale.

Diparadhane.—To meet the rise in the market prices of oil required for Nandadipas and lamps, the provision under this item is increased by Rs. 18 per month.

Sivakuta.—The average expenditure during the last two years under this item has been less than the amount sanctioned. The pay of the Sivakuta cook Paricharak has also been included in the temple establishment charges. Consequently the provision of Rs. 250 under this item is reduced by Rs. 25 a month.

III. Hetchukatle.

Under this head an increase of Rs. 20 has been provided under Kartika Diparadhane, Rs. 33 under Hiretirunal Rathotsava and Rs. 5 under Chittanakshatra. But the provision of Rs. 150 under Dhatrihavana is omitted as the "Havana" santarpane has really nothing to do with the temple worship and even, as it is, the provision is considered to be insufficient and giving rise to dissatisfaction. A few minor items, such as Jalakridotsava and Saityopachara are omitted as unnecessary and practically now fallen into desuetude. The provisions under eclipses and contingencies are dropped here as provisions for the same have been made elsewhere.

Distribution of Tatte Anna.

The principle on which the distribution of Tatte Anna is proposed to be made will be clear from the comparative statement put up. The authorised distribution was fixed in the year 1899, for a quantity of 410½ Annas at a monthly cost of Rs. 272.

Of these 378 Tatte Annas were being distributed to non-Lingayat servants of the temple, 20 Annas as remuneration for certain extra services for which nopay was fixed and 12 Annas to certain pious nehimidars.

Subsequently some of these services, such as lamp-lighting, Tunbe Huvvina Shanbhogi and Tafe and nehimis fell vacant and the allotment of Annas due to them were utilised to give additional remuneration to a few of the hard worked but under-paid services.

In the proposed scale of distribution the revision of 1899 is adhered to as far as possible, some re-adjustments being made to arrive at some degree of uniformity. It is proposed to consume 50 seers of rice daily and make the quantity into 400 Thatte Annas at 8 to a seer, distribute 388 according to the list and reserve 12 for distribution to non-Brahmin, desantries. In the absence of Desantries, these 12 Annas may be given away to the poor of the place present at the time in the temple. The total cost provided therefore at Rs. 15 per palla of rice is Rs. 245 per mensem or Rs. 27 per month less than the provision in the last scale.

Order No. 379-81—Muz. 579-81-2, dated Bangalore, the 30th July 1919.

The final proposals of the Muzrai Superintendent in which are incorporated the alterations suggested by the Deputy Commissioner are sanctioned. The distribution list of Thatte Annas submitted by the Muzrai Superintendent is also approved.

2. It is observed that no percentage contribution from the income of this institution is proposed to be levied towards the Muzrai Establishment Fund, on the ground that the institution cannot afford to pay a charge of the kind in view of its extensive requirements. The proposed exemption is approved, subject, however, to reconsideration when the financial condition of the temple should improve.

No. P. W. 78-125—B. 308-355, DATED 8TH JULY 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

PUBLIC WORKS DEPARTMENT.

Order No. P. W. 78-125—B. 308-355, dated 8th July 1919.

It is observed by Government that repairs to Civil Buildings have been very much neglected in the past.

2. The limits of annual allowance prescribed for both ordinary and special repairs to a building, are ordinarily half and one per cent, respectively, of the initial cost, and even this provision is not utilized in many departments; and Government have reason to believe that many buildings, hospitals, dispensaries, schools and public offices, etc., have not received due attention with a view to proper maintenance, for a long period.

3. The annual expenditure incurred on the repair and maintenance of all classes of buildings during the past five years has been Rs. 1,12,000 on an average. This is apparently too low a sum for a large number of buildings to be dealt with. Moreover, there seems to have been no uniformity in the matter of distributing the amount, nor have all buildings in the State received an equal amount of attention. In order that the needful periodical repairs may be regularly carried out to each building in proper time, it is necessary to allot some amount annually for this purpose. The amount to be expended will depend on various factors such as, the importance of the building, the locality in which it is situated, etc. It should, however, be possible to arrive at a certain proportion which the cost of repairs should bear on the capital outlay.

4. A larger provision is considered necessary if the buildings are to be maintained in a state of proper repair. The amount to be provided for the purpose in future will, therefore, be fixed at 2½ lakhs for the buildings now in existence.

5. To ensure that each building receives its due share of attention, this amount of Rs. 2½ lakhs will be distributed to all the buildings in the State in proportion to the capital value of the buildings concerned.

6. All works will be carried out by the Public Works Department, except in the case of buildings under the control of Deputy Commissioners and other Civil Officers. In such cases, those works only for which the repair allotments provided amount to Rs. 250 and under, will be carried out by those officers; all other works of that class, for which the repair allotment exceeds Rs. 250, being carried out by the Public Works Department.

7. In order to fix the amount to be allotted to each department or the rate for different classes of buildings, a list will be prepared forthwith by all the departments concerned showing the capital cost of every building under their control and the annual cost of maintenance. The Chief Engineer is requested to take early action in the matter and submit the list for the information of Government.

8. The Chief Engineer and other Heads of Departments to whom a distribution of the allotment of 2½ lakhs will be made according to the list mentioned in paragraph 7 above, are requested to submit a half-yearly statement of the progress of works under maintenance and to see that adequate and effective arrangements are made to utilize the allotments in full under proper scrutiny.

Re-distribution of Sub-Division charges in the Public Works Divisions.

No. P. W. 212-36—E. 649-73, dated 14th July 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

PUBLIC WORKS DEPARTMENT

Read—

Note No. D. 607, dated 14th May 1919, by the Secretary to Government, Public Works Department, on the re-distribution of the Sub-Division charges in the Public Works Divisions.

Order No. P. W. 212-36—E. 649-73, dated 14th July 1919.

There are at present a large number of Public Works Sub-Divisions with the result that even Sub-Overseers have to be placed in charge of them. This has led to increase of office work and decrease of attention to the works themselves in the Sub-Divisions. With a view to remedy these defects, it is proposed—

(1) to redistribute the Sub-Division charges as shown in the statement attached ;

(2) to place an Assistant Engineer or a Senior Sub-Assistant Engineer in charge of each Sub-Division; and

(3) to post an Upper Subordinate or a Senior Sub-Overseer to each taluk for direct charge of large and important works.

2. Government agree that it is very necessary that men in charge of Sub-Divisions should be officers and not Upper Subordinates and approve of the proposals embodied in the statement (attached). Supervisors may, however, be posted to temporary charges or to special works.

3. The clerical establishment that will become available by reason of the reduction in the number of Sub-Division charges may be posted to the Sub-Divisions and Divisions according to requirements, so that the strain thrown on each Sub-Division, which will be large in extent, and the office also, may be eased.

S. CADAMBI,
Secy. to Govt., P. W. D.

The Revenue Secretary to Government.

PUBLIC WORKS DEPARTMENT.

READ—

(1) Public Works Secretary's notes ending with No. D. 148, dated the 12th February 1919, submitting proposals for the abolition of the Irrigation Division and the constitution of a Channels Division with headquarters at French Rocks.

(2) P. W. No. 874—E. 4116, dated the 1st March 1919, from the Secretary to Government, Public Works Department, to the Executive Engineer, Irrigation Division, notifying the abolition of the Irrigation Division at the end of June 1919.

(3) Letter No. 933-4405, dated the 10th April 1919, to the Chief Engineer on Special Duty, Cauvery Valley Irrigation, enquiring whether No. V Division at Yedatore may be converted into a Channels Division from 1st July 1919.

(4) Letter No. C. 255, dated the 23rd May 1919, from the Chief Engineer, Cauvery Valley Irrigation, formulating proposals in connection with the new Channels Division at French Rocks and recommending that the Yedatore Division may be continued for another year from 1st July 1919.

(5) Letter No. 714, dated the 30th May 1919, from the same officer, stating that the project work of the High Level canal may be expected to be completed by the end of June 1919, and that No. III Survey Division at French Rocks may also be closed till the construction of the High Level canal work is taken up, but that Mr. K. V. Desikacharya, Executive Engineer, may be placed in charge of the Channels Division, as he will be able to work out the further details of distribution, etc., of the High Level canal.

Order No P. W. 258-66—E. 760-68, dated 16th July 1919.

Since the abolition, in July 1908, of the Channels Division at French Rocks, the charge of the Mysore Division has been considered too extensive to be managed satisfactorily and efficiently by one Executive Engineer. The Secretary, Public Works Department, proposed at first to revive the Public Works Division at French Rocks and to call it the "Channels Division." The object of this proposal was to entrust to the new Division the duties of (1) maintaining all the important river channels in the Mysore District, (2) attending to the tank works in the channel area and (3) undertaking fresh investigations to extend the irrigation possibilities in the tract. It was also intended to add to this Division for management the new channels that are being opened out in the Krishnarajasagara Circle. In this view, the Chief Engineer, Cauvery Valley Irrigation, was consulted and he was of opinion that there was urgent need for the constitution of a Channels Division at French Rocks. It was also suggested that the present No. V Division, Krishnarajasagara Works, with its headquarters at Yedatore might be converted into another Channels Division, so that all the channels, both old and new, might be properly worked under a consistent policy.

2. The Chief Engineer, Cauvery Valley Irrigation, subsequently reported that the extensions of the channels in Yedatore would not be completed by the end of June 1919, as works to the extent of Rs. 1,85,289 still remained to be taken up and completed during 1919-20, and that the existing No. V Division at Yedatore might therefore be continued for another year.

3. In these circumstances, Government are pleased to sanction the constitution of one Channels Division with headquarters at French Rocks, with four Sub-Divisions attached thereto, from 1st July 1919, together with the establishment as detailed in the statement attached. This new Division will be placed under the control of the Chief Engineer, Cauvery Valley Irrigation.

4. Besides the usual maintenance and regulation works of the channels appended to this order, the duties of the new Division will comprise the following:—

(*a*) remodelling and improving the old channels below the Krishnarajasagara Reservoir to secure a higher duty of water ;

(*b*) remodelling the distributary system for proper distribution ; and

No. P. W. 258-66—E. 760-68, DATED 16TH JULY 1919.

(*c*) managing the block system of irrigation and development of sugarcane cultivation under the reservoir.

5. The cost of the Engineer establishment, employed on the sugarcane development scheme below the Krishnarajasagara, was hitherto debited to the Irrigation Division. As that Division is now abolished, the cost of the establishment will hereafter be debited to the Krishnarajasagara Works in the same manner as the cost of the Revenue establishment employed on the sugarcane development scheme. The charges incurred on the Engineer establishment, which were debited to the Irrigation Division till now, will be written back to the capital and revenue accounts of the Krishnarajasagara Works.

6. Orders have already issued in the Public Works Department abolishing the Irrigation Division. Government direct that the present temporary Division for the High Level Canal Surveys at French Rocks be also abolished and the sundry items of work still remaining to be done be completed by the Executive Engineer of the new Channels Division.

7. The continuance of the Yedatore Division for another year from 1st July 1919 is also sanctioned.

Constitution of a separate Sanitary Circle of Superintendence.

No. P. W. 361-410—E. 1247-96, DATED 26TH JULY 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

PUBLIC WORKS DEPARTMENT.

READ—

Public Works Secretary's Note, dated the 10th February 1919, submitting proposals to reorganise the Circles of Superintendence and to form a separate Sanitary Circle for the preparation and execution of water-supply, drainage projects, etc.

Order No. P. W. 361-410—E. 1247-96, dated 26th July 1919.

The Southern Circle is, at present, in charge of Mr. J. Bhore in addition to his duties as Sanitary Engineer. Mr. Bhore has specialised in Sanitary Engineering, and his services have been mostly in that direction. The combined charge is, however, considered too heavy for that officer and he cannot be expected to do full justice to both the important and large building works, Architectural designs, Irrigation Works and roads in the Southern Circle, as well as the increasing demand for scientific drainage and water-supply schemes throughout the whole State. There have been delays therefore in developing schemes of water-supply and drainage, due mainly to the fact that the Superintending Engineer cannot devote the time and attention necessary for their initiation and proper scrutiny.

2. Government have been anxious that a separate agency, solely responsible for water-supply and drainage schemes in the State, should be created with a suitable staff, so that the long delay, inevitable under the existing conditions, in their preparation and submission, may be avoided.

3. The Secretary, Public Works Department, has accordingly submitted proposals for the constitution of a separate Sanitary Circle to be placed under an officer with the rank and powers of a Superintending Engineer, and for the reorganization of the existing two Circles of Superintendence in such a manner that they may be more suitable, geographically compact, and administratively efficient.

4. After a careful consideration of the proposals, Government are pleased to sanction:—

(*a*) the formation of a separate Superintending Engineer's Circle for Sanitary Works for the whole State with headquarters at Bangalore ; and

(*b*) the posting of Mr. J. Bhore, Superintending Engineer, for the charge of that Circle.

5. To fill up the vacancy caused by the transfer of Mr. J. Bhore to the Sanitary Circle, Government are pleased to appoint Rai Sahib R. A. Srinivasa Ayyangar, B.A., B.C.E. (Executive Engineer, Madras Public Works Department), Superintending Engineer, on a pay of Rs. 1,000+Rs. 250, personal allowance, for a period of three years. He will draw travelling allowances at the rates admissible to Superintending Engineers (Local) and will be subject to the leave rules laid down in the Mysore Service Regulations.

6. Separate orders will issue regarding the jurisdiction of the three Circles of Superintendence and the establishment to be given to them.

Railway Secretary's Note No. 684, dated the 30th May 1919, soliciting sanction to raise the limit of advances to Contractors in the Tramways Division from Rs. 50 to Rs. 200 and to the payment of an advance of Rs. 500 to Contractor Mr. Ranjit Singh, as a special case.

Order No. R. S. 65-68—Ry. F. 94 G.-19-28, dated 10th July 1919.

The rules under which advances to contractors may be given and adjusted are contained in paras 301 to 305 of the State Railway Construction Code. As a special case the limit up to which advances may be given to contractors in the Tramway Division is raised to Rs. 200, subject to Engineer-in-Chief's (Agent's) sanction in each case. The arrangement should not continue longer than is absolutely necessary for the proper progress of the works in question.

2. The payment of an advance of Rs. 500 to Contractor Ranjit Singh is sanctioned, as a special case, subject to the conditions in para 305 of the State Railway Construction Code.
